Dearly Depotted Kate Collins,2005-07-05 Abby has her hands full at her cousin Jillian s wedding as florist bridesmaid and grandma sitter all while wearing a hideous dress Then the groom s 90 year old grandmother goes missing from the reception On her search Abby finds the corpse of guest Jack Snyder Now she must find out who killed Jack in the pulpit

Mockingjay (Hunger Games, Book Three) Suzanne Collins,2010-08-24 The greatly anticipated final book in the New York Times bestselling Hunger Games trilogy by Suzanne Collins The greatly anticipated final book in the New York Times bestselling Hunger Games trilogy by Suzanne Collins The Capitol is angry The Capitol wants revenge Who do they think should pay for the unrest Katniss Everdeen The final book in The Hunger Games trilogy by Suzanne Collins will have hearts racing pages turning and everyone talking about one of the biggest and most talked about books and authors in recent publishing history

Slay it with Flowers Kate Collins,2005-03-01 Abby s latest gig is the perfect marriage of her talents Not only does her bride to be cousin Jillian want Abby to be a bridesmaid she also wants her to sign on as floral designer and sleuth Though nearly once a year Jillian has agreed to marry a different man she has yet to make it to the alter But this time it s cold dead feet that may stop the wedding Before the couple says I do one of the groomsmen disappears and another member of the wedding party is found dead Luckily for Abby she has plenty of help including her brassy been there done that assistant a hunky bar owner with a penchant for love and justice and her own family Together they aim to unveil the truth and make sure the bride still gets her day to shine

Nothing Happened Susan A. Crane,2021-01-19 The past is what happened History is what we remember and write about that past the narratives we craft to make sense out of our memories and their sources But what does it mean to look at the past and to remember that nothing happened Why might we feel as if nothing is the way it was This book transforms these utterly ordinary observations and redefines Nothing as something we have known and can remember Nothing has been a catch all term for everything that is supposedly uninteresting or is just not there It will take some possibly considerable mental adjustment before we can see Nothing as Susan A Crane does here with a capital n But Nothing has actually been happening all along As Crane shows in her witty and provocative discussion Nothing is nothing less than fascinating When Nothing has changed but we think that it should have we might call that injustice when Nothing has happened over a long slow period of time we might call that boring Justice and boredom have histories So too does being relieved or disappointed when Nothing happens for instance when a forecasted end of the world does not occur and millennial movements have to regroup By paying attention to how we understand Nothing to be happening in the present what it means to know Nothing or to do Nothing we can begin to ask how those experiences will be remembered Susan A Crane moves effortlessly between different modes of seeing Nothing drawing on visual analysis and cultural studies to

suggest a new way of thinking about history By remembering how Nothing happened or how Nothing is the way it was or how Nothing has changed we can recover histories that were there all along The Art of Being Human Michael Wesch,2018-08-07 Anthropology is the study of all humans in all times in all places But it is so much more than that Anthropology requires strength valor and courage Nancy Scheper Hughes noted Pierre Bourdieu called anthropology a combat sport an extreme sport as well as a tough and rigorous discipline It teaches students not to be afraid of getting one s hands dirty to get down in the dirt and to commit yourself body and mind Susan Sontag called anthropology a heroic profession What is the payoff for this heroic journey You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten Real anthropology cannot be contained in a book You have to go out and feel the world s jagged edges wipe its dust from your brow and at times leave your blood in its soil In this unique book Dr Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human This special first draft edition is a loose framework for more and more complete future chapters and writings It serves as a companion to anth101 com a free and open resource for instructors of cultural anthropology This 2018 text is a revision of the first draft edition from 2017 and includes 7 new chapters
