Discipline Without Stress, Punishments or Rewards Feb 22 2021 This landmark book shows how to handle every discipline problem and reduce apathy toward learning. The approach is unique in that it is totally noncoercive (but not permissive) and shows how to use authority without punishments, threats, or coercion. The book's Raise Responsibility System is quoted in university textbooks for teacher training and in

education publications around the world. The book describes how to improve classroom management, reduce impulsivity, and have young people WANT to behave responsibly through internal rather than external motivation. The system is based upon the author's K - 12 and university teaching experiences, counseling experiences, and administrative experiences—rather than from

a theoretical perspective. This is the latest edition. *Discipline for Home and School, Fundamentals* Jun 28 2021 A book that describes a school discipline process *Discipline Equals Freedom* Jan 28 2024 In this expanded edition of the 2017 mega-bestseller, updated with brand new sections like DO WHAT MAKES YOU HAPPY, SUGAR COATED LIES and DON'T NEGOTIATE WITH WEAKNESS, readers will

discover new ways to become stronger, smarter, and healthier. Jocko Willink's methods for success were born in the SEAL Teams, where he spent most of his adult life, enlisting after high school and rising through the ranks to become the commander of the most highly decorated special operations unit of the war in Iraq. In *Discipline Equals Freedom*, the #1 New York Times bestselling coauthor of *Extreme Ownership* describes how he lives that mantra: the mental and physical disciplines he imposes on himself in order to achieve freedom in all aspects of life. Many books offer advice on how to overcome obstacles and reach

your goals--but that advice often misses the most critical ingredient: discipline. Without discipline, there will be no real progress. *Discipline Equals Freedom* covers it all, including strategies and tactics for conquering weakness, procrastination, and fear, and specific physical training presented in workouts for beginner, intermediate, and advanced athletes, and even the best sleep habits and food intake recommended to optimize performance. FIND YOUR WILL, FIND YOUR DISCIPLINE--AND YOU WILL FIND YOUR FREEDOM [Discipline Disparities Among Students With Disabilities](#) Jul 22 2023 The decades-long

problem of disproportionate school discipline and school-based arrests of students with disabilities, particularly those who also identify as Black or Native American, is explored in this authoritative book. A team of interdisciplinary scholars, attorneys, and education practitioners focus on how disparities based on disability intersect with race and ethnicity, why such disparities occur, and the impacts these disparities have over time. A DisCrit and research-based perspective frames key issues at the beginning of the book, and the chapters that follow suggest promising practices and approaches to reduce the inequitable use of school

discipline and increase the use of evidence-supported alternatives to prevent and respond to behaviors of students with disabilities. The final chapter recommends future research, policy, legal, and practice goals, suggesting an agenda for moving the field forward in years to come.

Tools for Teaching Mar 06 2022 This extended special edition of Mark Lewisohn's magisterial book *Tune In* is a true collector's item, featuring hundreds of thousands of words of extra material, as well as many extra photographs. It is the complete, uncut and definitive biography of the Beatles' early years, from their family backgrounds through to the moment they're on the cusp of their immense breakthrough at the end of 1962. Designed, printed and bound in Great Britain, this high-quality edition consists of two beautifully produced individual

hardbacks printed on New Langely Antique Wove woodfree paper, with red-and-white head and tail bands and red ribbon marker. The two books will sit within a specially designed box and lid featuring soft touch and varnish finishes. The whole product comes shrinkwrapped for extra protection. Mark Lewisohn's biography is the first true and accurate account of the Beatles, a contextual history built upon impeccable research and written with energy, style, objectivity and insight. This extended special edition is for anyone who wishes to own the complete story in all its stunning and extraordinary detail. This is genuinely, and

without question, the lasting word from the world-acknowledged authority.

Smart Discipline for the Classroom

Sep 11 2022 "Very beneficial for all individuals who must deal with student misbehavior. The Smart Discipline Plan is easy to use and could easily be implemented school wide. This book is recommended for any teacher experiencing difficulty in student discipline." —Gina Segobiano, Superintendent Signal Hill School District #181, Belleville, IL "This book presents concrete strategies that are easy to incorporate. The essential message is one of building relationships with students and setting up a win-

win environment." —Paulette Tetteris-Woosley, Assistant Principal Wallburg Elementary, Winston-Salem, NC Foster a positive learning environment by using strategies that ensure respect and cooperation!

Developing a proactive discipline plan can be a challenge for any educator. Smart Discipline for the Classroom, Fourth Edition, offers a generous collection of sound strategies to promote positive behavior, motivate students to do their best, and establish a supportive atmosphere for learning. Written by discipline expert Larry J. Koenig, this guide presents varied, adaptable methods to fit a wide range of

classroom settings and student needs. The updated edition features answers to frequently asked questions, expanded information on using the Smart Discipline System, and new references to relevant research. Assisting teachers in developing a plan of action, this text offers a step-by-step approach to classroom discipline, plus: Over 60 strategies for increasing respect and cooperation Prevention and intervention methods for problems ranging from minor incidents to even the most difficult behaviors Special techniques for students with Attention Deficit Hyperactivity Disorder (ADHD) Methods for involving parents

Create an environment for success by using field-tested "smart" strategies for handling discipline in the classroom!

With All Due Respect Oct 01 2021 Based upon the author's "Secrets of Discipline," *With All Due Respect* helps teachers develop their personal discipline skills and teaches the essential strategies for building discipline as a team.

No-Drama Discipline Mar 18 2023 NEW YORK TIMES BESTSELLER • The pioneering

experts behind *The Whole-Brain Child* and *The Yes Brain* tackle the ultimate parenting challenge: discipline. "A lot of fascinating insights . . . an eye-opener worth reading."—Parents

Highlighting the fascinating link between a child's neurological development and the way a parent reacts to misbehavior, *No-Drama Discipline* provides an effective, compassionate road map for dealing with tantrums, tensions, and tears—without causing a scene. Defining the true meaning of the "d" word (to instruct, not to shout or reprimand), the authors explain how to reach your child, redirect emotions, and turn a

meltdown into an opportunity for growth. By doing so, the cycle of negative behavior (and punishment) is essentially brought to a halt, as problem solving becomes a win/win situation. Inside this sanity-saving guide you'll discover • strategies that help parents identify their own discipline philosophy—and master the best methods to communicate the lessons they are trying to impart • facts on child brain development—and what kind of discipline is most appropriate and constructive at all ages and stages • the way to calmly and lovingly connect with a child—no matter how extreme the behavior—while still setting clear and consistent limits •

[offsite.creighton.edu](https://www.creighton.edu/offsite)

tips for navigating your child through a tantrum to achieve insight, empathy, and repair • twenty discipline mistakes even the best parents make—and how to stay focused on the principles of whole-brain parenting and discipline techniques Complete with candid stories and playful illustrations that bring the authors' suggestions to life, *No-Drama Discipline* shows you how to work with your child's developing mind, peacefully resolve conflicts, and inspire happiness and strengthen resilience in everyone in the family. Praise for *No-Drama Discipline* "With lucid, engaging prose accompanied by cartoon illustrations, Siegel

and Bryson help parents teach and communicate more effectively."—Publishers Weekly "Wow! This book grabbed me from the very first page and did not let go."—Lawrence J. Cohen, Ph.D., author of *The Opposite of Worry* [A Common Sense Approach To Discipline](#) Mar 25 2021 Are you a parent, teacher or counselor? Do you have a concern about discipline? Are you looking for a condensed guide for effective discipline? If so, then this book is for you. The author has personally seen many parents, teachers, counselors, managers and leaders struggle with disciplinary issues. He feels he has a lot to offer anyone

interested in developing an effective discipline plan. There is no doubt that parents and educators play a significant role in honing a child's skills to become a well-rounded and productive member of society. *A Common Sense Approach to Discipline* lays a foundation for and provides practical principles for developing an effective plan for discipline. The author cites specific instances with realistic scenarios to illustrate his principles. He provides numerous insights and thoughts from his own personal experiences and observations. This book not only addresses discipline but also includes some very good tips on

preparing children for the future and about life in general. A must read for anyone dealing with and/or working with children. The author also makes a special challenge to all educators. Educators are encouraged to read and accept the author's personal challenge for them.

Positive Learning

Environments Nov 13 2022

How do you create a learning environment that's productive; one where students are engaged, learning and happy? And how do you ensure that inappropriate behaviours are kept to a minimum? This exciting new text introduces the key concepts you need to know to create and maintain

your classroom as a positive learning environment. It begins by introducing four essential components that are the cornerstones of creating a positive, productive learning environment. These positive practices will set you on the pathway to success and help you establish classrooms that recognise and encourage appropriate behaviours while reducing the probability of inappropriate behaviours. It then examines in turn each of the four main groups of evidence-based approaches to managing student behaviour: behavioural, cognitive behavioural, psychoeducational and social justice approaches. For each it discusses the

theories that inform them, their practical applications for fostering appropriate behaviours and also when and how to use them to proactively intervene, if necessary. By the end you will be empowered to select appropriate theories, approaches and strategies and bring these together to develop your individualised classroom management plan: one that suits your own theoretical beliefs, professional philosophy and teaching style.

Discipline Without Stress® Punishments Or Rewards

Apr 30 2024 This second edition has the same content as the first edition but includes testimonials and additional submissions from teachers and

parents. The Discipline without Stress® Teaching Model is used around the world. The non-coercive (yet non-permissive) approach to promoting responsible behaviour and motivation for learning is totally different from current approaches that use rewards for appropriate behaviour and coercive threats and punishments. The book can be used across the entire teaching spectrum -- in small childcare centres to large high schools and in rural, suburban and urban schools. It can be used in any home or youth setting.

Beyond Discipline Jun 01 2024
What is most remarkable about the assortment of discipline

programs on the market today is the number of fundamental assumptions they seem to share. Some may advocate the use of carrots rather than sticks; some may refer to punishments as "logical consequences." But virtually all take for granted that the teacher must be in control of the classroom, and that what we need are strategies to get students to comply with the adult's expectations. Alfie Kohn challenged these widely accepted premises, and with them the very idea of classroom "management," when the original edition of *Beyond Discipline* was published in 1996. Since then, his path-breaking book has

invited hundreds of thousands of educators to question the assumption that problems in the classroom are always the fault of students who don't do what they're told; instead, it may be necessary to reconsider what it is that they've been told to do—or to learn. Kohn shows how a fundamentally cynical view of children underlies the belief that we must tell them exactly how we expect them to behave and then offer "positive reinforcement" when they obey. Just as memorizing someone else's right answers fails to promote students' intellectual development, so does complying with someone else's expectations for how to act fail to help students

develop socially or morally. Kohn contrasts the idea of discipline, in which things are done to students to control their behavior, with an approach in which we work with students to create caring communities where decisions are made together. *Beyond Discipline* has earned the status of an education classic, a vital alternative to all the traditional manuals that consist of techniques for imposing control. For this 10th anniversary edition, Kohn adds a new afterword that expands on the book's central themes and responds to questions from readers. Packed with stories from real classrooms around the country, seasoned with

humor and grounded in a vision as practical as it is optimistic, *Beyond Discipline* shows how students are most likely to flourish in schools that have moved toward collaborative problem solving—and beyond discipline.

Disciplines of a Godly Man

Dec 27 2023 This updated edition of a bestselling classic by a seasoned pastor aims to empower men to take seriously the call to godliness and direct their energy toward the things that matter most.

Discipline with Dignity Apr 06 2022 *Discipline with Dignity* details an affirming approach to managing the classroom that promotes respect for self and others. This completely

updated 3rd edition offers practical solutions that emphasize relationship building, curriculum relevance, and academic success. The emphasis is on preventing problems by helping students to understand each other, work well together, and develop responsibility for their own actions, but the authors also include intervention strategies for handling common and severe problems in dignified ways. Filled with real-life examples and authentic teacher-student dialogues, *Discipline with Dignity* is a comprehensive and flexible system of prevention and intervention tools that shows how educators at all levels can

*Be fair without necessarily treating every student the same way. *Customize the classroom to reflect today's highly diverse and inclusive student population. *Seek students' help in creating values-based rules and appropriate consequences. *Use humor appropriately and effectively to respond to abusive language. *Fine-tune strategies to resolve issues with chronically misbehaving students and "ringleaders" or bullies. This book is not simply a compendium of strategies for dealing with bad behavior. It is a guide to helping students see themselves in a different way, to changing the way they interact with the world. The

strategies innate to this approach help students make informed choices to behave well. When they do, they become more attuned to learning and to understanding how to use what they learn to improve their lives and the lives of others--with dignity. Public Employee Discharge and Discipline Jan 21 2021 Managing public employment cases in today's volatile, fast changing legal arena is no easy task. Just keeping up with the complex developments in constitutional, labor, civil service, administrative, and common law can be a full-time job. Aspen Publishers' Public Employee Discharge and Discipline is the definitive work

on every aspect of public employment law. This invaluable two-volume resource is the only one of its kind to deal with all public employment disciplinary and discharge issues for federal, state and municipal employees. The Third Edition offers thorough analysis and in-depth discussion of such essential topics as: First Amendment and whistleblowing Public sector collective bargaining and arbitration Due process in discipline and discharge Administrative and judicial review Title VII, ADA, FMLA, and other discrimination laws Sexual harassment under 1983, Title IX, and Title VII Drug testing Invasion of privacy

Applicability of common law tort and contract principles of wrongful discharge Summaries of federal and state cases Also, with Public Employee Discharge and Discipline, you will also get a BONUS CD-ROM containing over 30 easy-access, customizable forms as well as current surveys of state and federal cases! Public Employee Discharge and Discipline has been updated with the latest developments, including: Latest developments in the movement to limit or abrogate public employment collective bargaining Gross v. FBL Financial Services, a Supreme Court decision requiring an employee to prove that age discrimination was andquot;the

soleandquot; and andquot;but forandquot; cause of discharge under the ADEA, 29 U.S.C. and§ 623(a) Adoption of Gross andquot;Sole Motiveandquot; Standard by Seventh Circuit in Fairley v. Andrews and Serwatka v. Rockwell Analysis of Thompson v. N.A. Stainless L.P., a 2011 unanimous Supreme Court decision that retaliation against a fiancandée for an employee's Title VII claim was actionable Discussion of Staub v. Proctor, another 2011 unanimous Supreme Court decision that a supervisor's bias may be andquot;a motivating factorandquot; for, and a proximate cause of, a discriminatory discharge, if it

played some role in contributing to it, whether or not a non-biased decisionmaker conducted an independent investigation Evidentiary issues in discrimination litigation, including Sprint/United Management Co. v. Mendelsohn, a Supreme Court holding that andquot;me tooandquot; evidence of age discrimination - comments against other employees by other supervisors - may be admissible if relevant to the culture of the employer and Reid v. Google, Inc., a California Supreme Court decision that non-decisionmaker co-workers' andquot;stray remarksandquot; were relevant to an age

discrimination claim Discussion of 14 Penn Plaza LLC v. Pyett, a Supreme Court decision that a CBA providing arbitration as the sole remedy for ADEA claims and noting that Gilmer andquot;fully applies in the collective bargaining contextandquot; City of Ontario v. Quon, wherein the Supreme Court upheld monitoring of employer issued text-messaging devices to determine whether costs to the police department were being unduly inflated by personal calls as a andquot;reasonableandquot; search under the Fourth Amendment In re Golinski, a Ninth Circuit decision that denial of health benefits to

married homosexual federal employee under the Health Benefits Act, 5 U.S.C. and§ 8903(1) because of a purported ban under the Defense of Marriage Act, 1 U.S.C. and§ 7, was impermissible under principles of statutory interpretation and other decisions that DOMA violated Equal Protection Continuing a **Building Competence in Classroom Management and Discipline** Nov 25 2023 With an emphasis on Ecological theory, while incorporating the principles of Positive Behavior Support, and Problem-Solving/Functional Behavioral Assessment, this book addresses classroom management theory and

strategies for three age groups: early childhood, middle school, and secondary school. As in prior editions, the goal of this book is to broaden and deepen future teachers' understanding of the behavioral problems they are likely to encounter, as well as the solutions they are likely to find effective. Current trends in education are thoroughly explored and analyzed; and, research-based strategies are drawn from the full spectrum of management styles: behavioral, cognitive behavioral, social learning, and humanistic. For future teachers of pre, middle, and secondary school students in tomorrow's classrooms.

The Educator's Guide to

Preventing and Solving Discipline Problems Apr 18 2023

This book from two veteran educators covers virtually every aspect of effective discipline systems, including classroom components, techniques for teachers, and buildingwide philosophies.

STUDENT DISCIPLINE AND CLASSROOM MANAGEMENT

Feb 02 2022 This book presents strategies for successfully controlling disrupting behavior in the classroom and explains the techniques used for decreasing inappropriate behavior by using positive and negative reinforcement. The author begins with an examination of

children's self-esteem and ways for teachers to motivate students to achieve their best. The book then goes on to examine the connection between motivation and misbehavior and offers insight into approaches to general and specific motivation and how to assess a particular student's motivation to learn. The chapter on planning for problems offers some guidelines and tips for preventing discipline problems and dealing with existing problems before they escalate out of control. The author also devotes an entire chapter to example vignettes of problems encountered by teachers with accompanying comments and

critique of handling methods. Student Discipline and Classroom Management will be useful for teachers, student teachers, and school administrators to be able to manage the classroom in order to provide the best possible atmosphere to promote student learning.

The Practicing Mind Dec 03 2021

In those times when we want to acquire a new skill or face a formidable challenge we hope to overcome, what we need most are patience, focus, and discipline, traits that seem elusive or difficult to maintain. In this enticing and practical book, Thomas Sterner demonstrates how to learn skills for any aspect of life,

from golfing to business to parenting, by learning to love the process. Early life is all about trial-and-error practice. If we had given up in the face of failure, repetition, and difficulty, we would never have learned to walk or tie our shoes. So why, as adults, do we often give up on a goal when at first we don't succeed? Modern life's technological speed, habitual multitasking, and promises of instant gratification don't help. But in his study of how we learn (prompted by his pursuit of disciplines such as music and golf), Sterner has found that we have also forgotten the principles of practice — the process of picking a goal and

applying steady effort to reach it. The methods Sterner teaches show that practice done properly isn't drudgery on the way to mastery but a fulfilling process in and of itself, one that builds discipline and clarity. By focusing on "process, not product," you'll learn to live in each moment, where you'll find calmness and equanimity. This book will transform a sense of futility around learning something challenging into an attitude of pleasure and willingness.

Discipline Is Destiny Apr 26 2021 The instant New York Times, Wall Street Journal, and USA Today Bestseller! In his New York Times bestselling book *Courage is Calling*, author

Ryan Holiday made the Stoic case for a bold and brave life. In this much-anticipated second book of his *Stoic Virtue* series, Holiday celebrates the awesome power of self-discipline and those who have seized it. To master anything, one must first master themselves—one's emotions, one's thoughts, one's actions. Eisenhower famously said that freedom is really the opportunity to practice self-discipline. Cicero called the virtue of temperance the polish of life. Without boundaries and restraint, we risk not only failing to meet our full potential and jeopardizing what we have achieved, but we ensure misery and shame. In a

[offsite.creighton.edu](https://www.creighton.edu/offsite)

world of temptation and excess, this ancient idea is more urgent than ever. In *Discipline is Destiny*, Holiday draws on the stories of historical figures we can emulate as pillars of self-discipline, including Lou Gehrig, Queen Elizabeth II, boxer Floyd Patterson, Marcus Aurelius and writer Toni Morrison, as well as the cautionary tales of Napoleon, F. Scott Fitzgerald and Babe Ruth. Through these engaging examples, Holiday teaches readers the power of self-discipline and balance, and cautions against the perils of extravagance and hedonism. At the heart of Stoicism are four simple virtues: courage, temperance, justice, and

[offsite.creighton.edu](https://www.creighton.edu)

wisdom. Everything else, the Stoics believed, flows from them. *Discipline is Destiny* will guide readers down the path to self-mastery, upon which all the other virtues depend. *Discipline is predictive*. You cannot succeed without it. And if you lose it, you cannot help but bring yourself failure and unhappiness.

Building Classroom

Discipline Feb 27 2024 The leading text in the field, this book analyzes the contributions of the leading authorities in discipline to show how their theories and systems can be used by teachers to create structures of positive discipline. The text analyzes 18 models of school discipline

developed by educational thinkers over the past 60 years and shows how they can be applied in realistic situations. A unique contribution of the text is that the present-day theorists listed also coordinate with Professor Charles to ensure accuracy in the presentation of their models. Teachers are motivated to create a structure of positive discipline based on the most effective elements from traditional and current disciplinary approaches. [Methodist Union Catalog of History, Biography, Disciplines, and Hymnals](#) Jul 10 2022 **Medical Licensing and Discipline in America** Sep 23 2023 Medical Licensing and

Discipline in America traces the evolution of the U.S. medical licensing system from its historical antecedents in the 18th and 19th century to its modern structure. David A. Johnson and Humayun J. Chaudhry provide an organizational history of the Federation of State Medical Boards within the broader context of the development of America's state-based system. As the national organization representing the interests of the individual state medical boards, the Federation has been at the forefront of developments in licensing, discipline, and regulation impacting the medical profession, medical education,

and health policy within the United States. The narrative shifts between micro- and macro-level developments in the evolution of America's medical licensing system, blending national context with state-specific and Federation initiatives. For example, the book documents such milestones as the national shift toward greater public accountability by state medical boards as evidenced by California's inclusion of public members on its medical board, New Mexico's requirement for continuing medical education by physicians as a condition for license renewal and the Federation's policy development work advocating

for both initiatives among all state medical boards. The book begins by examining the 18th and 19th century origins of the modern state-based medical regulatory system, including the reinstatement of licensing boards in the latter part of the 19th century and the early challenges facing boards, e.g., license portability, examinations, physician impostors, inter-professional tensions among physicians, etc. Medical Licensing and Discipline in America picks up the story of the Federation and its role in the major issue of licensing and discipline in the 20th century: uniformity in medical statute, evaluation of international medical

graduates, nationally administered examinations for licensure, etc.

Don't Suspend Me! Dec 15 2022 Learn how alternative discipline methods can create long-term change Suspensions don't work. They don't improve behavior and they don't address the social-emotional needs of students. It is time to change the culture of discipline in schools. There are better, alternative discipline methods that can create positive, meaningful long-term changes in the behavior of challenging students. Aligned with educational law, Don't Suspend Me! is a user-friendly guide that gives educators the tools they need to apply these

alternative methods. Readers will find A toolkit with alternative strategies to use for the most common behavior challenges Case study examples and testimonials from educators in the field Worksheets and exercises for the major discipline incidents that occur in schools Answers to commonly asked questions Written by practitioners for practitioners, this book will help educators comply with new legal requirements, create meaningful change in the behavior of at-risk students, and ultimately develop more productive and empathetic citizens. "Don't Suspend Me! is needed across all schools. This book will give administrators

an easy-to-follow plan while dealing with the variety of discipline issues on a daily basis." Leo Castillo, Principal Sanger Unified School District, Sanger, CA "Don't Suspend Me! offers a timely topic and gets into the nuts and bolts of the practitioner's point of view. The toolbox nature is exactly what is needed for those who have determined to try alternative discipline options and now need specific guidance on how to implement." Jason Thompson, Assistant Principal Jefferson Elementary, Schenectady, NY **Old or New School Methodism?** May 08 2022 On September 7, 1881, Matthew Simpson, Bishop in the

offsite.creighton.edu

Methodist Episcopal Church, in a London sermon asserted that, "As to the divisions in the Methodist family, there is little to mar the family likeness." Nearly a quarter-century earlier, Benjamin Titus (B.T.) Roberts, a minister in the same branch of Methodism as Simpson, had published an article titled in the Northern Independent in which he argued that Methodism had split into an "Old School" and "New School." He warned that if the new school were to "generally prevail," then "the glory will depart from Methodism." As a result, Roberts was charged with "unchristian and immoral conduct" and expelled from the

Genesee Conference of the Methodist Episcopal Church (MEC). Old or New School Methodism? examines how less than three decades later Matthew Simpson could claim that the basic beliefs and practices that Roberts had seen as threatened were in fact a source of persisting unity across all branches of Methodism. Kevin M. Watson argues that B. T. Roberts's expulsion from the MEC and the subsequent formation of the Free Methodist Church represent a crucial moment of transition in American Methodism. This book challenges understandings of American Methodism that emphasize its breadth and

openness to a variety of theological commitments and underemphasize the particular theological commitments that have made it distinctive and have been the cause of divisions over the past century and a half. Old or New School Methodism? fills a major gap in the study of American Methodism from the 1850s to 1950s through a detailed study of two of the key figures of the period and their influence on the denomination.

International Relations in France Jan 04 2022 Why is the French International Relations (IR) discipline different from the transnational-American discipline? By analysing argument structures in

research articles across time, this book shows how the discipline in France is caught between the American character of the discipline and the French state as regulator of legitimate forms of expression. Concretely, French research arguments are less explicit about what their propositions are and what academic discussions they draw on and add to than their transnational-American counterparts. Based on a comparative case study of French and American IR research from 1950 to 2011, the book is a major contribution to the meta-IR literature on global, regional and national traditions of IR. The challenge to the French

discipline of whether and how to position itself in relation to the evolving American discipline is in many ways exemplary for other non-American national IR disciplines, and the choices as well as the structural conditions underlying the French case are relevant to all non-Western disciplines. The comparative analysis moreover reveals that the modern American discipline -- what is considered as recognisable social science -- takes shape only during the 1970s. The book thus offers new knowledge about the discipline's international development as such. Both case and methodology are

interesting to larger audiences outside IR, in the history and sociology of social science, contrastive rhetoric, as well as French and cultural studies.

School Discipline and Self-Discipline Oct 13 2022 How can schools create safe, well-supervised classroom environments while also teaching students skills for managing their behavior on their own? This invaluable guide presents a framework for achieving both of these crucial goals. It shows how to balance external reinforcements such as positive behavior supports with social-emotional learning interventions. Evidence-based techniques are provided for targeting the cognitive and

emotional processes that underlie self-discipline, both in classroom instruction and when correcting problem behavior. Describing how to weave the techniques together into a comprehensive schoolwide disciplinary approach, the book includes over a dozen reproducible forms, checklists, and assessment tools. The large-size format facilitates photocopying. This book is in The Guilford Practical Intervention in the Schools Series, edited by Sandra M. Chafouleas.

Building Classroom Discipline Mar 30 2024
Preventing Classroom

Discipline Problems Jan 16 2023 ORDER 10 OR MORE OF ANY ITEM AND RECEIVE A 20% DISCOUNT! Preventing Classroom Discipline Problems is a handbook, with its own self-improvement exercises, for all the skills needed to implement successful classroom management and eliminate discipline problems. It features a unique training video and CD both cued to the book for: education workshops, administrators, teachers, and education students. The video can be shown at faculty meetings, education

workshops, classes, etc., and the CD can be used for independent training at each student or teachers' private computer. With access to Online, Confidential Help, and a professional seminar, from the author, a national consultant on Classroom Management, at: <http://www.ClassroomManagementOnline.com/> The video/CD demonstrates both the ineffective and effective teacher with real classroom discipline problems. These scenes are spontaneously acted out by real teachers and student-teachers. Instead of following a written script, they act out how their real disruptive students would

actually behave, and what they, the teachers, would actually say in these classroom situations. If "the teacher" in the scene does something that is ineffective, what you will see is how their real students would actually respond. If, on the other hand, the teacher is effective, then you'll see how their real students would actually change their behavior. These materials (book, video, CD) do not just help with handling discipline problems, but also help educators diagnose the causes of discipline problems, and thereby help with the prevention of disruptive behavior (rather than just controlling discipline problems)

for more effective classroom management. All the suggestions can be implemented without asking educators to change their personal teaching styles, and without the need for a school to revamp its entire program (as some discipline programs require). The book and video/CD can be used by individual teachers and administrators who wish to cut down on referrals to the of *Celebration of Discipline* Oct 25 2023 In the twenty years since its publication, *Celebration of Discipline* has helped over a million seekers discover a richer spiritual life infused with joy, peace, and a deeper understanding of God.

For this special twentieth anniversary edition, Richard J. Foster has added an introduction, in which he shares the story of how this beloved and enduring spiritual guidebook came to be. Hailed by many as the best modern book on Christian spirituality, *Celebration of Discipline* explores the "classic Disciplines," or central spiritual practices, of the Christian faith. Along the way, Foster shows that it is only by and through these practices that the true path to spiritual growth can be found. Dividing the Disciplines into three movements of the Spirit, Foster shows how each of these areas contribute to a balanced spiritual life. The

inward Disciplines of meditation, prayer, fasting, and study, offer avenues of personal examination and change. The outward Disciplines of simplicity, solitude, submission, and service, help prepare us to make the world a better place. The corporate Disciplines of confession, worship, guidance, and celebration, bring us nearer to one another and to God. Foster provides a wealth of examples demonstrating how these Disciplines can become part of our daily activities-and how they can help us shed our superficial habits and "bring the abundance of God into our lives." He offers crucial new insights on simplicity,

offsite.creighton.edu

demonstrating how the biblical view of simplicity, properly understood and applied, brings joy and balance to our inward and outward lives and "sets us free to enjoy the provision of God as a gift that can be shared with others." The discussion of celebration, often the most neglected of the Disciplines, shows its critical importance, for it stands at the heart of the way to Christ. Celebration of Discipline will help motivate Christians everywhere to embark on a journey of prayer and spiritual growth.

Discipline-Centered Learning Communities: Creating Connections Among Students, Faculty,

and Curricula Jun 20 2023
Take an in depth look at discipline-centered learning communities. Using psychology as an example, this issue provides prescriptive advice for those interested in developing a learning community in any academic discipline or program. Learning communities are a powerful vehicle for creating and sustaining connections among students, faculty, and the curriculum, but creating one can be a challenge. By providing resources, practical case studies, and theoretical grounding, this volume can both inspire and guide faculty, staff, and administrators in meeting their pedagogical and

curricular goals. Learn how the five types of learning communities—based curricularly, residentially, in the classroom, on the students themselves, and even virtually—can be used to enhance student engagement and learning. Illustrating the versatility of the practice across a wide range of settings, student populations, and institutional types, this issue also contains an extensive listing of resources that go beyond disciplinary boundaries and open possibilities for all in higher education. This is the 132nd volume of this Jossey-Bass higher education series. *New Directions for Teaching and Learning* offers a

comprehensive range of ideas and techniques for improving college teaching based on the experience of seasoned instructors and the latest findings of educational and psychological researchers.

**BEST PRACTICE IN
MOTIVATION AND
MANAGEMENT IN THE
CLASSROOM** Aug 30 2021

Having the ability to manage the learning environment, motivate students in the environment, and offer instruction that itself is motivating and which contributes to students learning what they need to learn and acquiring skills they need to acquire characterizes effective teachers. To meet

these expectations, teachers need highly developed skills as instructional specialists, motivators, managers, and problem solvers. This new and expanded edition offers practical information for beginning as well as veteran teachers to become more knowledgeable, skilled, and effective in their work. Through study, application of what has been studied, and analysis and evaluation of the end result of this application, teachers who care to improve can improve. The text provides a specific context and focus for this active learning in areas of management and motivation. Additional sections discuss: understanding motivation and

motivating environments, creating a managed environment with models and theories of management, best practice in teaching, creating and maintaining safe learning environments, responding to student motivation and behavior problems, and case studies for analysis in student motivation and classroom management. The text reviews appropriate strategies when responding to specific types of student misbehavior and also discusses zero tolerance policies, bullying, expulsion, teaching special students, addressing diversity, violence, school uniforms, and drug abuse as related to management and motivation. It

is highlighted with supporting examples, question and activity sections by chapter, a helpful glossary, and 29 additional tables. This third edition continues to be an invaluable resource for teachers, student teachers, special educators, and school administrators in providing guidance, practical recommendations, and insight into developing sound management and motivation in the classroom.

Extreme Ownership Jul 30

2021 An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special

operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin's SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed "all but lost." In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three's Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that

helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, *Extreme Ownership* shows how to apply them to any team, family or

organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. A compelling narrative with powerful instruction and direct application, *Extreme Ownership* revolutionizes business management and challenges leaders everywhere to fulfill their ultimate purpose: lead and win.

Don't Suspend Me! May 27 2021 Learn how alternative discipline methods can create long-term change Suspensions don't work. They don't improve

behavior and they don't address the social-emotional needs of students. There are better, alternative discipline methods that can create positive, meaningful long-term changes in the behavior of challenging students. Aligned with educational law, *Don't Suspend Me!* gives educators the tools they need to apply these alternative methods. Readers will find A toolkit with alternative strategies to use for the most common behavior challenges Case study examples and testimonials from educators in the field Worksheets and exercises for the major discipline incidents that occur in schools Answers to commonly asked questions

Discipline in the Secondary Classroom Jun 08 2022

Improve student behavior and motivation with this comprehensive resource Discipline in the Secondary Classroom: A Positive Approach to Behavior Management, 4th Edition is an insightful treatment of the always-challenging topic of discipline in the high school classroom. The newly revised edition of the book incorporates a renewed focus on classroom management plans, handling the use and misuse of electronic devices in the classroom, and adapting instruction for a virtual classroom setting. Discipline in the Secondary Classroom

offsite.creighton.edu

discusses other issues crucial to the successful management of secondary classrooms and include:

- How behavior is learned
- Managing student work
- Managing the use of technology and electronic devices in the classroom
- Active engagement strategies for teacher-directed instruction (both the physical classroom and the virtual classroom)
- Corrective strategies for misbehavior and inattention
- Maintaining a Cycle of Continuous Improvement to be a better teacher each year

Perfect for grade 9 to 12 classroom teachers and educational administrators—including principals, assistant principals,

staff development professionals, and consultants— Discipline in the Secondary Classroom constitutes an indispensable resource for anyone aiming to achieve a civil, safe, and fair classroom environment.
