Multivariate Normal Distribution, The: Theory And Applications Thu Pham-gia,2021-05-05 This book provides the reader with user friendly applications of normal distribution In several variables it is called the multinormal distribution which is often handled using matrices for convenience The author seeks to make the arguments less abstract and hence starts with the univariate case and moves progressively toward the vector and matrix cases The approach used in the book is a gradual one going from one scalar variable to a vector variable and to a matrix variable The author presents the unified aspect of normal distribution as well as addresses several other issues including random matrix theory in physics Other well known applications such as Herrnstein and Murray s argument that human intelligence is substantially influenced by both inherited and environmental factors will be discussed in this book It is a better predictor of many personal dynamics including financial income job performance birth out of wedlock and involvement in crime than are an individual s parental socioeconomic status or education level and deserve to be mentioned and discussed

[Administrative reforms for India](#) VIJAYA KRUSHNA VARMA,2020-06-29 Administrative reforms are long overdue in India as the present administrative system is obsolete and continuing as a legacy from British Raj It is not coping with the ever changing needs and aspirations of the ever growing population of the country Administrative set up should be redesigned to work more efficiently and to bring transparency accountability efficacy and high speed response into governance to meet the aspirations of the people before their anger turns into revolt against the elected governments Zero corruption government should be the bedrock of an

advanced democracy We need to restructure and reboot the present administrative format into a more responsive entity to give quality services and equal opportunities to all citizens instantly on demand at a single platform These administrative reforms are aimed at removing corruption arrogance and lethargy at all levels and in all forms *USMLE ...
