Principles of Accounting Volume 1 - Financial Accounting Mitchell Franklin, Patty Graybeal, Dixon Cooper, 2019-04-11 The text and images in this book are in grayscale A hardback color version is available Search for ISBN 9781680922929 Principles of Accounting is designed to meet the scope and sequence requirements of a two semester accounting course that covers the fundamentals of financial and managerial accounting This book is specifically designed to appeal to both accounting and non accounting majors exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields Each chapter opens with a relatable real life scenario for today's college student Thoughtfully designed examples are presented throughout each chapter allowing students to build on emerging accounting knowledge Concepts are further reinforced through applicable connections to more detailed business processes Students are immersed in the why as well as the how aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization

Accounting and Business Ethics Ken McPhail, Diane Walters, 2009-06-02 Despite the enormous impact of various accounting scandals on the accounting profession the general malaise amongst the profession more broadly and the significant legislative and institutional reforms that have taken place as a result there are still surprisingly few textbooks on accounting ethics This concise introductory text takes a broad view of ethics and accounting taking into account contemporary social trends such as globalization and terrorism Rather than delineating codes of professional conduct this text pushes the reader towards an understanding of the nature of ethical dilemmas and the factors that influence the ways in which accountants frame ethical questions The book is divided into two parts The first part focuses on developing thinking about the different kinds of ethical questions that could be posed

in relation to accounting The second part focuses more explicitly on accounting practice exploring the ethical function of accounting in relation to the market economy ethics in relation to the accounting profession and the ethics of the international accounting harmonization project Accounting and Business Ethics is a compact introduction aimed at both students and practitioners who want to understand more about the ethics of accounting *Introduction to Agricultural Accounting* Barbara M. Wheeling, 2008 Introduction to Agricultural Accounting offers an approach for compiling and analyzing accounting information specific to agricultural operations Unlike typical accounting books this text addresses the issues and situations unique to the agricultural industry and offers relevant examples of accounting applied to agricultural operations The accounting procedures offered build on current practice in agriculture Cash basis accounting prevalent in many farm operations is explained in the text through an accrual adjusted system This system provides more accurate information for the measurement of profitability of the farm operation Figures and tables are presented throughout for easy reference and to simplify accounting practices The easy to understand approach is appropriate for learners without any accounting background Introduction to Financial Accounting Andrew Thomas, Anne Marie Ward, 2012 The new seventh edition of Introduction to Financial Accounting has been fully revised and updated to reflect the very latest developments in this dynamic field and offers contemporary and comprehensive coverage of Financial Accounting today Introduction to Governmental and Not-for-profit Accounting Joseph R. Razek, Gordon A. Hosch, Martin Ives, 2000 For use in Governmental Accounting and Public Budgeting courses Covering the essentials of fund accounting this flexible book introduces the reader to the basic accounting principles at work in both governmental and not for profit organizations This brief book divides most of the chapters into independent sections which may be covered as separate units Now includes a print update on GASB 34 packaged with the text Ethics in Accounting Gordon Klein, 2015-12-17 ETHICS in ACCOUNTING Did you Know This book is available as a Wiley E Text The Wiley E Text is a complete digital version of the text that makes time spent studying more efficient Course materials can be accessed on a desktop laptop or mobile device so that learning can take place anytime anywhere A more affordable alternative to traditional print the Wiley E Text creates a flexible user experience Access on the go Search across content Highlight and take notes Save money The Wiley E Text can be purchased in the following ways Via your campus bookstore Wiley E Text Powered by VitalSource ISBN 978 1 118 93904 8 Directly from www.wiley.com/college/klein
