**Broken Markets** Sal Arnuk, Joseph Saluzzi, 2012-05-22 The markets have evolved at breakneck speed during the past decade and change has accelerated dramatically since 2007's disastrous regulatory reforms. An unrelenting focus on technology, hyper short term trading speed and volume has eclipsed sanity. Markets have been hijacked by high powered interests at the expense of investors and the entire capital raising process. A small consortium of players is making billions by skimming and scalping unaware investors and in so doing they've transformed our markets from the world's envy into a barren wasteland of terror. Since these events began Themis Trading's Joe Saluzzi and Sal Arnuk have offered an unwavering voice of reasoned dissent. Their small brokerage has stood up against the hijackers in every venue. Their daily writings are now followed by investors, regulators, the media and Main Street investors worldwide. Saluzzi and Arnuk don't take prisoners. Now in *Broken Markets* they explain how all this happened, who did it, what it means, and what's coming next. You'll understand the true implications of events ranging from the crash of 1987 to the Flash Crash and discover what it all means to you and your future. Warning: you will get angry if you aren't already. But you'll know exactly why you're angry, who you're angry at, and what needs to be done.
