Once Dead Richard Phillips

Once Dead Richard Phillips, 2014 Jack Gregory the CIA's top assassin went rogue after a mission gone wrong. When a confrontation leaves him bleeding out on death's doorstep, he is faced with an offer from a dark figure named Anchanchu. If Jack is willing to act as a human host for Anchanchu, the entity will revive him and give him another shot at life. Jack takes the deal, but he must now face the consequences of having the same dark creature in his head as some of history's greatest villains. Struggling with desires and memories that are not his own, Jack is not the man he once was. One year later, he is known internationally as The Ripper, an assassin for hire, and is faced with having to wrest control of his dark compulsions while preventing a nuclear attack on the United States.

A Captain's Duty Richard Phillips, Stephan Talty, 2010-04-06 I share the country's admiration for the bravery of Captain Phillips and his selfless concern for his crew. His courage is a model for all Americans. President Barack Obama: It was just another day on the job for fifty-three-year-old Richard Phillips, captain of the Maersk Alabama, the United States flagged cargo ship which was carrying among other things food and agricultural materials for the World Food Program. That all changed when armed Somali pirates boarded the ship. The pirates didn't expect the crew to fight back, nor did they expect Captain Phillips to offer himself as a hostage in exchange for the safety of his crew. Thus began the tense five-day stand-off which ended in a daring high-seas rescue when U.S. Navy SEALs opened fire and picked off three of the captors. It never ends like this, Captain Phillips said. And he's right. A Captain's Duty tells the life and death drama of the Vermont native who was held captive on a tiny lifeboat off Somalia's anarchic, gun-plagued shores. A story of adventure and courage, it provides the intimate details of this high-seas hostage-taking: the unbearable heat, the death threats, the mock executions, and the escape attempt. When the pirates boarded his ship, Captain Phillips put his experience into action, doing everything he could to safeguard his crew. And when he was held captive by the pirates, he marshaled all his resources to ensure his own survival, withstanding intense physical hardship and an escalating battle of wills with the pirates. This was it: the moment where training meets instinct and where character is everything. Richard Phillips was ready.

The Second Ship Richard Phillips, 2009-05 On the evening of July 3rd, 1947, two starships battled in the night sky over the American Southwest, sending both ships crashing into the high desert. One of these ships was quickly discovered near Roswell, New Mexico, and spirited away; its existence officially denied by the US Government. In August of 2006, three high school students accidentally discover something which leaves them entangled in a dark web of international espionage and intrigue. Pursued by government agents and mercenary killers, they stumble upon something far more terrifying. Now their only hope of survival may lie within.

The Second Ship **Wormhole** Richard Phillips, 2012 When the Rho Project's lead scientist, Dr. Donald Stephenson, is imprisoned for his crimes against humanity, the world dares to hope the threat posed by the Rho Project's alien technologies is finally over. The world is wrong. In Switzerland, scientists working on the Large Hadron Collider have

discovered a new threat a scientific anomaly capable of destroying the earth and only Rho Project technology can stop it In exchange for a full pardon Dr Stephenson agrees to create a wormhole that will send the anomaly into deep space But his promise masks the alien agenda that brought the Rho Ship to earth Now a trio of altered humans Heather McFarland and Mark and Jennifer Smythe must infiltrate Stephenson s wormhole project and stop it no matter the cost The ultimate battle has begun and this time mankind cannot afford to lose The final installment to Richard Phillips s Rho Agenda trilogy brings the epic tale to an explosive conclusion that will echo long past the final page These Last Days Richard Davis Phillips, Gabriel N. E. Fluhrer, 2011 Specifically it is about the present evil age that we live in right now For many Christians the expression these last days refers to the time right before the second coming of Christ but according to the apostles the last days started with the first coming of Christ and continue even today **The Operator** Robert O'Neill, 2017-04-25 This instant New York Times bestseller a jaw dropping fast paced account New York Post recounts SEAL Team Operator Robert O Neill s incredible four hundred mission career including the attempts to rescue Lone Survivor Marcus Luttrell and abducted by Somali pirates Captain Richard Phillips and which culminated in the death of the world s most wanted terrorist Osama bin Laden In *The Operator* Robert O Neill describes his idyllic childhood in Butte Montana his impulsive decision to join the SEALs the arduous evaluation and training process and the even tougher gauntlet he had to run to join the SEALs most elite unit After officially becoming a SEAL O Neill would spend more than a decade in the most intense counterterror effort in US history For extended periods not a night passed without him and his small team recording multiple enemy kills and though he was lucky enough to survive several of the SEALs he d trained with and fought beside never made it home Impossible to put down *The Operator* is unique surprising a kind of counternarrative and certainly the other half of the story of one of the world s most famous military operations In the larger sense this book is about how to be human while in the very same moment dealing with death destruction combat Doug Stanton New York Times bestselling author O Neill describes the nonstop action of his deployments in Iraq and Afghanistan evokes the black humor of years long combat brings to vivid life the lethal efficiency of the military s most selective units and reveals details of the most celebrated terrorist takedown in history This is a riveting unvarnished and wholly unforgettable portrait of America s most storied commandos at war Joby Warrick A Beautiful Blue Death Charles Finch, 2007-06-26 Equal parts Sherlock Holmes and P G Wodehouse Charles Finch s debut mystery *A Beautiful Blue Death* introduces a wonderfully appealing gentleman detective in Victorian London who investigates crime as a diversion from his life of leisure Charles Lenox Victorian gentleman and armchair explorer likes nothing more than to relax in his private study with a cup of tea a roaring fire and a good book But when his lifelong friend Lady Jane asks for his help Lenox cannot resist the chance to unravel a mystery Prudence Smith one of Jane s former servants is dead of an apparent suicide But Lenox suspects something far more sinister murder by a rare and deadly poison The grand house where the girl worked is full of suspects and though Prue had dabbled with the hearts of more than a few

men Lenox is baffled by the motive for the girl's death. When another body turns up during the London season's most fashionable ball, Lenox must untangle a web of loyalties and animosities. Was it jealousy that killed Prudence Smith? Or was it something else entirely? And can Lenox find the answer before the killer strikes again, this time disturbingly close to home?

"Surely You're Joking, Mr. Feynman!": Adventures of a Curious Character Richard P. Feynman, 2018-02-06 One of the most famous science books of our time, the phenomenal national bestseller that buzzes with energy, anecdote, and life. It almost makes you want to become a physicist. Science Digest. Richard P. Feynman, winner of the Nobel Prize in physics, thrived on outrageous adventures. In this lively work that can shatter the stereotype of the stuffy scientist, Detroit Free Press Feynman recounts his experiences trading ideas on atomic physics with Einstein and cracking the uncrackable safes guarding the most deeply held nuclear secrets and much more of an eyebrow-raising nature. In his stories, Feynman's life shines through in all its eccentric glory: a combustible mixture of high intelligence, unlimited curiosity, and raging chutzpah. Included for this edition is a new introduction by Bill Gates.

Already Dead Charlie Huston, 2007-12-18 Those stories you hear. The ones about things that only come out at night. Things that feed on blood, feed on us. Got news for you, they're true. Only it's not like the movies or old man Stoker's storybook. It's worse. Especially if you happen to be one of them. Just ask Joe Pitt. There's a shambler on the loose. Some fool who got himself infected with a flesh-eating bacteria is lurching around trying to munch on folks' brains. Joe hates shamblers, but he's still the one who has to deal with them. That's just the kind of life he has. Except afterlife might be better. Word. From the Battery to the Bronx and from river to river, Manhattan is crawling with Vampyres. Joe is one of them, and he's not happy about it. Yeah, he gets to be stronger and faster than you, and he's tough as nails and hard to kill. But spending his nights trying to score a pint of blood to feed the Vyrus that's eating at him isn't his idea of a good time. And Joe doesn't make it any easier on himself. Going his own way, refusing to ally with the Clans that run the undead underside of Manhattan, it ain't easy. It's worse once he gets mixed up with the Coalition, the city's most powerful Clan, and finds himself searching for a poor little rich girl who's gone missing in Alphabet City. Now the Coalition and the girl's high society parents are breathing down his neck, anarchist Vampyres are pushing him around, and a crazy Vampyre cult is stalking him. No time to complain, though. Got to find that girl and kill that shambler before the whip comes down, and before the sun comes up.

Punk Is Dead Richard Cabut, Andrew Gallix, 2017-10-27 This original collection of insight, analysis, and conversation charts the course of punk from its underground origins, when it was an unformed and utterly alluring near secret, through its rapid development. Punk is Dead: Modernity Killed Every Night takes in sex, style, politics, and philosophy, filtered through punk experience, while believing in the ruins of memory to explore a past whose essence is always elusive.
