Social Problems John J. Macionis,2010 Macionis s Social Problems is the only social problems text that explains how society frames social problems and solutions through politics The text analyzes social issues and policies using the concepts of sociological theory and the everyday language of politics This text helps students understand the attitudes and values that define the political spectrum in the United States Once students know how social problems are defined by our society through politics and how the policies to solve these problems are developed students are able to become involved in solving social problems through activism and political involvement **Psychology: The Science of Mind and Behaviour 8th**

Edition Richard Gross,2020-07-27 Build a solid foundation for students to develop the skills and knowledge they need to progress with the updated edition of Richard Gross s best selling introduction to Psychology This 8th edition of Psychology The Science of Mind and Behaviour is the essential guide to studying Psychology helping over half a million students during its 30 years of publication Easily access psychological theories and research with user friendly content and useful features including summaries critical discussion and research updates Develop evaluative skills with new evaluation boxes encouraging students to put classic and contemporary studies into context Consolidate understanding by identifying common misconceptions Stay up to date with revised content and the latest psychological research Understand the research process with updated contributions from leading Psychologists including Elizabeth Loftus Alex Haslam and David Canter

Observing Ourselves Earl Babbie,2015-01-29 Is it possible for human beings to study other humans as scientifically as physicists and microbiologists study inorganic matter cells and tissue According to Dr Babbie one of the most recognized names in applied sociology the social scientist must understand more than just the methodology involved in research Babbie s conviction that the power of social research lies more in the realm of questions than in the realm of answers prompted him to compose fifteen short essays addressing some of the fundamental philosophical and methodological issues involved in the scientific study of human beings **American Resistance** Dana R. Fisher,2019-11-05 Since Donald Trump s first day in office a large and energetic grassroots Resistance has taken to the streets to protest his administration s plans for the United States Millions marched in pussy hats on the day after the inauguration outraged citizens flocked to airports to declare that America must be open to immigrants masses of demonstrators circled the White House to demand action on climate change and that was only the beginning Who are the millions of people marching against the Trump administration how are they connected to the Blue Wave that washed over the U S Congress in 2018 and what does it all mean for the future of American democracy American Resistance traces activists from the streets back to the communities and congressional districts around the country where they live work and vote Using innovative survey data and interviews with key players Dana R Fisher analyzes how Resistance groups have channeled outrage into activism using distributed organizing to make activism possible

by anyone from anywhere whenever and wherever it is needed most Beginning with the first Women s March and following the movement through the 2018 midterms Fisher demonstrates how the energy and enthusiasm of the Resistance paid off in a wave of Democratic victories She reveals how the Left rebounded from the devastating 2016 election the lessons for turning grassroots passion into electoral gains and what comes next American Resistance explains the organizing that is revitalizing democracy to counter Trump s presidency *Marriages and Families* Nijole Vaicaitis Benokraitis,1999 This textbook introduces students to the study of marriage and the family in ways they can easily relate to The text gives equal and balanced attention to people of all racial ethnic and other societal groups and treats a variety of lifestyles with equal attention The author focuses on the way families are changing and acknowledges the constraints that families face today

Sociology Robert J. Brym,Lance W. Roberts,Lisa Strohschein,2018-01-22 A compelling design research focus and an engaging narrative defines Sociology Compass for a New Social World The renowned author team shows students how thinking sociologically can help them draw connections between themselves and the social world Sociological concepts are clearly connected to students interests and experiences by taking universal and popular elements of contemporary culture and rendering them sociologically relevant This text devotes more space than others do to drawing connections between objectivity and subjectivity in research presenting a more realistic and therefore more exciting account of how sociologists practise their craft Tables and graphs are not simply referred to they are analyzed Some theories are rejected while others are endorsed The author team brings depth to issues of diversity and globalization using personal and research experiences
