Stats: Data and Models, Global Edition Paul Velleman, Richard D. De Veaux, David E. Bock, 2016-09-29 Richard De Veaux Paul Velleman and David Bock wrote Stats Data and Models with the goal that students and instructors have as much fun reading it as they did writing it. Maintaining a conversational, humorous, and informal writing style, this new edition engages students from the first page. The authors focus on statistical thinking throughout the text and rely on technology for calculations. As a result, students can focus on developing their conceptual understanding. Innovative Think Show Tell examples give students a problem-solving framework and, more importantly, a way to think through any statistics problem and present their results. The full text is downloaded to your computer. With eBooks, you can search for key concepts, words, and phrases, make highlights, and take notes as you study; share your notes with friends. eBooks are downloaded to your computer and are accessible either offline through the Bookshelf (available as a free download) or available online and also via the iPad and Android apps.
