Local Fields and Their Extensions: Second Edition Ivan B. Fesenko, S. V. Vostokov, 2002-07-17 This book offers a modern exposition of the arithmetical properties of local fields using explicit and constructive tools and methods It has been ten years since the publication of the first edition and according to Mathematical Reviews 1 000 papers on local fields have been published during that period This edition incorporates improvements to the

first edition with 60 additional pages reflecting several aspects of the developments in local number theory The volume consists of four parts elementary properties of local fields class field theory for various types of local fields and generalizations explicit formulas for the Hilbert pairing and Milnor groups of fields and of local fields The first three parts essentially simplify revise and update the first edition The book includes the following recent topics Fontaine Wintenberger theory of arithmetically profinite extensions and fields of norms explicit noncohomological approach to the reciprocity map with a review of all other approaches to local class field theory Fesenko s class field theory for local fields with perfect residue field simplified updated presentation of Vostokov s explicit formulas for the Hilbert norm residue symbol and Milnor groups of local fields Numerous exercises introduce the reader to other important recent results in local number theory and an extensive bibliography provides a guide to related areas

Mammals and Birds as Bioindicators of Trace Element Contaminations in Terrestrial Environments Elżbieta Kalisińska,2019-03-01 The population explosion that began in the 1960s has been accompanied by a decrease in the quality of the natural environment e g pollution of the air water and soil with essential and toxic trace elements Numerous poisonings of people and animals with highly toxic anthropogenic Hg and Cd in the 20th century prompted the creation of the abiotic environment mainly in developed countries However the system is insufficient for long term exposure to low concentrations of various substances that are mainly ingested through food and water This problem could be addressed by the monitoring of sentinels organisms that accumulate trace elements and as such reflect the rate and degree of environmental pollution Usually these are long lived vertebrates herbivorous omnivorous and carnivorous birds

and mammals especially game species This book describes the responses of the sentinels most commonly used in ecotoxicological studies to 17 trace elements Topological Modular Forms Christopher L. Douglas, John Francis, André G. Henriques, Michael A. Hill, 2014-12-04 The theory of topological modular forms is an intricate blend of classical algebraic modular forms and stable homotopy groups of spheres The construction of this theory combines an algebro geometric perspective on elliptic curves over finite fields with techniques from algebraic topology particularly stable homotopy theory It has applications to and connections with manifold topology number theory and string theory This book provides a careful accessible introduction to topological modular forms After a brief history and an extended overview of the subject the book proper commences with an exposition of classical aspects of elliptic cohomology including background material on elliptic curves and modular forms a description of the moduli stack of elliptic curves an explanation of the exact functor theorem for constructing cohomology theories and an exploration of sheaves in stable homotopy theory There follows a treatment of more specialized topics including localization of spectra the deformation theory of formal groups and Goerss Hopkins obstruction theory for multiplicative structures on spectra The book then proceeds to more advanced material including discussions of the string orientation the sheaf of spectra on the moduli stack of elliptic curves the homotopy of topological modular forms and an extensive account of the construction of the spectrum of topological modular forms The book concludes with the three original pioneering and enormously influential manuscripts on the subject by Hopkins Miller and Mahowald **Reforms, Opportunities, and Challenges for State-Owned Enterprises** Edimon Ginting, Kaukab Naqvi, 2020-07-01 State owned enterprises SOEs play significant roles in developing economies in Asia and SOE performance remains crucial for economy wide productivity and growth This book looks at SOEs in Azerbaijan Indonesia Kazakhstan the People s Republic of China and Viet Nam which together present a panoramic view of SOEs in the region It also presents insights from the Republic of Korea on the evolving role of the public sector in various stages of development It explores corporate governance challenges and how governments could reform SOEs to make them efficient drivers of the long term productivity induced growth essential to Asia s transition to high income status *Honda TRX420 Rancher 2007-2014* Editors of Haynes Manuals, 2015-08-15 TRX420FA Rancher 2009 2014 TRX420FE Rancher 2007 2013 TRX420FGA Rancher 2009 2011 TRX420FM Rancher 2007 2013 TRX420FPA Rancher 2009 2014 TRX420FPE Rancher 2009 2013 TRX420FPM Rancher 2009 2013 TRX420TE Rancher 2007 2013 TRX420TM Rancher 2007 2013 TROUBLESHOOTING LUBRICATION MAINTENANCE AND TUNE UP ENGINE TOP END ENGINE LOWER END CLUTCH AND EXTERNAL SHIFT MECHANISM TRANSMISSION AND INTERNAL SHIFT MECHANISM FUEL EMISSION CONTROL AND EXHAUST SYSTEMS ELECTRICAL SYSTEM COOLING SYSTEM WHEELS TIRES AND DRIVE CHAIN FRONT SUSPENSION AND STEERING REAR SUSPENSION BRAKES BODY AND FRAME COLOR WIRING DIAGRAMS Transitions to Alternative Vehicles and Fuels National Research Council, Division on Engineering and Physical Sciences, Board on Energy and Environmental Systems, Committee on Transitions to Alternative Vehicles and
