Feb 15 2022 THE INSTANT NEW YORK TIMES BESTSELLER • One of USA Today's Best Books of 2020 "A haunted house story—with a twist....[Sager] does

not hold back" (Rolling Stone) in this chilling thriller from the author of *Final Girls* and *Survive the Night*. Every house has a story to tell and a secret to share. Twenty-five years ago, Maggie Holt and her parents moved into Baneberry Hall, a rambling Victorian estate in the Vermont woods. Three weeks later they fled in the dead of night, an ordeal her father recounted in a memoir called *House of Horrors*. His story of supernatural happenings and malevolent spirits became a worldwide phenomenon, rivaling *The Amityville Horror* in

popularity—and skepticism. Maggie was too young to remember any of the horrific events that supposedly took place, and as an adult she doesn't believe a word of her father's claims. Ghosts, after all, don't exist. When she inherits Baneberry Hall after his death and returns to renovate the place and sell it, her homecoming is anything but warm. The locals aren't thrilled that their small town has been made infamous, and human characters with starring roles in *House of Horrors* are waiting in the shadows. Even more unnerving is Baneberry Hall itself—a place where unsettling whispers of the past

lurk around every corner. And as Maggie starts to experience strange occurrences ripped from the pages of her father's book, the truth she uncovers about the house's dark history will challenge everything she believes.

Here If You Need Me Nov 14 2021
Ten years ago, Kate Braestrup and her

husband Drew were enjoying the life they shared together. They had four young children, and Drew, a Maine state trooper, would soon begin training to become a minister as well. Then early one morning Drew left for work and everything changed. On the very roads that he protected every day, an oncoming driver lost control, and Kate lost her husband. Stunned and grieving, Kate decided to continue her husband's dream and became a minister herself. And in that capacity she found a most unusual mission: serving as the minister on search and rescue missions in the Maine woods, giving comfort to

people whose loved ones are missing, and to the wardens who sometimes have to deal with awful outcomes. Whether she is with the parents of a 6-year-old girl who had wandered into the woods, with wardens as they search for a snowmobile rider trapped under the ice, or assisting a man whose sister left an infant seat and a suicide note in her car by the side of the road, Braestrup provides solace, understanding, and spiritual guidance when it's needed most. Here if You Need Me is the story of Kate Braestrup's remarkable journey from grief to faith to happiness. It is dramatic, funny,

deeply moving, and simply unforgettable, an uplifting account about finding God through helping others, and the tale of the small miracles that occur every day when life and love are restored.

When the Stars Go Dark Apr 19 2022 NEW YORK TIMES BESTSELLER • GOOD MORNING AMERICA BUZZ PICK • “A total departure for the author of *The Paris Wife*, McLain’s emotionally intense and exceptionally well-written thriller entwines its fictional crime with real cases.”—People (Book of the Week) NAMED ONE OF THE BEST BOOKS OF THE YEAR BY

MARIE CLAIRE • “The kind of heart-pounding conclusion that thriller fans crave . . . In the end, a book full of darkness lands with a message of hope.”—The New York Times Book Review “This mystery will keep you guessing, and stay with you long after you finish. Dive in.”—Daily Skimm Anna Hart is a seasoned missing persons detective in San Francisco with far too much knowledge of the darkest side of human nature. When tragedy strikes her personal life, Anna, desperate and numb, flees to the Northern California village of Mendocino to grieve. She lived

there as a child with her beloved foster parents, and now she believes it might be the only place left for her. Yet the day she arrives, she learns that a local teenage girl has gone missing. The crime feels frighteningly reminiscent of the most crucial time in Anna's childhood, when the unsolved murder of a young girl touched Mendocino and changed the community forever. As past and present collide, Anna realizes that she has been led to this moment. The most difficult lessons of her life have given her insight into how victims come into contact with violent predators. As Anna becomes obsessed with saving the

missing girl, she must accept that true courage means getting out of her own way and learning to let others in. Weaving together actual cases of missing persons, trauma theory, and a hint of the metaphysical, this propulsive and deeply affecting novel tells a story of fate, necessary redemption, and what it takes, when the worst happens, to reclaim our lives—and our faith in one another.

Now Jessica's plan of attack must change -- but how can she defeat someone who can predict her every move?

Mrs. Dubose's Last Wish Dec 08 2023

The main thesis of this book, I suppose, is that while 99% of the world tries to avoid suffering, the most successful people and people that will

be remembered for generations to come, not only choose to suffer, but embrace it fully, often asking for more. Suffering is not for the faint of heart, but neither is anything that leads to something truly meaningful.

Through my usual use of literature historical figures, scripture, popular music, and popular movies, and my own personal experiences, I try to not only encourage you, the reader, to choose to suffer as I have said in the paragraph below, but also to embrace it. Malcom Gladwell once said, "good writing does not succeed or fail on the strength of its ability to persuade. It succeeds or fails on the strength of

its ability to engage you, to make you think, to give you a glimpse into someone else's head." I hope I achieved this throughout the pages of Mrs. Dubose's Last Wish. **Blue Blooded** May 09 2021 Fight to win. Jessica McClain is on the hunt for her destiny. She arrives in Baltimore to find that her quest has reached a dead end and only a note remains. Forced to do as it says, or die, Jessica and her crew must head overseas. They arrive to discover Julian de Rossi, the Mediterranean Pack Alpha, is double dealing with a powerful goddess and Tally is still missing. With help from a divine

source, they engage in an all out war—one that must end in a sacrifice. But is Jessica ready to pay the ultimate price?

thrilled to begin a new adventure in the mountains. Little do they know that their lives are about to change forever. As soon as Henry and Haley are introduced to the diverse group of mysterious characters that inhabit the small town of Bonners Ferry, they learn of a tragedy hundreds of years ago that spawned the kind of legend that has always kept the locals wary and suspicious. from a fate worse than death, they soon uncover not only the secrets of the past, but also the mission of evil beings determined to win at all cost. BESTSELLER “I can see this book helping estranged parties who are equally invested in bridging a gap—it could be assigned reading for

fractured families aspiring to a harmonious Thanksgiving dinner.” —New York Times “Like all skills, these techniques take practice. But anyone who sincerely wants to bridge the gaps in understanding will appreciate this book. Guzmán is emphatic about making an effort to work on difficult conversations.” —Manhattan Book Review We think we have the answers, but we need to be asking a lot more questions. Journalist Mónica Guzmán is the loving liberal daughter of Mexican immigrants who voted—twice—for Donald Trump. When the country

could no longer see straight across the political divide, Mónica set out to find what was blinding us and discovered the most eye-opening tool we're not using: our own built-in curiosity. Partisanship is up, trust is down, and our social media feeds make us sure we're right and everyone else is ignorant (or worse). But avoiding one another is hurting our relationships and our society. In this timely, personal guide, Mónica, the chief storyteller for the national cross-partisan depolarization organization Braver Angels, takes you to the real front lines of a crisis that threatens to grind

America to a halt—broken conversations among confounded people. She shows you how to overcome the fear and certainty that surround us to finally do what only seems impossible: understand and even learn from people in your life whose whole worldview is different from or even opposed to yours. Drawing from cross-partisan conversations she's had, organized, or witnessed everywhere from the echo chambers on social media to the wheat fields in Oregon to raw, unfiltered fights with her own family on election night, Mónica shows how you can put your natural sense of

wonder to work for you immediately, finding the answers you need by talking with people—rather than about them—and asking the questions you want, curiously. In these pages, you'll learn: How to ask what you really want to know (even if you're afraid to) How to grow smarter from even the most tense interactions, online or off How to cross boundaries and find common ground—with anyone Whether you're left, right, center, or not a fan of labels: If you're ready to fight back against the confusion, heartbreak, and madness of our dangerously divided times—in your own life, at

least—Mónica’s got the tools and fresh, surprising insights to prove that seeing where people are coming from isn’t just possible. It’s easier than you think.

The Case for Marriage Feb 27 2023 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-

marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more

money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. “A compelling defense of a sacred union. The Case for Marriage is well

written and well argued, empirically rigorous and learned, practical and commonsensical.” -- William J. Bennett, author of The Book of Virtues “Makes the absolutely critical point that marriage has been misrepresented and misunderstood.” -- The Wall Street Journal www.broadwaybooks.com

Segregation by Design Dec 16 2021 Segregation by Design draws on more than 100 years of quantitative and qualitative data from thousands of American cities to explore how local governments generate race and

class segregation. Starting in the early twentieth century, cities have used their power of land use control to determine the location and availability of housing, amenities (such as parks), and negative land uses (such as garbage dumps). The result has been segregation - first within cities and more recently between them. Documenting changing patterns of segregation and their political mechanisms, Trounstein argues that city governments have pursued these policies to enhance the wealth and resources of white property owners at the expense of people of color and

the poor. Contrary to leading theories of urban politics, local democracy has not functioned to represent all residents. The result is unequal access to fundamental local services - from schools, to safe neighborhoods, to clean water.

Race, Place, and

Risk Apr 07 2021

Based on data from some of the larger black communities in the U.S., this book shows the impact of both individual and environmental influences on black homicide. While it primarily addresses black-on-black homicide, its purpose is to illustrate the effect of the environment on increasing the likelihood of

victimization. Race, Place, and Risk demonstrates how changes in the urban economy during the past twenty-five years have played a major role in elevating the risk of victimization in large urban communities and in altering the structure of victimization as well.

Body Work Jan 17 2022 AN INSTANT NATIONAL BESTSELLER
Memoir meets craft master class in this “daring, honest,

psychologically insightful” exploration of how we think and write about intimate experiences—“a must read for anybody shoving a pen across paper or staring into a screen or a past” (Mary Karr) In this bold and exhilarating mix of memoir and master class, Melissa Febos tackles the emotional, psychological, and physical work of writing intimately while offering an utterly fresh examination of the storyteller’s life and the questions which run through it. How might we go about capturing on the page the relationships that have formed us? How do we write about our bodies,

their desires and traumas? What does it mean for an author’s way of writing, or living, to be dismissed as “navel-gazing”—or else hailed as “so brave, so raw”? And to whom, in the end, do our most intimate stories belong? Drawing on her own path from aspiring writer to acclaimed author and writing professor—via addiction and recovery, sex work and academia—Melissa Febos has created a captivating guide to the writing life, and a brilliantly unusual exploration of subjectivity, privacy, and the power of divulgence. Candid and inspiring, *Body Work* will empower readers and writers

alike, offering ideas—and occasional notes of caution—to anyone who has ever hoped to see themselves in a story.

[Blacks and the Quest for Economic Equality](#) Mar 31

2023 The civil rights movement of the 1960s improved the political and legal status of African Americans, but the quest for equality in employment and economic well-being has lagged behind. Blacks are more than twice as likely as whites to be employed in lower-paying service jobs or to be unemployed, are three times as likely to live in poverty, and have a median household income barely half of that for white

households. What accounts for these disparities, and what possibilities are there for overcoming obstacles to black economic progress? This book seeks answers to these questions through a combined quantitative and qualitative study of six municipalities in Florida. Factors impeding the quest for equality include employer discrimination, inadequate education, increasing competition for jobs from white females and Latinos, and a lack of transportation, job training, affordable childcare, and other sources of support, which makes it difficult for blacks to compete

effectively. Among factors aiding in the quest is the impact of black political power in enhancing opportunities for African Americans in municipal employment. The authors conclude by proposing a variety of ameliorative measures: strict enforcement of antidiscrimination laws; public policies to provide disadvantaged people with a good education, adequate shelter and food, and decent jobs; and self-help efforts by blacks to counter self-destructive attitudes and activities.

Contemporary Family Law Sep 05 2023 This popular family law casebook engages students by presenting core family law doctrine while exploring significant transformations in American families and cutting-edge policy debates. It highlights the important role of constitutional law-- and other areas of state and federal law--in shaping family law. The book invites students to consider questions of family definition and governmental regulation of families in light of family law's

purposes. It charts family law's evolving approach to adult-adult and parent-child (and other caretaker-dependent) relationships, emphasizing that contemporary families take a variety of forms. The Sixth Edition updates all chapters to reflect the latest family law developments, such as the legal treatment of nonmarital families (including plural relationships) and nonbiological parenting as well as recent Supreme Court decisions. It integrates material previously covered in separate chapters on ethical issues in family law practice and jurisdiction into the contexts in which

they arise, such as divorce, child custody, and division of marital property. The Sixth Edition has new material highlighting the intersection of family law with race, gender, class, immigration, sexual orientation, and gender identity. As with previous editions, the casebook contains ample problems for students to apply doctrine to realistic factual contexts and highlights practical dynamics of family law practice. The 6th edition: Thoroughly examines the impact of recent Supreme Court cases on family law, including *Dobbs v. Jackson Women's Health* Organization (and

provides teachers with shorter and longer versions of that case), and *Golan v. Saada* Includes attention to the role of race and racism in laws that shape and regulate the family, with case law addressing marriage, divorce, and inheritance rights of formerly enslaved persons and a post-*Loving v. Virginia* case challenging the continued requirement that couples disclose race on a marriage license Provides a restructured chapter on the legal consequences of marriage, spousal roles within marriage, and the gender revolution within family law and related fields Includes new

developments on marriage requirements, including state minimum age laws and common-law marriage rules, and addresses First Amendment challenges, post-*Masterpiece Cakeshop*, to civil marriage equality and state antidiscrimination laws Includes new coverage of the intersection of immigration and family law Addresses changes in legal approaches to nonmarital families, including multi-adult domestic partnerships and the Uniform Cohabitants' Economic Remedies Act Provides updated treatment of custody and parenting time

issues, including parenting gender-expansive children Provides a restructured chapter on intimate partner violence (IPV), including updates on various factors impacting IPV and shifting gun control statutes and caselaw affecting civil protection orders Provides new consideration of child support issues, including joint custody and subsequent families Provides revised problems in anticipation of the NextGen Bar Exam **A Bad Boy for Christmas** Nov 07 2023 *Tis the Season to Be Naughty* Connor McClain knows what he wants. The people of Mide have always been safe because of Ciara's unearthly ability to control her enemies' minds and actions. But lately a mysterious crow has been appearing to Ciara, whispering warnings of an even darker threat. Although her clansmen dismiss her visions as pagan nonsense, Ciara fears this coming evil will destroy not just Éirinn but the entire world. Then the crow leads Ciara to Leif, a young Northman

leader. Leif should be Ciara's enemy, but when Ciara discovers that he, too, shares her prophetic visions, she knows he's something more. Leif is mounting an impressive army, and with Ciara's strength in battle, the two might have a chance to save their world. With evil rising around them, they'll do what it takes to defend the land they love...even if it means making the greatest sacrifice of all.

Taste Makers: Seven Immigrant Women Who Revolutionized

Food in America
Aug 24 2022 A New York Times Editors' Choice pick Named a Best Book of the Year by NPR, Los Angeles Times, Vogue, Wall Street Journal, Food Network, KCRW, WBUR Here & Now, Emma Straub, and Globe and Mail One of the Millions's Most Anticipated Books of 2021 America's modern culinary history told through the lives of seven pathbreaking chefs and food writers. Who's really behind America's appetite for foods from around the globe? This group biography from an electric new voice in food writing honors seven extraordinary women, all immigrants, who

left an indelible mark on the way Americans eat today. Taste Makers stretches from World War II to the present, with absorbing and deeply researched portraits of figures including Mexican-born Elena Zelayeta, a blind chef; Marcella Hazan, the deity of Italian cuisine; and Norma Shirley, a champion of Jamaican dishes. In imaginative, lively prose, Mayukh Sen—a queer, brown child of immigrants—reconstructs the lives of these women in vivid and empathetic detail, daring to ask why some were famous in their own time, but not in ours, and why others shine brightly even today.

Weaving together histories of food, immigration, and gender, Taste Makers will challenge the way readers look at what's on their plate—and the women whose labor, overlooked for so long, makes those meals possible.
