Riding Moon Cycles Moon Days Laraine Mesavage,2016-11-10 Today we walk a different path Let us set aside the work of the day and talk of real things Come walk the path through gentle ferns across the bridge and through the mists Come inside linger awhile and savor a soothing drink We ll sit back in our cozy chairs sink into the cushions and feel safely wrapped in a warm cocoon of peace The busy world is far away In here the fire is welcoming and warm In summer we ll move to the porch and sip on a cool tea or refreshing lemonade Tuck your feet up under you or put them up on the soft upholstered stool It s time to weigh and ponder and contemplate the moon For a few precious moments we ll stop the frantic pace From this place of quiet reflection we ll gaze softly past the curtains or across the porch and look beyond into the other realm that no one else can touch We ll talk of silent thoughts and quiet hopes and inner wonderings We ll whisper about the personal Of important thoughts inside We ll share the moon s illumination and talk about the truth within Find comfort when you re troubled and cheers for when you win On days when you slump with disappointment you ll find a sympathetic ear When your heart aches we ll find out why When emptiness creeps upon your doorstep we ll open the door to balance On other days you ll get a gentle push to a new start When you feel purged and cleansed we ll face the unknown abyss with faith in the possible Lie down under the apple tree and absorb the magic of the apple blossoms When drunken cries of victory fill your heart with gladness we ll dance with gratitude and joy Close your hands around your cup and enjoy the view from this gentle shelter Your joys and pains and secret thoughts are honored equally here Every day for every moon we ll peek beyond and choose the view that you want to see And the one you need to see Some moons we ll laugh and sing and others cry and howl You you are the oracle dear one Let us remember Explore the mysteries within Let us recall the wisdom hidden inside our guts buried in our hearts waiting to be revealed in a bubble of illumination Ride the moon days Reach deep Find the source of long forgotten memories and soar to the heights of your own truth Self knowledge Asking the right question What will you do when you get the thing that you say you want The answers are inside waiting to be unlocked each day The adventure begins No matter what any moon brings you ll find a welcome here
