[Ayahuasca Medicine](#) Alan Shoemaker, 2014-02-01 An insider s account of the journey to become an ayahuasquero a shaman who heals with the visionary vine ayahuasca Details the author s training and life as a curandero using ayahuasca medicine San Pedro cactus tobacco purges psychedelic mushrooms and other visionary plants Offers first hand accounts of miraculous healing where ayahuasca revealed the cause of the illness including how the author healed his mother from liver cancer Shows how ayahuasca tourism symbolizes the Western world s

reawakening need to connect with the universal life force For more than 20 years American born Alan Shoemaker has apprenticed and worked with shamans in Ecuador and Peru learning the traditional methods of ayahuasca preparation the ceremonial rituals for its use and how to commune with the healing spirit of this sacred plant as well as the spirit of the San Pedro cactus and other sacred plant allies Now a recognized and practicing ayahuasquero or ayahuasca shaman in Peru he offers an insider s account of the ayahuasca tradition and of its use for expanding consciousness and achieving healing through access to other dimensions of being Shoemaker details his training and his own curandero practice using ayahuasca medicine tobacco purges psychedelic mushrooms and other visionary plants He discusses the different traditions of his two foremost teachers and mentors Don Juan in the Peruvian Amazon an ayahuasquero and Valentin in Ecuador a San Pedro shaman He reveals the indispensable role played by icaros the healing songs of the plant shaman and offers firsthand accounts of miraculous healing resulting from ayahuasca s ability to reveal the cause of an illness including how he healed his mother from liver cancer The author also addresses the rising popularity of Northerners traveling to the Amazon to seek healing and mind expansion through ayahuasca and shows how this fascination is triggered by humanity s reawakening need to connect to the universal life force

Listening to Ayahuasca Rachel Harris,2017-02-15 When National Geographic Adventure published an article in 2006 about the powerful antidepressant effects of ayahuasca the piece received a phenomenal reader response That article struck a chord with psychotherapist Rachel Harris who had encountered many clients unresponsive to traditional therapy and antidepressant protocols Used for more than 8 000 years in the Amazon rainforest ayahuasca is a powerful and illegal psychedelic that has distressing gastrointestinal side effects Yet Harris found many willing to try it so deep was their suffering Harris here shares her original research the largest study of ayahuasca use in North America into its effects on depression anxiety and PTSD along with her own personal experiences By detailing ayahuasca s risks and benefits she aims to help those driven to investigate ayahuasca to do so safely and to give their psychological caregivers a template for transformative caring and healing

High Weirdness Erik Davis,2019-11-05 An exploration of the emergence of a new psychedelic spirituality in the work of Philip K Dick Terence McKenna and Robert Anton Wilson A study of the spiritual provocations to be found in the work of Philip K Dick Terence McKenna and Robert Anton Wilson High Weirdness charts the emergence of a new psychedelic spirituality that arose from the American counterculture of the 1970s These three authors changed the way millions of readers thought dreamed and experienced reality but how did their writings reflect as well as shape the seismic cultural shifts taking place in America In High Weirdness Erik Davis America s leading scholar of high strangeness examines the published and unpublished writings of these vital iconoclastic thinkers as well as their own life changing mystical experiences Davis explores the complex lattice of the strange that flowed through America s West Coast at a time of radical technological political and social upheaval to present a new theory of the weird as a viable mode for a renewed engagement with reality

The Accidental Shaman

Howard G. Charing, 2017-02-16 A story of awakening to remarkable shamanic powers teachings and techniques Describes the author's work with plant spirits entheogens such as ayahuasca and indigenous shamans during his 20 years of fieldwork in the Peruvian Amazon Explores the practice of soul retrieval and shamanic work with feathers stones and sound Includes techniques for exploring non ordinary reality exercises for expanding sensory perception and practices to open your creative artistic visionary potential After surviving a serious elevator crash in London Howard G Charing found he had developed healing touch as well as the ability to hear voices and experience visions just as a healer in Italy had predicted only a week before the accident He began using his abilities to heal but felt he needed more guidance and training He first connected with a national spiritual healing organization only to be told he was doing everything wrong Then through a friend he discovered shamanism Sharing profound teachings and extraordinary experiences from his more than 30 years of shamanic healing work Charing explains how he accidentally became a shaman and completely changed the course of his life He describes his work with plant spirits entheogens such as ayahuasca and indigenous shamans during his 20 years of fieldwork in the Peruvian Amazon including his studies with the late visionary artist Pablo Amaringo Investigating altered states of perception he provides visionary techniques for exploring non ordinary reality exercises for expanding sensory perception and practices to open your creative artistic visionary potential Detailing the practice of soul retrieval the author discusses why it is one of the most effective and profound spiritual healing practices and shares emotionally charged stories of successful shamanic healings he has attended He also includes shamanic wisdom on working with feathers stones and sound and compares current research in physics with the vast body of experiential knowledge from indigenous spiritual traditions From the accident that started his journey to the many remarkable spiritwork encounters that have happened since Charing's story will empower readers to begin exploring the realms of consciousness and energy that surround us and welcome the dissolution of the boundary between the physical and the spiritual Plant Theory in Amazonian Literature Juan R.

Duchesne Winter, 2019-07-09 This book discusses new developments of plant studies and plant theory in the humanities and compares them to the exceptionally robust knowledge about plant life in indigenous traditions practiced to this day in the Amazonian region Amazonian thinking in dialogue with the thought of Eduardo Viveiros de Castro Emanuele Coccia and others can serve to bring plant theory in the humanities beyond its current focus on how the organic existence of plants is projected into culture Contemporary Amazonian indigenous literature takes us beyond conventional theory and into the unsuspected reaches of vegetal networks It shows that what matters about plants are not just their strictly biological and ecological projections but the manner in which they interact with multiple species and cultural actors in continuously shifting bodies and points of view by becoming other and fashioning a natural and social diplomacy in which humans participate along with non humans *Altered States* D. E. Osto, 2016-04-26 In the 1960s Americans combined psychedelics with Buddhist meditation to achieve direct experience through altered states of consciousness As some practitioners became more

committed to Buddhism they abandoned the use of psychedelics in favor of stricter mental discipline but others carried on with the experiment advancing a fascinating alchemy called psychedelic Buddhism Many think exploration with psychedelics in Buddhism faded with the revolutionary spirit of the sixties but the underground practice has evolved into a brand of religiosity as eclectic and challenging as the era that created it *Altered States* combines interviews with well known figures in American Buddhism and psychedelic spirituality including Lama Surya Das Erik Davis Geoffrey Shugen Arnold Sensei Rick Strassman and Charles Tart and personal stories of everyday practitioners to define a distinctly American religious phenomenon The nuanced perspective that emerges grounded in a detailed history of psychedelic religious experience adds critical depth to debates over the controlled use of psychedelics and drug induced mysticism The book also opens new paths of inquiry into such issues as re enchantment the limits of rationality the biochemical and psychosocial basis of altered states of consciousness and the nature of subjectivity

The Electric Jesus Jonathan Talat Phillips,2011-11-01 When Jonathan Talat Phillips experiences a devastating loss as a countercultural media activist he unwittingly starts on a mystical journey marked by underground ayahuasca ceremonies kundalini awakenings prankster spirit guides extraterrestrial encounters at the Burning Man festival and miraculous energy healings that reshape his skeptical worldview Along the way he chronicles the rise of an international movement that is trailblazing visionary ways to address our current planetary crisis through raised consciousness To better understand his spiritual journey Jonathan delves into his own Christian background discovering the lost rites of the mystery schools Uncovering secret electric meanings behind biblical symbols like the serpent dove and tree of life he reveals how early Christians utilized a radical initiation process for harnessing divine energy in order to achieve gnosis direct knowledge or experience of the divine Jonathan suggests that these mystical symbols which appear in spiritual traditions across the globe offer a profound energetic roadmap and alchemical message for personal transformation as well as a potential evolutionary shift for our world About the Imprint EVOLVER EDITIONS promotes a new counterculture that recognizes humanity s visionary potential and takes tangible pragmatic steps to realize it EVOLVER EDITIONS explores the dynamics of personal collective and global change from a wide range of perspectives EVOLVER EDITIONS is an imprint of North Atlantic Books and is produced in collaboration with Evolver LLC

Plant Teachers Jeremy Narby,Rafael Chanchari Pizuri,2021-08-31 A trailblazing anthropologist and an indigenous Amazonian healer explore the convergence of science and shamanism The dose makes the poison says an old adage reminding us that substances have the potential to heal or to harm depending on their use Although Western medicine treats tobacco as a harmful addictive drug it is considered medicinal by indigenous people of the Amazon rainforest In its unadulterated form it holds a central place in their repertoire of traditional medicines Along with ayahuasca tobacco forms a part of treatments designed to heal the body stimulate the mind and inspire the soul with visions In *Plant Teachers* anthropologist Jeremy Narby and traditional healer Rafael Chanchari Pizuri hold a cross cultural dialogue that explores the similarities between ayahuasca and tobacco the role of these plants in indigenous

cultures and the hidden truths they reveal about nature Juxtaposing and synthesizing two worldviews Plant Teachers invites readers on a wide ranging journey through anthropology botany and biochemistry while raising tantalizing questions about the relationship between science and other ways of knowing

Seeking the Sacred with Psychoactive Substances J. Harold Ellens, 2014-10-28 Can drugs be used intelligently and responsibly to expand human consciousness and heighten spirituality This two volume work presents objective scientific information and personal stories aiming to answer the question The first of its kind this intriguing two volume set objectively reports on and assesses this modern psycho social movement in world culture the constructive medical use of entheogens and related mind altering substances Covering the use of substances such as

ayahuasca cannabis LSD peyote and psilocybin the work seeks to illuminate the topic in a scholarly and scientific fashion so as to lift the typical division between those who are supporters of research and exploration of entheogens and those who are strongly opposed to any such experimentation altogether The volumes address the history and use of mind altering drugs in medical research and religious practice in the endeavor to expand and heighten spirituality and the sense of the divine providing unbiased coverage of the relevant arguments and controversies regarding the subject matter Chapters include examinations of how psychoactive agents are used to achieve altered states in Judaism Christianity Islam and Buddhism as well as in the rituals of shamanism and other less widely known faiths This highly readable work will appeal to everyone from high school students to seasoned professors in both the secular world and in devoted church groups and religious colleges

The Shamanic Odyssey Robert Tindall, 2012-11-16 Reveals the striking parallels between indigenous cultures of the Americas and the ancient Homeric world as well as Tolkien's Middle Earth Explores the shamanic use of healing songs psychoactive plants and vision quests at the heart of the Odyssey and the fantasy works of J R R Tolkien Examines Odysseus's encounters with plant divinities altered consciousness animal shapeshifting and sacred topography all concepts vital to shamanism Reveals how the Odyssey emerged precisely at the rupture between modern and primal consciousness Indigenous shamanic ways of healing and prophecy are not foreign to the West The native way of viewing the world that is understanding our cosmos as living sentient and interconnected can be found hidden throughout Western literature beginning with the very origin of the European literary tradition Homer's Odyssey Weaving together the narrative traditions of the ancient Greeks and Celts the mythopoetic work of J R R Tolkien and the voices of plant medicine healers in North and South America the authors explore the use of healing songs psychoactive plants and vision quests at the heart of the Odyssey The Lord of the Rings trilogy and Tolkien's final novella *The Hobbit* Smith of Wootton Major The authors examine Odysseus's encounters with plant divinities altered consciousness animal shapeshifting and sacred topography all concepts vital to shamanism They show the deep affinities between the healing powers of ancient bardic song and the icaros of the shamans of the Amazon rain forest how Odysseus's battle with Circe wielder of narcotic plants and Mistress of Animals follows the traditional method of negotiating with a plant ally and how Odysseus's journey to the land of the dead signifies the universal practice of the vision quest a key part of shamanic initiation Emerging precisely at the rupture between modern and primal consciousness Homer's work represents a window into the lost native mind of the Western world In this way the Odyssey as well as Tolkien's work can be seen as an awakening and healing song to return us to our native minds and bring our disconnected souls back into harmony with the living cosmos

The Sacred Science Nick Polizzi, 2019-03-05 In 2010 Nick Polizzi did something unimaginable He assembled a group of eight desperately ill patients from around the world and brought them into the heart of the Amazon rainforest to put the mysterious medicines of native shamans to the test The healing journey that unfolded would change their lives and his own forever In *The Sacred Science* we join Nick as he explores these primordial traditions

and learns firsthand what it takes to truly heal ourselves of physical disease emotional trauma and the sense of lostness that so many of us feel in these modern times We venture into a place where the ordinary rules we live by even survival instincts don't apply where the only thing to do is to step forward and be ready for anything Nick is not a guru or shaman he is an ordinary guy who pieced together an illuminating journey one experience at a time In this riveting true story we're shown the many layers that must be peeled away in order for us to find the truth of who we are and why we're here This book is a bridge between the flashy fast moving modern world and the forgotten ways of a healthier earth connected ancestral past You'll find practices and principles of native wisdom that you can put to use in your own life and you'll gain a new understanding of what it means to heal In the end what will become of the eight patients who set out on this path with Nick Will the exotic jungle medicines and harrowing rites of passage destroy them or give them a new lease on life Five will return with remarkable healing results Two will return disappointed One won't return at all

Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Singing To The Plants A Guide Mestizo Shamanism In Upper Amazon Stephan Beyer books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Singing To The Plants A Guide Mestizo Shamanism In Upper Amazon Stephan Beyer books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Singing To The Plants A Guide Mestizo Shamanism In Upper Amazon Stephan Beyer books and manuals for download and embark on your journey of knowledge?
