**Master Singers** Donald George, Lucy Mauro, 2015 There is often a dichotomy between the academic approach to singing that voice students learn in the studio and what professional singers do on the operatic and concert stage Great singers at the top of the performing profession achieve their place with much analysis and awareness of their technique art interpretation and stagecraft that goes far beyond academic study and develops over years of experience exposure and the occasional embarrassing error *Master Singers* brings these insights to the student teacher and emerging professional singer giving them many needed signs and signals along the road to achieving their own artistry and established career Through interviews with some of today's most accomplished and renowned concert and operatic singers including Stephanie Blythe David Daniels Joyce DiDonato Denyce Graves Thomas Hampson Jonas Kaufmann Simon Keenlyside and Ewa Podles *Master Singers* provides vocalists making the transition from student to professional with indispensable advice on matters ranging from technique and its practical application for effective stage projection to the practicalities of the business of professional singing and maintaining a career to recommendations for vocal hygiene and longevity in singing Rather than relying on a traditional one singer at a time structure Donald George and Lucy Mauro distill answers to a range of essential probing questions into a thematic approach creating not a standard interview book but a true reference for emerging professional singers An indispensable resource and reliable guide *Master Singers* will find its place on the bookshelf of singers of this generation and the next

Luxury Arts of the Renaissance Marina Belozerskaya,2005-10-01 Today we associate the Renaissance with painting sculpture and architecture the major arts Yet contemporaries often held the minor arts gem studded goldwork richly embellished armor splendid tapestries and embroideries music and ephemeral multi media spectacles in much higher esteem Isabella d Este Marchesa of Mantua was typical of the Italian nobility she bequeathed to her children precious stone vases mounted in gold engraved gems ivories and antique bronzes and marbles her favorite ladies in waiting by contrast received mere paintings Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components paintings and sculptures in modest materials although discussed by some literati were of lesser consequence This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as decorative or minor arts extravagant trinkets of the rich unworthy of the status of Art Then by re-examining the objects themselves and their uses in their day she shows how sumptuous creations constructed the world and taste of Renaissance women and men **The Routledge**
