Remembered Self Jefferson A. Singer, Peter Salovey, 2010-06-15 A theory for psychologists on the role of memory in personality psychology In The Remembered Self Jefferson A. Singer and Peter Salovey persuasively argue that memories are an important window into one's life story revealing characteristic moods, motives, and thinking patterns. Through experimental evidence, clinical case material, and examples from literature, the authors offer a fresh perspective on the role of memory in personality and clinical psychology. Unlike the conventional psychoanalytic approach to memory which concentrates on what is forgotten, Singer and Salovey treat memory in a new and different way with an emphasis on what is remembered. Theirs is a bold new theory of memory and self that is both comprehensive and accessible.

Tennessee Williams' Plays Judith J. Thompson, 2002 This book identifies a recurrent structural pattern in Tennessee Williams' plays that lends organic integrity to their evocations of memory, myth, and symbol. Judith J. Thompson examines the evolution of a pattern of mythic recollection and existential reenactment in seventeen Williams' plays from its most successful realization in *The Glass Menagerie* through *The Night of the Iguana* to its parody in *A Lovely Sunday for Creve Coeur* and explores the significance of the pattern to Williams' larger than life size characters, his nostalgic ambience, and his tragicomic vision. By reference to Jungian psychology, existentialist philosophy, and Northrop Frye's schema of literary archetypes, this critical study demonstrates how Williams' drama imparts mythic significance to modern secular experience.

Tennessee Williams's World of Southern Descendants. On the Depiction of Women in his Plays Marta Zapala-Kraj, 2019-06-04 Research Paper, postgraduate from the year 2018 in the subject American Studies Literature grade 5.0 Jan Kochanowski University of Humanities and Sciences in Kielce language English abstract. This work is concerned with the depiction of women in Tennessee Williams' plays: Victims or manipulative creatures, Shy and innocent or seductive and well aware of their potential. What is the picture of Tennessee Williams' women? The author has chosen two plays, *The Glass Menagerie* and *Cat on a Hot Tin Roof* to help with analysis of this question. Indeed, a pure rhetorical analysis of his work that does not take into consideration the biographical aspects of Williams' characters and therefore cannot demonstrate the fullness of those characters, it also cannot expect to accurately determine the message that the playwright sends us through those characters. What is also typical for Williams' heroines is that they are not able to deal with their past; the problems of their history are growing stronger and are rooted in their everyday life. Consequently, those women of various ages are stuck with the life in a state of current crisis. The hopelessness and the mediocrity of the characters in Williams' *The Glass Menagerie* is caused by a serious breach between the characters' feelings and their ability to verbalize the emotions. The women that parade in the pages of this thesis, Laura, Amanda, Maggie, and even Big Mama and Mae are
