She's thrilled when the perfect opportunity falls in her lap. The catch? The job is at her husband's hospital and he seems not to share her enthusiasm. Undeterred, she takes the position counseling vulnerable young women as they prepare to give birth. Marti quickly begins to feel like she is making a difference in the lives of her clients. Soon, though, she finds herself caught up in the dark side of the medical center—with its long hours, overworked doctors and entrenched practices. When she witnesses something she can't unsee, Marti, who has always done her best to keep a low-profile, finds herself thrust under a dangerous spotlight with all of Richmond, Virginia watching. In her captivating domestic suspense novel *Best Intentions*, Erika Raskin weaves together high stakes hospital politics, the pressures of family life, and the consequences of trying to do the right thing, particularly in a city with a history as fraught as Richmond's. We are operating in a world defined by constant connection, rapid change, and abundant choices. News that once took months, even years, to spread now reaches across the globe in seconds. Advances in medicine and science are pushing boundaries with gene therapy and stem cell transplants. And decisions about where and how to work and live are nearly endless. As new knowledge--and the possibilities that arise from that knowledge--propels us forward, leadership readiness expert and renowned author Erika Andersen suggests that success in today's world requires the ability to acquire new knowledge and skills quickly and continuously--in

spite of our mixed feelings about being a novice. In her newest book, *Be Bad First*, Erika explores how we can become masters of mastery; proficient in the kind of high-payoff learning that's needed today. With assessments and exercises at the close of every chapter, she encourages readers to embrace being bad on the way to being great--to be novices over and over again as we seek to learn and acquire the new skills that will allow us to thrive in this fast-changing world. Salvatore and Erika Lewis deliver a sweeping, action-packed, romantic pre-Arthurian tale of the origins of magic (and Merlin), perfect for fans of *Falling Kingdoms* and *Seraphina*. Neither has any idea of the destiny that they both carry, or that their meeting will set off a chain of events that will alter every aspect of the life they know—and all of history thereafter. This epic, romantic tale will enchant readers and draw them into a thrilling world of star-crossed lovers, magic, destiny, and the paths we choose. A Long Island Reads 2020 Selection

A modern-day historian finds her life intertwined with Annie Oakley's in an electrifying novel that explores female revenge and the allure of changing one's past. Ruth McClintock is obsessed with Annie Oakley. For nearly a decade, she has been studying the legendary sharpshooter, convinced that a scarring childhood event was the impetus for her crusade to arm every woman in America. This search has cost Ruth her doctorate, a book deal, and her fiancé—but finally it has borne fruit. She has managed to hunt down what may be a journal of Oakley’s midlife struggles, including secret visits to a psychoanalyst and the desire for vengeance against the “Wolves,” or those who have wronged her. With the help of Reece, a tech-savvy senior at the local high school, Ruth attempts to establish the journal’s provenance, but she’s begun to have jarring out-of-body episodes parallel to Annie’s own lived experiences. As she solves Annie’s mysteries, Ruth confronts her own truths, including the link between her teenage sister’s suicide and an impending tragedy in her Minnesota town that Ruth can still prevent. Ellie, Chloe, and Rachel are friends (sort of), waitresses at the same dive bar in the Arkansas college town they've stuck around in too long, each becoming unmoored in her own way. When Rachel falls under the sway of a messianic boyfriend with whom she's agreed to live off-grid for a year, she convinces Ellie and Chloe to join them in "The Project." A picture book debut by an award-winning author about a boy's life on the U.S.-Mexico border, visiting his favorite places on The Other Side with his father, spending time with family and friends, and sharing in the responsibility of community care. Early one Saturday morning, a boy prepares for a trip to The Other Side/El Otro Lado. It's close--just down the street--and it's a twin of where he lives. To get there, his father drives their truck along the Rio Grande and over a bridge, where they're greeted by a giant statue of an eagle. Their outings always include a

meal at their favorite restaurant, a visit with Tío Mateo at his jewelry store, a cold treat from the paletero, and a pharmacy pickup. On their final and most important stop, they check in with friends seeking asylum and drop off much-needed supplies. *My Two Border Towns* by David Bowles, with stunning watercolor illustrations by Erika Meza, is the loving story of a father and son's weekend ritual, a demonstration of community care, and a tribute to the fluidity, complexity, and vibrancy of life on the U.S.-Mexico border. Available in English and Spanish. Take it from Erica - you can travel alone and live the life you've always wanted, and it doesn't need to be a complicated or scary process. In fact, becoming a solo traveler and claiming your personal adventure is one of the best things you can do for your life. People will tell you you're crazy, but do you really want to live your life according to what other people think? Are you really going to let fear stop you from reaching your dreams? You only have one life to live and it's up to you whether you're going to live it to the fullest or not. Now is the time to have the adventure you've always wanted! An award-winning and hard-hitting new voice in contemporary American poetry

The first time I ever came the light was weak and carnivorous. I covered my eyes and the night cleared its dumb throat. I heard my mother wringing her hands the next morning. Of course I put my underwear on backwards, of course the elastic didn't work. What I wanted most at that moment was a sandwich. But I just nursed on this leather whip. I just splattered my sheets with my sadness. —from “Poem of My Humiliations”

“What is life but a cross / over rotten water?” Poet, novelist, and essayist Erika L. Sánchez’s powerful debut poetry collection explores what it means to live on both sides of the border—the border between countries, languages, despair and possibility, and the living and the dead. Sánchez tells her own story as the daughter of undocumented Mexican immigrants and as part of a family steeped in faith, work, grief, and expectations. The poems confront sex, shame, race, and an America roiling with

xenophobia, violence, and laws of suspicion and suppression. With candor and urgency, and with the unblinking eyes of a journalist, Sánchez roves from the individual life into the lives of sex workers, narco-traffickers, factory laborers, artists, and lovers. What emerges is a powerful, multifaceted portrait of survival. *Lessons on Expulsion* is the first book by a vibrant, essential new writer now breaking into the national literary landscape. One of BuzzFeed's 24 Best Fiction Books of 2015 "As Simon, a lonely research librarian, searches frantically for the key to a curse that might be killing the women in his family, he learns strange and fascinating secrets about their past. A tale full of magic and family mystery, *The Book of Speculation* will keep you up all night reading."—Isaac Fitzgerald, BuzzFeed

Simon Watson, a young librarian, lives alone in a house that is slowly crumbling toward the Long Island Sound. His parents are long dead. His mother, a circus mermaid who made her living by holding her breath, drowned in the very water his house overlooks. His younger sister, Enola, ran off six years ago and now reads tarot cards for a traveling carnival. One June day, an old book arrives on Simon's doorstep, sent by an antiquarian bookseller who purchased it on speculation. Fragile and water damaged, the book is a log from the owner of a traveling carnival in the 1700s, who reports strange and magical things, including the drowning death of a circus mermaid. Since then, generations of "mermaids" in Simon's family have drowned--always on July 24, which is only weeks away. As his friend Alice looks on with alarm, Simon becomes increasingly worried about his sister. Could there be a curse on Simon's family? What does it have to do with the book, and can he get to the heart of the mystery in time to save Enola? In the tradition of Sara Gruen's *Water for Elephants*, Erin Morgenstern's *The Night Circus*, and Elizabeth Kostova's *The Historian*, *The Book of Speculation*--with two-color illustrations by the author--is Erika Swyler's moving debut novel about the power of books, family, and magic. Camp is in session in this cheer-

tastic middle-grade novel about making new friends, finding your place, and learning to embrace your inner Magic. Magic Olive Poindexter has big shoes to fill. Her mother was a professional cheerleader, her father is a retired NBA legend, her big sister is the new face of the oh-so-glamorous Laker Girls, and her grandmother was the first black cheerleader ever on Valentine Middle School's HoneyBee cheer squad. Magic wants nothing more than to follow in their footsteps. But first, she has to survive Planet Pom Poms, the summer cheer camp where she'll audition for a spot on the HoneyBee squad. But with zero athletic ability and a group of mean girls who have her number, Tragic Magic is a long way from becoming the toe-touching cheerleader heroine she dreams of being. Things start to look up when her best friend Cappie joins her at camp—until Cappie gets bitten by the popularity bug, that is. To make matters worse, Magic's crushing hard on football star Dallas Chase. Luckily, Magic's not alone: with the help of a new crew of fabulous fellow misfits and her Grammy Mae's vintage pom poms by her side, Tragic Magic might just survive—and even thrive—at cheer camp.

Video chats full of “oops sorry no you go” and “can you hear me?!” Ambiguous text-messages. Weird punctuation you can't make heads or tails of. Is it any wonder communication takes us so much time and effort to figure out? How did we lose our innate capacity to understand each other? Humans rely on body language to connect and build trust, but with most of our communication happening from behind a screen, traditional body language signals are no longer visible -- or are they? In *Digital Body Language*, Erica Dhawan, a go-to thought leader on collaboration and a passionate communication junkie, combines cutting edge research with engaging storytelling to decode the new signals and cues that have replaced traditional body language across genders, generations, and

culture. In real life, we lean in, uncross our arms, smile, nod and make eye contact to show we listen and care. Online, reading carefully is the new listening. Writing clearly is the new empathy. And a phone or video call is worth a thousand emails. Digital Body Language will turn your daily misunderstandings into a set of collectively understood laws that foster connection, no matter the distance. Dhawan investigates a wide array of exchanges—from large conferences and video meetings to daily emails, texts, IMs, and conference calls—and offers insights and solutions to build trust and clarity to anyone in our ever changing world. This definitive history of American xenophobia is "essential reading for anyone who wants to build a more inclusive society" (Ibram X. Kendi, New York Times-bestselling author of How to Be an Antiracist). The United States is known as a nation of immigrants. But it is also a nation of xenophobia. In America for Americans, Erika Lee shows that an irrational fear, hatred, and hostility toward immigrants has been a defining feature of our nation from the colonial era to the Trump era. Benjamin Franklin ridiculed Germans for their "strange and foreign ways." Americans' anxiety over Irish Catholics turned xenophobia into a

national political movement. Chinese immigrants were excluded, Japanese incarcerated, and Mexicans deported. Today, Americans fear Muslims, Latinos, and the so-called browning of America. Forcing us to confront this history, Lee explains how xenophobia works, why it has endured, and how it threatens America. Now updated with an epilogue reflecting on how the coronavirus pandemic turbocharged xenophobia, *America for Americans* is an urgent spur to action for any concerned citizen. Change initiatives fail because humans are hardwired to return to what's worked for us in the past. This book offers a straightforward process for rewiring ourselves and those we lead to be more change-capable. Erika Andersen says avoiding change has been a historical imperative. In this book, she shows how we can overcome that reluctance and get good at making necessary change. Using a fictional story about a jewelry business changing generational hands, Andersen lays out a five-step model for addressing both this human side of change and its practical aspects: Step 1: Clarify the change and why it's needed—Get clear on what the change is and the benefits it will bring. Step 2: Envision the future state—Build a shared picture of the post-change future. Step 3: Build the change—Bring together a change team, engage key stakeholders, and plan the change. Step 4: Lead the transition—Build a transition plan that supports the human side of the change, then engage the whole organization in making the change. Step 5: Keep the change going—Work to make your organization permanently more change-capable. With opportunities to self-reflect and try out the ideas and approaches throughout, this book is a practical guide to thriving in this era of nonstop change. “Equal parts pee-your-pants hilarity and break your heart poignancy- like the perfect brunch date you never want to end!”--America Ferrera, Emmy award-winning actress in *Ugly Betty* From the New York Times bestselling author of *I Am Not Your Perfect Mexican Daughter*, an utterly original memoir-in-essays that is as deeply moving as it is hilarious

Growing up as the daughter of Mexican immigrants in Chicago in the nineties, Erika Sánchez was a self-described pariah, misfit, and disappointment—a foul-mouthed, melancholic rabble-rouser who painted her nails black but also loved comedy, often laughing so hard with her friends that she had to leave her school classroom. Twenty-five years later, she's now an award-winning novelist, poet, and essayist, but she's still got an irrepressible laugh, an acerbic wit, and singular powers of perception about the world around her. In these essays, Sánchez writes about everything from sex to white feminism to debilitating depression, revealing an interior life rich with ideas, self-awareness, and perception. Raunchy, insightful, unapologetic, and brutally honest, *Crying in the Bathroom* is Sánchez at her best—a book that will make you feel that post-confessional high that comes from talking for hours with your best friend. The novel "MYSTY FYORD IS MISSING" tracks down the disappearance of ten multi-million yachts in South Florida. STRATEGY? TACTICS? CONFUSED? How many times have you sat in a meeting and heard someone use the word “strategic?” As in: “We’re not being very strategic about X.” or “We need a strategic plan for project Y.” And, if your organization is like most, everyone in the meeting nods wisely, the meeting drones on, people endlessly debate how to approach the situation at hand, with – generally – no one the wiser as to what “strategic” really means. Next time, respond: “Being strategic means consistently making those core directional choices that will best move us toward our hoped-for future. Is this what we’re doing?” Everybody talks about strategy, but there is a big gap between discussing strategy, defining strategy and actually being strategic -- so you can accomplish something. This book helps you approach business—and life—strategically, explaining what strategy is, why it's important, and how to do it. Being Strategic offers you a step-by-step model and skills for strategic thought and action that are broadly applicable and thoroughly practical: • First, get clear about the problem you’re trying to solve • Then, figure out where you’re starting from • Now, imagine your “castle on the hill,” the future you want to create. • Identify the “trolls under the bridge”; the obstacles in your path • Next, outline the path to the castle: your core strategies and the tactics for implementing them. • Re-evaluate your strategy and your tactics as conditions change

Framed around the story of 13th-century Welsh nobles building an actual castle, and weaving in dozens of real-life examples from her practice, which has helped restaurateur Danny Meyer and many others, noted consultant Erika Andersen offers a complete course in turning around a business, or a life.
