All the techniques you need to become an expert navigator. "Rules and Procedures for Aviators, U.S. Department of Transportation, From Titles 14 and 49 of the Code of Federal Regulations"--Cover. Celestial navigation can be a daunting and intimidating subject for some to learn. There are many comprehensive books on the subject which I recommend, but the beginning student can be overwhelmed by the vast amount of information in these texts. To initially learn celestial navigation, sometimes less is more. By clearing a path through the esoteric details and providing just enough information with concise explanations, simple visual aids and examples, learning celestial navigation becomes easier and more enjoyable. The goal of this booklet is to serve as a launch pad into the subject which may be all that many yachtsmen need. For those who want to learn more, this booklet will prepare you for more in-depth studies. Includes full-color 3-D illustrations. Forward by John Kretschmer
