**Forget the Alamo** Bryan Burrough,Chris Tomlinson,Jason Stanford,2022-06-07 A New York Times bestseller Lively and absorbing The New York Times Book Review Engrossing Wall Street Journal Entertaining and well researched Houston Chronicle Three noted Texan writers combine forces to tell the real story of the Alamo dispelling the myths exploring why they had their day for so long and explaining why the ugly fight about its meaning is now coming to a head Every nation needs its creation myth and since Texas was a nation before it was a state it s no surprise that its myths bite deep There s no piece of history more important to Texans than the Battle of the Alamo when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico losing the battle but setting Texas up to win the war However that version of events as Forget the Alamo definitively shows owes more to fantasy than reality Just as the site of the Alamo was left in ruins for decades its story was forgotten and twisted over time with the contributions of Tejanos Texans of Mexican origin who fought alongside the Anglo rebels scrubbed from the record and the origin of the conflict over Mexico s push to abolish slavery papered over Forget the Alamo provocatively explains the true story of the battle against the backdrop of Texas s struggle for independence then shows how the sausage of myth got made in the Jim Crow South of the

late nineteenth and early twentieth century As uncomfortable as it may be to hear for some celebrating the Alamo has long had an echo of celebrating whiteness In the past forty some years waves of revisionists have come at this topic and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone But we are not living in one of those times the fight over the Alamo's meaning has become more pitched than ever in the past few years even violent as Texas's future begins to look more and more different from its past It's the perfect time for a wise and generous spirited book that shines the bright light of the truth into a place that's gotten awfully dark [Resources in Education](#) ,1994-07 [The Texas Outlook](#) ,1916 **Our Big Cool USA Activity Book** Carole Marsh,2011-03-01 The Big Cool USA 150 Page Activity book is not only all the things kids of all ages expect from an activity book but also full of standards based on educational facts along with unexpected history geography and famous Americans from the past and present and even the future Plus lot of contemporary stuff like those super popular Sudoku type puzzles Great gift Great Fun Great Smarts Also included Activities for all 50 states and U S Territories Lots of USA activities historic geographic people and more 6 USA graphic organizer included in the book Elections Activities Meet some candidates and take a vote [Uncovering Texas Politics in the 21st Century](#) Eric Lopez,Marcus Stadelmann,Robert E. Billy the Kid Richard W. Etulain, 2020-07-16. A central character in legends and histories of the Old West, Billy the Kid rivals such western icons as Jesse James and General George Armstrong Custer for the number of books and movies. His brief, violent life inspired Billy the Kid: A Reader's Guide, which introduces readers to the most significant of these written and filmed works. Compiled and written by a respected historian of the Old West and author of a masterful new biography of Billy the Kid, this reader's guide includes summaries and evaluations of biographies, histories, novels, and movies, as well as archival sources and research collections. Surveying newspaper articles, books, pamphlets, essays, and book chapters, Richard W. Etulain traces the shifting views of Billy the Kid from his own era to the present. Etulain's discussion of novels and movies reveals a similar shift, even as it points out both the historical inaccuracies and the literary and cinematic achievements of these works. A brief section on the authentic and supposed photographs of the Kid demonstrates the difficulties specialists and collectors have encountered in locating dependable photographic sources. This discerning overview will guide readers through the plethora of words and images generated by Billy the Kid's life and legend over more than a century. It will prove invaluable to those interested in the demigods of the Old West and in the ever-changing cultural landscape in which they appear to us.
