China Germany Hong Kong Hungary India Indonesia Israel Japan Lebanon Poland Saudi Arabia Singapore Sri Lanka and Turkey All chapters follow a consistent pattern describing first the history of English language teaching in a particular country then the current ELT curriculum followed by the biography or the autobiography of an English teacher of that country This consistency in the structuring of chapters will enable readers to assimilate the information easily while also comparing and contrasting the context of ELT in each country The chapter authors all born in or residents of the countries they represent and speakers of the local language or languages as well as English provide insider perspectives on the challenges faced by local English language teachers There is clear evidence that the majority of English teachers worldwide are nonnative speakers NNS and there is no doubt that many among them have been taught by indigenous teachers who themselves are nonnative speakers This book brings the professional knowledge and experience of these teachers and the countries they represent to a mainstream Western audience including faculty professionals and graduate students in the field of ESL to the international TESOL community and to ELT teachers around the world
