**The Call of The Wild (Annotated)** Jack London, 2021-04. The Call of The Wild By Jack London. The Call of the Wild is a novel by American writer Jack London. The plot concerns a previously domesticated and even somewhat pampered dog named Buck whose primordial instincts return after a series of events finds him serving as a sled dog in the treacherous, frigid Yukon during the days of the 19th century Klondike Gold Rushes. Published in 1903, The Call of the Wild is one of London's most read books and it is generally considered one of his best. Because the protagonist is a dog, it is sometimes classified as a juvenile novel suitable for children, but it is dark in tone and contains numerous scenes of cruelty and violence. London followed the book in 1906 with *White Fang*, a companion novel with many similar plot elements and themes as *The Call of the Wild*, although following a mirror image plot in which a wild wolf becomes civilized by a mining expert from San Francisco named Weedon Scott.

*The Call of the Wild By Jack London (Annotated)* Jack London, 2020-05-04. The world's best-loved children's stories, set in large type for easy reading, Buck, a powerful young dog, is snatched away from an easy life in California and transported to the Far North. The Klondike, at the turn of the century, is filled with greedy prospectors for gold, wild Indians, and savage wolves. Buck becomes a sled dog and must learn cunning and toughness to survive. Trained by a master he comes to love, Buck becomes the strongest and fiercest sled dog in all of Alaska. But deep inside, Buck feels the urge to be free of man's rule and to heed the call of the wild. Extraordinary for the vividness of the description and the success with which it imagines life from a non-human perspective, Jack London's classic of children's literature is one of the greatest and most popular animal stories ever written.
