Small Group and Team Communication Thomas E. Harris, John C. Sherblom, 2018-05-10 Much of contemporary communication occurs between and among small groups whether in person in a work setting or on the Internet via email Facebook or instant messages How we engage in our small group communication in each medium matters To be effective we have to consider our group roles norms cohesion process and phases of development as well as our personal verbal and nonverbal communication and listening styles To succeed as a member of a team we need to consider the limits of our personal experience and perspective recognize the creative strength of diverse perspectives in decision making and problem solving develop our conflict management skills and strengthen our leadership skills To be successful necessitates an understanding of group process participation style ethical group behavior and the influences of the medium Small Group and Team Communication explores all these different interconnections and the communication strategies we use in our work and social groups The authors use the systems perspective as their core approach throughout the text treating small groups as complex open systems reliant upon communication to achieve success Many chapters highlight the importance of considering ethics and diversity in relation to a variety of topics Harris and Sherblom address the growing influence of computer mediated communication to this discipline Real world applied examples show students that what they re learning aren t simply abstract concepts but knowledge that will serve them outside the classroom

Small Group and Team Communication Thomas E. Harris, John Sherblom, 2002 This text employs systems theory as a basic orientation to describe small group communications as open and complex systems presenting several perspectives for understanding group communication within this systems framework Focus is on diversity creativity and teams

Small Group and Team Communication Thomas E. Harris (Ph. D.), John Sherblom, 1999-01 Praised for its writing style research base and range of topics covered Small Group and Team Communication develops issues of diversity ethics technology and the organizational use of groups and teams within a systems theory framework Clearly organized and logically presented this book provides the opportunity for outstanding discussions of critical issues Harris and Sherblom effectively integrate real world examples hypothetical situations social science theories and scholarly research into a unified discussion of small group and team communication Through extensive examples case studies and exercises Small Group and Team Communication engages the reader and guides them from theoretical discussions into application and experience of the concepts presented

Communicating in Groups and Teams: Sharing Leadership Gay Lumsden, Donald Lumsden, Carolyn Wiethoff, 2009-05-15 COMMUNICATING IN GROUPS AND TEAMS SHARING LEADERSHIP 5th Edition examines issues of teamwork and leadership with a strong focus on ethics and diversity The Fifth Edition addresses the recent attention given to teams in business and industry and includes an examination of technology s role in small group communication The text also explores the growing trend among colleges to challenge students understanding of their leadership competence and consider the ethical and social implications of group participation Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

The Fundamentals of Small Group Communication Scott A. Myers, Carolyn M. Anderson, 2008-01-17 From the Publisher With a focus on the individual group member The Fundamentals of Small Group Communication encourages readers to reflect on how their communication behaviors and practices contribute to their current small group experiences In this easy to read text authors Scott A Myers and Carolyn M Anderson introduce students to the fundamental issues faced by all small groups such as socialization development ethics and diversity and the procedures utilized by effective small groups The book is organized around three overarching themes characteristics of small group communication and the individual group member the group task and group member relationships Each chapter opens with a case study and includes an Ethically Speaking box that allows readers to reflect on how ethics is central to the small group communication process It is intended for undergraduate courses that introduce students to the basic fundamentals of small group communication

Real Communication Dan O'Hair, Mary Wiemann, 2012-01-16 Real Communication uses stories from real people and the world around us to present the best and most lively introduction to communication concepts Professors and students alike have fallen in love with Real Communication s down to earth writing style its coverage of research and its wealth of learning and teaching tools They also appreciate how Real Communication strives to weave the discipline s different strands together with the CONNECT feature that shows students how concepts work and apply across interpersonal small group and public speaking contexts The Second Edition is even better with a broader array of engaging examples new coverage of hot topics in the field like Intercultural and mediated communication plus a public speaking unit honed to provide the essential information students need for this fast paced course Whether you want a traditional paperback an e Book online or downloadable to a device a looseleaf edition or the book within the new HumanCommClass Real Communication has an option for you Read the preface

Communicating in Small Groups: Principles and Practices Steven A. Beebe, John Masterson, 2013-10-03 Known for its wealth of practical relevant and up to date information Communicating in Small Groups balances the principles of small group communication with real world applications With an emphasis on real world examples technology and ethical collaboration the 10th edition of Communicating in Small Groups Principles and Practices helps students enhance their performance in groups and teams while giving them insight in to why group and team members communicate as they do

In Mixed Company J. Dan Rothwell,2004 IN MIXED COMPANY has shown a substantial increase in popularity and acclaim with each successive edition Consequently in the Fifth Edition the author preserved the essence of previous versions and expanded somewhat the central unifying theme that cooperation in small groups is usually superior to competition In Mixed Company thoroughly addresses the theme of cooperation in small groups The communication competence model continues to guide discussions of key small group concepts and processes Systems theory also remains as a key theoretical component of the text and finally an extensive discussion and analysis of power in small groups continues to separate IN MIXED COMPANY from other textbooks

Communicating in Groups: Applications and Skills Katherine Adams,Gloria Galanes,2011-03-21 Communicating in Groups offers a concise step by step introduction to the theory and practice of small group communication and teaches students to develop and apply critical thinking skills in group problem solving situations The book continues to synthesize current small group theory and research while presenting the material in a practical and accessible manner for students interested in the dynamics of small group communication The eighth edition marks the first time two central chapters on communication are integrated into one chapter capturing key principles of both verbal and non verbal small group behavior within a new definition of communication With the firm belief that group participation can be an uplifting energizing experience authors Kathy Adams and Gloria Galanes give students the tools they will need to achieve this outcome Research and theory are presented with a focus on what is important to students understanding their group experiences and making them effective communicators

Creating Effective Groups Randy Fujishin,2007 The second edition of Creative Effective Groups provides an introduction to the study of small group communication including the areas of group decision making group problem solving group dynamics leadership and team building This practical book gives students the fundamental knowledge and skills necessary to communicate more effectively and interact more productively in the small group setting This updated edition of Creating Effective Groups contains new sections on reducing speaking anxiety increasing intercultural understanding including the S O A R technique for intercultural awareness and more The book also presents new end of chapter exercises BOOK JACKET
