"101 Probing Questions...101 Compassionate and Scriptural Answers "from" Focus on the Family's Mike Haley" Almost daily we hear news reports that confirm the acceptance of homosexuality in our culture. Homosexuals are adopting children, appearing as characters on television programs, taking vacations catering to an exclusively gay clientele, and even seeking the right to "marry" their partners. But is this acceptance healthy for society Few topics can raise so many questions so quickly. And for many readers, those questions hit close to home as they learn of the homosexuality of a loved one or close friend. Here are the answers to the most often asked questions about homosexuality,

fielded by an expert on the subject...and a former homosexual himself. For centuries, the life of Jesus Christ has divided human history into two eras: the before and the after. Who He is, what He said, what He did, and what was done to Him--these are, without a doubt, among the most dissected, discussed and debated subjects ever. Jesus fielded many questions. Some were from sincere seekers of truth; others were from devious manipulators of truth: "Which is the great commandment in the Law?" "What must I do to inherit eternal life?" "Why do your disciples break the tradition?" "Who gave you this authority?" Often, Jesus answered a question with a question. Jesus' skill went beyond rhetoric to challenge ideas, inflame faith, and spur action. Jesus asked the rich young ruler, "Why do you call me good?" When questioned about taxes, Jesus held up a coin and asked, "Whose likeness and inscription is this?" Before revealing His divine identity to the disciples, He asked them, "Who do you say I

am?" The answer to that question makes all the difference. This book is full of questions about Jesus. The answers are based on what Jesus said about Himself and what the Holy Spirit inspired the biblical writers to record. All the answers you need are right here. As a species, we may not agree on much, but one thing brings us all together: a need to know. We all wonder, and deep down we all have the same big questions. Why can't I travel back in time? Where did the universe come from? What's inside a black hole? Can I rearrange the particles in my cat and turn it into a dog? Every person in the world has felt the influence of the Holy Spirit at one time or another. For some, it's the conviction of sin and righteousness and judgment (John 16:8). For others, it's the comfort, guidance, and strength He gives. To some, the Spirit is as mysterious and unknowable as a night wind passing through the treetops. To others, He is as close and inviting as a friend across the table. But even those who know the Holy Spirit personally have questions about Him. As Oswald Chambers said, The Spirit is the first power we

practically experience, but the last power we come to understand. That's the reason for this book. What gifts does the Spirit give? How can I be filled with the Spirit? Will the Spirit ever leave me? We've received all these questions and more since GotQuestions.org was founded in 2002. To find the answers, we opened the Bible, the one book inspired by the Holy Spirit Himself. In searching the Scriptures, we learn of the Spirit's nature, His work, and His will. May the Holy Spirit use the questions and answers in this volume to increase your awareness of His presence, encourage your heart, and empower your faith. comprehensive guide to International Financial Reporting Standards (IFRS) which became mandatory in the EU in 2005, and they will almost certainly be adopted by most other developed countries in the near future. Unlike US-GAAP and other sets of standards, the IFRS are principles-based rather than rules-based, putting the onus of interpretation more on users than has previously been the case. Under IFRS users must understand the economic substance of operations, and they must be able to make assumptions, hypotheses, and estimations leading to an accounting treatment consistent with the general objectives of and principles behind IFRS financial reporting. In a handy, easy-to-navigate Q&A format, *Frequently Asked Questions on IFRS* provides accounting and finance professionals with the answers to some of the most commonly asked questions on the new standards. Covering the often complicated areas of accounting for financial instruments, tangible and intangible assets, provisions, and

revenue recognition, the book also contains a valuable overview of the standards and the thinking behind them. Includes a comprehensive section on the new IFRS for small and medium enterprises Contains real-world examples from financial reports; a glossary of commonly used terms; and a 'Test Your Knowledge' section Provides a simple way to get up to speed on these often confusing, principles-based standards The second edition of this textbook has been fully updated to provide trainees with a revision guide to assist with preparation for practical examinations in orthopaedics.
