**Mindfulness to Go** David Harp,2011-07-01 Stay Calm and Focused No Matter What Most people don t start mindfulness meditation to become saints or gurus They re just tired of feeling stressed and are looking for effective ways to get a grip on their emotions and quite simply to calm down If you re among them feel free to leave your incense and meditation pillow at home *Mindfulness to Go* is your pocket guide to reaping the benefits of meditation just about anywhere you might find yourself throughout your busy day This on the go guide to mindfulness helps you get better at turning your focus away from the frustrations of daily life and toward the thoughts and feelings that can do you the most good Starting with the most basic exercises you ll work your way up to creating a personal mindfulness strategy that will help you remain cool calm and collected in every situation no matter what life throws your way

**Surprised by Sound** Roi Tartakovsky,2021-05-19 In *Surprised by Sound* Roi Tartakovsky shows that the power of rhyme endures well into the twenty first century even though its exemplary usages may differ from traditional or expected forms His work uncovers

the mechanics of rhyme revealing how and why it remains a vital part of poetry with connections to large questions about poetic freedom cognitive and psychoanalytic theories and the accidental aspects of language As a contribution to studies of sound in poetry *Surprised by Sound* takes on two central questions First what is it about the structure of rhyme that makes it such a potent and ongoing source of poetic production and extrapoetic fascination Second how has rhyme changed and survived in the era of free verse whose prototypical poetry is as hostile to poetic meter as it is to the artificial sound of rhyme including the sound of rhythmic thumping at the end of every line In response Tartakovsky theorizes a new category of rhyme that he terms sporadic Since it is not systematized or expected sporadic rhyme can be a single strongly resounding rhyme used suddenly in a free verse poem It can also be an internal rhyme in a villanelle or a few scattered rhymes unevenly distributed throughout a longer poem that nevertheless create a meaningful cluster of words Examining usages across varied poetic traditions Tartakovsky locates sporadic rhyme in sources ranging from a sixteenth century sonnet to a nonsensical practically unperformable piece by Gertrude Stein and a 2007 MoveOn.org ad in the New York Times With careful attention to the soundscapes of poems *Surprised by Sound* demonstrates that rhyme's enduring value lies in its paradoxical and unstable nature as well as its capacity for creating poetic cognitive and psychic effects *Oxford Basic American Dictionary for Learners of English* Jennifer Bradbery, 2011 These three new dictionaries are based on extensive research with teachers and language experts in the US range from Basic to Advanced level and provide users with invaluable help in building the English skills essential for academic and everyday success Written specifically for English Language Learners the dictionaries include rich examples define words with vocabulary that learners can understand and offer vibrant illustrations to help explain more difficult words **Life Strategy** Felipe Rivera, 2016-02-15 Do you feel that life is very complex and you have little control over what happens Would you like to gain more clarity on the elements that make up human life so you can make better decisions Would you like to increase your levels of well being permanently With this model called Life Strategy you can learn to do all these things and much more This model takes into account the most important elements of human life and teaches you how all those elements work to give you the levels of well being you desire Through its practical process you can apply all these teachings in your life starting out by the things that make you unique and your particular circumstances Throughout this book you'll learn The purpose we all have in life and how you can use it to make better decisions The 5 principles that will allow you to live a life without suffering The step by step process that will allow you to increase the knowledge about yourself The 9 areas of life and what you need to know about them to set all your goals The 3 steps to turn all your goals into a reality [Merriam-Webster's Advanced Learner's English Dictionary](#) Merriam-Webster, Inc, 2008 Designed to help advance students master spoken and written English as it is actually used this groundbreaking new dictionary provides in depth and up to date coverage of basic English vocabulary grammar and usage Outstanding features include nearly 100 000 words and phrases more than 160 000 usage examples more than 22 000 idioms verbal collocations

and commonly used phrases and more than 1 000 original drawings including 16 pages of full color art Abundant supplemental information includes 25 pages of grammar **Longman Dictionary of American English** Pearson ELT,2014 The Fifth Edition of Longman Dictionary of American English is the key to vocabulary building Now with the full contents online plus online Thesaurus and Vocabulary Checker Clear and comprehensive 109 000 words meanings and phrases including words from the Academic Word List 59 000 example sentences showing thousands of academic words and collocations Clear definitions written using the Longman American Defining Vocabulary of just 2 000 common words Words for content areas such as Science and Social Studies The key to vocabulary building Collocation boxes show combination of words that are often used together such as strong interest highly successful and take a test Integrated Thesaurus explains thousands of synonyms and antonyms 3 000 etymologies explain the origin of words 15 000 etymologies online Learner s Handbook on Writing Collocations and Grammar Workbook exercises for self study and classroom use Entire contents online Pronunciation of all the words and example sentences and pronunciation practice Longman Vocabulary Checker find out which type of vocabulary is used in the text you are reading and which words you should learn Thesaurus choose the right word and build your vocabulary Topic Vocabulary find all the words you need to write about common topics such as Describing Places Technology Sports and Relationships Academic Study Center with interactive exercises for vocabulary reading and writing and exam practice for TOEFL
