*The Broken Estate* James Wood,2013-11-06 This book recalls an era when criticism could change the way we look at the world In the tradition of Matthew Arnold and Edmund Wilson James Wood reads literature expansively always pursuing its role and destiny in our lives In a series of essays about such figures as Melville Flaubert Chekhov Virginia Woolf and Don DeLillo Wood relates their fiction to questions of religious and philosophical belief He suggests that the steady ebb of the sea of faith has much to do with the revolutionary power of the novel as it has developed over the last two centuries To read James Wood is to be shocked into both thinking and feeling how great our debt to the novel is In the grand tradition of criticism Wood's work is both commentary and literature in its own right fiercely written polemical and richly poetic in style This book marks the debut of a masterly literary voice

*Becoming John Updike* Laurence W. Mazzeno, 2013 When John Updike died in 2009 tributes from the literary establishment were immediate and fulsome However no one reading reviews of Updike s work in the late 1960s would have predicted that kind of praise for a man who was known then as a brilliant stylist who had nothing to say What changed Why And what is likely to be his legacy These are the questions that *Becoming John Updike* pursues by examining the journalistic and academic response to his writings Several things about Updike s career make a reception study appropriate First he was prolific he began publishing fiction and essays in 1956 published his first book in 1958 and from then on brought out at least one new book each year Second his books were reviewed widely usually in major American newspapers and magazines and often in foreign ones as well Third Updike quickly became a darling of academics the first book about his work was published in 1967 less than a decade after his own first book More than three dozen books and hundreds of articles of academic criticism have been devoted to Updike The present volume will appeal to the continuing interest in Updike s writing among academics and general readers alike Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson and Matthew Arnold for Camden House s *Literary Criticism in Perspective* series

Literary Secularism Amardeep Singh, 2008-12-18 Literary Secularism Religion and Modernity in Twentieth Century Fiction shows the path to secularization in the modern novel in comparative perspective Writers as diverse as George Eliot James Joyce Salman Rushdie Orhan Pamuk Taslima Nasrin and James Wood have all struggled with religious orthodoxy in their personal lives and are some of the most important and representative secular writers in the modern world canon But their novels which are far more than mere anti religious manifestos directly reflect the continued power of religious communities and institutions in the modern world While religion is in a very real sense displaced from epistemological centrality in modernity all of these writers suggest that religious texts rituals and communities have a force that is in George Eliot's words still throbbing in modern life In a series of close readings Literary Secularism argues that the intimate often deeply ambivalent representation of religion is a key feature of modern writing and is central to the larger intellectual and historical project of modernity Literary Secularism is then a complex literary ethos which impinges as much on style language and novelistic form as on theme The close readings here of novels such as George Eliot's Daniel Deronda Rabindranath Tagore's Gora James Joyce's Ulysses and Salman Rushdie's The Satanic Verses all hinge on the ambiguity of religious and secular discourses In some cases the ambiguity is expressed through the affective and embodied experience of the protagonists whose private subjectivity often conflicts with their public identities The conflict between present and private is also explored in a dedicated chapter on secularism and feminism in India as well as with regard to the global crisis of secularism that has emerged following the terrorist attacks of 9 11 While the particular experiences of the various narratives vary somewhat from author to author all of the authors in this study are interested in defining a way of being secular that no sociological or ideological formula can fully describe Correspondingly while works of literature are certainly artifacts marking key moments in the history of secularisation literature by itself doesn't produce secularism in either the cultural or the political context In arguing for the literary as a historically specific social and cultural mode of secularity Literary Secularism offers a unique perspective on the problem of secularisation that may be of interest to fields such as literary criticism religious studies the sociology of religion and political theory
