Theory Essentials for Today's Musician (Textbook) Aug 23 2023 Theory Essentials for Today's Musician offers a review of music theory that speaks directly and engagingly to modern students. Rooted in the tested pedagogy of Theory for Today's Musician, the authors have distilled and reorganized the concepts from the thirty-three chapters of their original textbook into twenty-one succinct, modular chapters that move from the core elements of harmony to further topics in form and 20th-century music. A broad coverage of topics and musicals styles—including examples drawn from popular music—is organized into four key parts: Basic Tools Chromatic Harmony Form and Analysis The 20th Century and Beyond Theory Essentials features clear and jargon-free (yet rigorous) explanations appropriate for students at all levels, ensuring comprehension of concepts that are often confusing or obscure. An accompanying workbook provides corresponding exercises, while a companion website presents streaming audio examples. This concise and reorganized all-in-one package—which can be covered in a single semester for a graduate review, or serve as the backbone for a briefer undergraduate survey—provides a comprehensive, flexible foundation in the vital concepts needed to analyze music. Understanding Basic Music Theory Mar 06 2022 The main purpose of the book is to explore basic music theory so thoroughly that the interested student will then be able to easily pick up whatever further theory is wanted. Music history and the physics of sound are included to the extent that they shed light on music theory. The main premise of this course is that a better understanding of where the basics come from will lead to better and faster comprehension of more complex ideas. It also helps to remember, however, that music theory is a bit like grammar. Catherine Schmidt-Hones is a music teacher from Champaign, Illinois and she has been a pioneer in open education since 2004. She is currently a doctoral candidate at the University of Illinois in the Open Online Education program with a focus in Curriculum and Instruction.
