Kabbalah and Meditation for the Nations Yitshak Ginzburg,2007 Ours is the first generation in modern times to understand the truly universal human condition and to seek to bring all peoples of the earth together in peace and harmony We are the first generation to truly understand that we are faced with the challenge of either inhabiting our planet harmoniously or not inhabiting it at all Filling our future is the fundamentalism that threatens to pit one religion against another But our different relationships and understandings of G d should not be the reason for conflict but the source of goodwill in building our relationships with one another and our ability to understand others The covenant with the Jewish people was not the first made between the Almighty and mankind Before the revelation at Mt Sinai G d commanded Adam and then made a covenant with Noah giving them the guidelines for the universal religion of mankind The most well known part of this covenant is the seven universal commandments or the Seven Noahide Laws For this reason Judaism and Jews do not proselytize but rather seek to guide the nations of the world in developing their own relationship with the Almighty and implementing these potentially unifying laws of basic human nature This book offers you a glimpse into the tremendous mystical power and meaning of G d s covenant with humanity and the Seven Noahide Laws as explained in Kabbalah It focuses on their spiritual and inner dimensions and inspires a deeper look at our best hope for achieving world peace and a better future for all beings

The Book of Genesis for Bible Classes and Private Study Samuel Alfred Browne Mercer, 1919

The Jewish Gospel of John Eli Lizorkin-Eyzenberg, 2016-01-06 The Jewish Gospel of John is not by any standard another book on Jesus of Nazareth written from a Jewish perspective It is an invitation to the reader to put aside their traditional understanding of the Gospel of John and to replace it with another one more faithful to the original text perspective The Jesus that will emerge will provoke to rethink most of what you knew about this gospel The book is a well rounded verse by verse illustrated rethinking of the fourth gospel Here is the catch instead of reading it as if it was written for 21 century Gentile Christians the book interprets it as if it was written for the first century peoples of ancient Israel The book proves what Krister Stendahl stated long time ago Our vision is often more abstracted by what we think we know than by our lack of knowledge Other than challenging the long held interpretations of well known stories the author with the skill of an experienced tour guide takes us to a seat within those who most probably heard this gospel read in the late first century Such exploration of variety of important contexts allows us to recover for our generation the true riches of this marvelous Judean gospel A genuine apologetic is one that is true to the texts and the history akin to the speeches of a defense attorney with integrity Using the best of contemporary scholarship in first century Judaic history and contributing much of his own Dr Eli Lizorkin Eyzenberg has demonstrated that the Gospel of John is not an anti Jewish but a thoroughly Jewish book Daniel Boyarin Hermann P and Sophia Taubman Professor of Talmudic Culture University of California Berkeley Dr Lizorkin Eyzenberg places the text of John's Gospel in its authentic context by examining the Dead Sea Scrolls Philo rabbinic literature and suggesting innovative explanations for the nomenclature the Jews His fresh analysis is sure to stir meaningful debate His creative approach will make an enduring contribution to the discipline of New Testament studies Brad Young Professor of Biblical Literature in Judeo Christian Studies Oral Roberts University For some time research on the Gospels has suffered from stagnation and there is a feeling that there is not much new that one can say In light of this Dr Eli Lizorkin Eyzenberg's new commentary on the Gospel of John with its original outlook on the identity of the original audience and the issues at stake is extremely refreshing Ishay Rosen Zvi Head of the Talmud and Late Antiquity Department Tel Aviv University

Who is This King of Glory? Alvin Boyd Kuhn, 2007-09 This book reveals that much of Christianity and its beliefs had originated in ancient Egypt rather than the Middle East The author presents us with how where and why many spiritual Egyptian beliefs were adopted into Christian form and accepted as history as opposed to being carried over in their original mythological form Kuhn states The gospels are not and never were histories They are now proven to have been cryptic dramas of the spiritual evolution of humanity and of the history of the human soul in its earthly tabernacle of flesh For Christianity to be expressed in the way it was first intended as experienced during the first two centuries of its existence one must first acknowledge its pagan roots This is too much of a leap for most people but they have not read this book The author reveals how things were altered in the third century by the existing priesthood and why
