The Burning Jonathan Kellerman,Jesse Kellerman,2021-09-21 Things get personal for Deputy Coroner Clay Edison when a murder hits close to home in this riveting emotional thriller from the bestselling father son team who write brilliant page turning fiction Stephen King A raging wildfire A massive blackout A wealthy man shot to death in his palatial hilltop home For Clay Edison it s all in a day s work As a deputy coroner caring for the dead he speaks for those who cannot speak for themselves He prides himself on an unflinching commitment to the truth Even when it gets him into trouble Then while working the murder scene Clay is horrified to discover a link to his brother Luke Horrified But not surprised Luke is fresh out of prison and struggling to stay on the straight and narrow And now he s gone AWOL The race is on for Clay to find him before anyone else can Confronted with Luke s legacy of violence Clay is forced to reckon with his own suspicions resentments and loyalties Is his brother a killer Or could he be the victim in all of this too This is Jonathan and Jesse Kellerman at their most affecting and page turning a harrowing collision of family revenge and murder

Brilliant Jane Brox,2010-06-29 This superb history of artificial light traces the evolution of society invariably fascinating and often original it amply lives up to its title Publishers Weekly starred review In *Brilliant* Jane Brox explores humankind's ever changing relationship to artificial light from the stone lamps of the Pleistocene to the LEDs embedded in fabrics of the future More than a survey of technological development this sweeping history reveals how artificial light changed our world and how those social and cultural changes in turn led to the pursuit of more ways of spreading maintaining and controlling light Brox plumbs the class implications of light who had it who didn't through the centuries when crude lamps and tallow candles constricted waking hours She identifies the pursuit of whale oil as the first time the need for light thrust us toward an environmental tipping point Only decades later gas street lights opened up the evening hours to leisure which changed the ways we live and sleep and the world's ecosystems Edison's bulbs produced a light that seemed to its users all but divorced from human effort or cost And yet as Brox's informative portrait of our current grid system shows the cost is ever with us *Brilliant* is infused with human voices startling insights and timely questions about how our future lives will be shaped by light

In Defense of Looting Vicky Osterweil,2020-08-25 A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy Looting a crowd of people publicly openly and directly seizing goods is one of the more extreme actions that can take place in the midst of social unrest Even self-identified radicals distance themselves from looters fearing that violent tactics reflect badly on the broader movement But Vicky Osterweil argues that stealing goods and destroying property are direct pragmatic strategies of wealth redistribution and improving life for the working class not to mention the brazen messages these methods send to the police and the state All our beliefs about the innate righteousness of property and ownership Osterweil explains are built on the history of anti-Black anti-Indigenous oppression From slave revolts to labor strikes to the modern day movements for climate change Black lives and police abolition Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized *In Defense of Looting* is a history of violent protest sparking social change a compelling reframing of revolutionary activism and a practical vision for a dramatically restructured society

Blood, money & power Barr McClellan,2003 The author formerly one of Lyndon Johnson's lawyers explains why he believes that Johnson was behind the Kennedy assassination

Christian Faith and the Truth Behind 9/11 David Ray Griffin,2006 Probing disturbing questions that beg for a response from the Christian community a distinguished scholar of religion and popular writer analyzes the evidence about 9/11 and then explores a distinctively Christian perspective on these issues taking seriously what we know about Jesus' life death and teachings

World Report 2020 Human Rights Watch,2020-01-28 The best country by country assessment of human rights The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report Reflecting extensive investigative work undertaken by Human Rights Watch staff in close partnership with domestic human rights activists the annual *World Report* is an invaluable resource for journalists diplomats and citizens and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe

The Spitfire Grill James Valcq, Fred Alley, Lee David Zlotoff, 2002 It all starts with the release of fidgety suspicious Percy Talbott from state prison after serving a five year sentence We don't know why only that she's released and on her way to Gilead and its colors of paradise But when she arrives it is February and bitter cold and the only one around to meet her is restless Sheriff Joe Turner who takes her to the Spitfire Grill to help the aging Hannah Ferguson run the diner All is gray dismal and listless around them and the characters are in the winter of their lives emotionally and spiritually

Our Enemies in Blue Kristian Williams, 2015-08-03 Let's begin with the basics violence is an inherent part of policing The police represent the most direct means by which the state imposes its will on the citizenry They are armed trained and authorized to use force Like the possibility of arrest the threat of violence is implicit in every police encounter Violence as well as the law is what they represent Using media reports alone the Cato Institute's last annual study listed nearly seven thousand victims of police misconduct in the United States But such stories of police brutality only scratch the surface of a national epidemic Every year tens of thousands are framed blackmailed beaten sexually assaulted or killed by cops Hundreds of millions of dollars are spent on civil judgments and settlements annually Individual lives families and communities are destroyed In this extensively revised and updated edition of his seminal study of policing in the United States Kristian Williams shows that police brutality isn't an anomaly but is built into the very meaning of law enforcement in the United States From antebellum slave patrols to today's unarmed youth being gunned down in the streets peace keepers have always used force to shape behavior repress dissent and defend the powerful Our Enemies in Blue is a well researched page turner that both makes historical sense of this legalized social pathology and maps out possible alternatives

Predictably Irrational Dan Ariely, 2008-02 Intelligent lively humorous and thoroughly engaging The Predictably Irrational explains why people often make bad decisions and what can be done about it
