The Power to Make Choices. Education in "Educating Rita" by Willy Russell Karo Kant,2012-03-23 Seminar paper from the year 2011 in the subject Literature General grade 3 0 University of Kassel course Literaturwissenschaften Education and Drama language English abstract Surrounded by traditions and habits of mind and action working class people have never received the chance to realize their potential The working class is defined by the relation of the status to manual occupations and limits economic standing as well as cultural ties and shared views Roberts 3 4 The people s life therefore is prefabricated and follows strict traditions and habits When Roberts says that working class women had learned when young that their place was in the home and that it was accepted by all that the ultimate responsibility for the home was theirs Roberts 125 it becomes obvious that for example the women s task is restricted to the kitchen work the household and to raising the children Women know from their childhood that to fulfill these tasks is their destiny and because of missing possibilities and the argument of traditional habits hardly lots of women and men are trying to escape from these circumstances Traditions and conventions in this context can also be seen as external influences that restrains individuality Being a member of the working class means contribution and passing on a tradition Furthermore working class members feel a certain kind of repletion according to material needs which keeps them from changing the status quo Status quo should be defined as the situation as it is now or as it was before Oxford 1500 Being different from somebody else i e in this case from the community is not accepted A person always has to be a member of the group and act like one whereas individuality is deprecated by the others Kugler Euerle 92 Since education is seen as useless and in contrast to the conventions educated people distinguish themselves from the community as a whole The following will be focused on the term Education and the implication of escaping from the boundaries of working class members to achieve independence and individuality The convictions and the strength to put up with the strain of traditions and conventions will be exemplified through Educating Rita by Willy Russell
