Constellation of Genius Jul 09 2023 Ezra Pound referred to 1922 as Year One of a new era. It was the year that began with the publication of James Joyce's *Ulysses* and ended with the publication of T. S. Eliot's *The Waste Land*, two works that were arguably "the sun and moon" of modernist literature, some would say of modernity itself. In *Constellation of Genius*, Kevin Jackson puts the titanic achievements of Joyce and Eliot in the context of the world in which their works first appeared. As Jackson writes in his introduction, "On all sides, and in every field, there was a frenzy of innovation." It is in 1922 that Hitchcock directs his first feature; Kandinsky and Klee join the Bauhaus; the first AM radio station is launched; Walt Disney releases his first animated shorts; and Louis Armstrong takes a train from New Orleans to Chicago, heralding the age of modern jazz. On other fronts, Einstein wins the Nobel Prize in Physics, insulin is introduced to treat diabetes, and the tomb of Tutankhamun is discovered. As Jackson writes, the sky was "blazing with a 'constellation of genius' of a kind that had never been known before, and has never since been rivaled." *Constellation of Genius* traces an unforgettable journey through the diaries of the actors, anthropologists, artists, dancers, designers, filmmakers, philosophers, playwrights, politicians, and scientists whose lives and works—over the course of twelve months—brought a seismic shift in the way we think, splitting the cultural world in two. Was this a matter of inevitability or of coincidence? That is for the reader of this romp, this hugely entertaining chronicle, to decide.

[A Description of Acquaintance](#) Dec 02 2022 Gertrude Stein and Laura Riding enjoyed a fascinating if brief three-year friendship via correspondence between 1927 and 1930, and in *A Description of Acquaintance*, Logan Esdale and Jane Malcolm make the letters available to a larger audience for the first time. Riding and Stein are important figures in twentieth-century poetry and poetics and are considered progenitors of later movements such as L=A=N=G=U=A=G=E poetry. The editors contextualize their relationship and its time period with an introduction; annotations to the letters; and supplementary materials, including pieces by Stein and Riding that exemplify their singular perspectives on modernism as well as their personal poetics. The book provides unique insight into Stein's and Riding's writing processes as well as the larger literary world around them, making it a must-read for anyone interested in twentieth-century poetry.

Approaches to Teaching the Works of Gertrude Stein Sep 30 2022 A trailblazing modernist, Gertrude Stein studied psychology at Radcliffe with William James and went on to train as a medical doctor before coming out as a lesbian and moving to Paris, where she collected contemporary art and wrote poetry, novels, and libretti. Known as a writer's writer, she has influenced every generation of American writers since her death in 1946 and remains avant-garde. Part 1 of this volume, "Materials," provides information and resources that will help teachers and students begin and pursue their study of Stein. The essays of part 2, "Approaches," introduce major topics to be covered in the classroom--race, gender, feminism, sexuality, narrative form, identity, and Stein's experimentation with genre--in a wide range of contexts, including literary analysis, art history, first-year composition, and cultural studies.

Current Energy Shortages Oversight Series Dec 22 2021

The Papers of Thomas Jefferson: Retirement Series, Volume 15 Nov 20 2021 The 618 documents in this volume span 1 September

1819 to 31 May 1820. Jefferson suffers from a “colic,” recovery from which requires extensive rest and medication. He spends much time dealing with the immediate effects of the \$20,000 addition to his debts resulting from his endorsement of notes for the bankrupt Wilson Cary Nicholas. Jefferson begins to correspond with his carpenter, the enslaved John Hemmings, as Hemmings undertakes maintenance and construction work at Poplar Forest. Jefferson and his allies in the state legislature obtain authorization for a \$60,000 loan for the fledgling University of Virginia, the need for which becomes painfully clear when university workmen complain that they have not been paid during seven months of construction work. In the spring of 1820, following congressional discussion leading to the Missouri Compromise, Jefferson writes that the debate, “like a fire bell in the night, awakened and filled me with terror,” and that with regard to slavery, Americans have “the wolf by the ear, and we can neither hold him, nor safely let him go.”

A Sudden Light Jul 29 2022 From the author of the million-copy bestselling *The Art of Racing in the Rain* comes the breathtaking and long-awaited new novel. This novel centres on four generations of a once terribly wealthy and influential timber family who have fallen from grace; a mysterious yet majestic mansion, crumbling slowly into the bluff overlooking Puget Sound in Seattle; a love affair so powerful it reaches across the planes of existence; and a young man who simply wants his parents to once again experience the moment they fell in love, hoping that if he can feel that emotion again, maybe they won't get divorced after all.

Dracula Rising Jun 20 2024 Presented by #1 bestselling Kindle author, J.R. Rain. An epic tale of honor, adventure and secrets. Four hundred years before Bram Stoker put his pen to paper...bad things were happening in Transylvania...deadly things. The king of Wallachia joined a secret society with his intentions unknown. That is, until his son, Prince Vlad the third, begins to unravel the ancient mystery. Are these the deeds of a powerful king or something more sinister? Only Vlad can uncover the truth, one that leads to long buried secrets, unexpected journeys, and a future that pits father against son and loyalty against honor. With the fate of humanity in the balance, Vlad finds himself the centerpiece in a supernatural battle...with the lives of the people he loves most at stake.

An Introduction to Stein's Method Jun 27 2022 A common theme in probability theory is the approximation of complicated probability distributions by simpler ones, the central limit theorem being a classical example. Stein's method is a tool which makes this possible in a wide variety of situations. Traditional approaches, for example using Fourier analysis, become awkward to carry through in situations in which dependence plays an important part, whereas Stein's method can often still be applied to great effect. In addition, the method delivers estimates for the error in the approximation, and not just a proof of convergence. Nor is there in principle any restriction on the distribution to be approximated; it can equally well be normal, or Poisson, or that of the whole path of a random process, though the techniques have so far been worked out in much more detail for the classical approximation theorems. This volume of lecture notes provides a detailed introduction to the theory and application of Stein's method, in a form suitable for graduate students who want to acquaint themselves with the method. It includes chapters treating normal, Poisson and compound Poisson approximation, approximation by Poisson processes, and approximation by an arbitrary distribution, written by experts in the different fields. The lectures take the reader from the very basics of Stein's method to the limits of current knowledge.

Edie Mar 13 2021 The “exceptionally seductive biography” of the 1960s icon as told by those who knew her (Los Angeles Times Book Review). In the 1960s, actress and model Edie Sedgwick exploded into the public eye like a comet. She seemed to have it all: she was aristocratic and glamorous, vivacious and young, Andy Warhol's superstar. But within a few years she flared out as quickly as she had appeared, and before she turned twenty-nine she was dead from a drug overdose. In a dazzling tapestry of voices—family, friends, lovers, rivals—the entire meteoric trajectory of Edie Sedgwick's life is brilliantly captured. And so is the Pop Art world of the '60s: the sex, drugs, fashion, music—the mad rush for pleasure and fame. All glitter and flash on the outside, it was hollow and desperate within—like Edie herself, and like her mentor, Andy Warhol. Alternately mesmerizing, tragic, and horrifying, this book shatters many myths about the '60s experience in America. “This is the book of the Sixties that we have been waiting for.” —Norman Mailer

From the Corner of the Oval Mar 17 2024 NEW YORK TIMES BESTSELLER • What if you lived out the drama of your twenties on Air Force One? “[This] breezy page turner is essentially *Bridget Jones goes to the White House*.”—The New York Times RECOMMENDED READING theSkimm • Today • Entertainment Weekly • Refinery29 • Bustle • PopSugar • Vanity Fair • The New York Times Editors' Choice • Paste In 2012, Beck Dorey-Stein is working five part-time jobs and just scraping by when a posting on Craigslist lands her, improbably, in the Oval Office as one of Barack Obama's stenographers. The ultimate D.C. outsider, she joins the elite team who accompany the president wherever he goes, recorder and mic in hand. On whirlwind trips across time zones, Beck forges friendships with a dynamic group of fellow travelers—young men and women who, like her, leave their real lives behind to hop aboard Air Force One in service of the president. As she learns to navigate White House protocols and more than once runs afoul of the hierarchy, Beck becomes romantically entangled with a consummate D.C. insider, and suddenly the political becomes all too personal.

Against a backdrop of glamour, drama, and intrigue, this is the story of a young woman learning what truly matters, and, in the process, discovering her voice. Praise for *From the Corner of the Oval* “Who knew the West Wing could be so sexy? Beck Dorey-Stein’s unparalleled access is obvious on every page, along with her knife-sharp humor. I tore through the entire book on a four-hour flight and loved reading all about the brilliant yet hard-partying people who once surrounded the leader of the free world. Lots of books claim to give real insider glimpses, but this one actually delivers.”—Lauren Weisberger, author of *The Devil Wears Prada* “Dorey-Stein . . . writes with wit and self-deprecating humor.”—*The Wall Street Journal* “Addictively readable . . . Dorey-Stein’s spunk and her sparkling, crackling prose had me cheering for her through each adventure. . . . She never loses her starry-eyed optimism, her pinch-me wonderment, her Working Girl pluck.”—Paul Begala, *The New York Times Book Review* (Editors’ Choice)

Electrical World Apr 25 2022

Gertrude Stein Jul 17 2021 In her provocative study of Gertrude Stein, G.F. Mitrano argues that Stein's particular take on modernity has special relevance for today. Tracing what she describes as Stein's deeply modernist story of transformation from a nineteenth-century American woman to the disquieting muse of avant-garde culture portrayed in Picasso's famous portrait, Mitrano illuminates Stein's immense appetite for life, her love of thinking, and her craving for recognition. Her approach is innovative, combining the exegetical, the visual, and the theoretical, to emphasize Stein's struggle for individuality and public achievement as a profoundly historical struggle involving personal choices linked, for example, to her sexuality or the uses of her physical appearance. Stein continues to attract attention, Mitrano contends, because she anticipates many contemporary concerns, especially in the field of critical thinking: from the question of subjectivity, to the status of the writer as a laborer among many, to the meaning of fame and the private/public divide.

When Novels Were Books Dec 14 2023 The novel was born religious, alongside Protestant texts produced in the same format by the same publishers. Novels borrowed features of these texts but over the years distinguished themselves, becoming the genre we know today. Jordan Alexander Stein traces this history, showing how the physical object of the book shaped the stories it contained.
