religious traditions varied social landscapes deep political tensions and historical patterns of violence but also its surprising underlying stability rooted in kinship patronage and the power of entrenched local elites Engagingly written combining history and profound analysis with reportage from Lieven's extensive travels as a journalist and academic Pakistan A Hard Country is both utterly compelling and deeply revealing *Course in Nepali* David Matthews, 2016-07-29 Nepali has also been adopted by peoples of the Himalayan region who belong to different linguistic groups and is now understood throughout the whole of Nepal the Darjeeling region of West Bengal Sikkim Bhutan and parts of Tibet where it has functioned as a language of trade and commerce for well over two centuries The aim of this course which covers the whole grammar and all the constructions of modern Nepali is to present a full description of both the spoken and written forms of modern standard Nepali and to enable the student to understand speak and read most types of Nepali he or she is likely to encounter The earlier lessons concentrate mainly on the spoken style and the conversation passages whilst the later lessons concern religious political and literary topics Nepal is a land which already provides great enjoyment to the increasing number of visitors from the west A knowledge of the language leads to a deeper understanding of the culture of its people and the object of A Course in Nepali is to provide the means of learning it without much difficulty Earlier editions of this course have been the standard book for students at the School of Oriental and African Studies and it is without question the established market leader *A Complete Guide to Sikhism* Jagraj Singh, 2009 **Journal of the American Oriental Society** American Oriental Society, 1961 List of members in each volume *Panjabi Manual and Grammar* Thomas Fulton Cummings, Thomas Grahame Bailey, 1925 **Why I Killed Gandhi** Nathuram Godse, 2020-10-02 While the nation was celebrating Independence from British Rule and singing all praises for the Father of The Nation Mahatma Gandhi the news of his assassination came as a shock He was shot in the chest three times while he was walking towards the prayer grounds at the Birla House New Delhi The man behind the assassination Nathuram Godse was a well known nationalist He was arrested at the crime scene and sentenced to death after a year long trial The book contains the final speech given by Godse in the court mentioning the reason behind the drastic step he took **The Illustrated London News**, 1864 **Catalogue of Hindustani Printed Books in the Library of the British Museum** British Museum. Department of Oriental Printed Books and Manuscripts, 1889 *Love Sonnets of Ghalib* Mirza Asadullah Khan Ghalib, Sarfaraz Niazi, 2002 Mirza Ghalib is to the Urdu language what William Shakespeare is to the English language And the most widely read Urdu book in the world is a collection of the Love Sonnets of Ghalib These sonnets resonate with the voices of maestros through the corridors of history Ghalib is not just an Asian phenomenon and his sonnets are loved and studied worldwide **Lakeland:** Lakeland Community Heritage Project Inc., 2012-09-18 Lakeland the historical African American community of College Park was formed around 1890 on the doorstep of the Maryland Agricultural College now the University of Maryland in northern Prince George's County Located less than 10 miles from Washington D C the community began when the area was largely rural and

overwhelmingly populated by European Americans Lakeland is one of several small African American communities along the U S Route 1 corridor between Washington D C and Laurel Maryland With Lakeland s central geographic location and easy access to train and trolley transportation it became a natural gathering place for African American social and recreational activities and it thrived until its self contained uniqueness was undermined by the federal government s urban renewal program and by societal change The story of Lakeland is the tale of a community that was established and flourished in a segregated society and developed its own institutions and traditions including the area s only high school for African Americans built in 1928

Bazaar India Anand A. Yang,1999-02-01 The role of markets in linking local communities to larger networks of commerce culture and political power is the central element in Anand A Yang s provocative and original study Yang uses bazaars in the northeast Indian state of Bihar during the colonial period as the site of his investigation The bazaar provides a distinctive locale for posing fundamental questions regarding indigenous societies under colonialism and for highlighting less familiar aspects of colonial India At one level Yang reconstructs Bihar s marketing system from its central place in the city of Patna down to the lowest rung of the periodic markets But he also concentrates on the dynamics of exchanges and negotiations between different groups and on what can be learned through the voices of people in the bazaar landholders peasants traders and merchants Along the way Yang uncovers a wealth of details on the functioning of rural trade markets fairs and pilgrimages in Bihar A key contribution of *Bazaar India* is its many stranded narrative history of some of South Asia s primary actors over the past two centuries But Yang s approach is not that of a detached observer rather his own voice is engaged with the voices of the past and with present day historians By focusing on the world beyond the mud walls of the village he widens the imaginative geography of South Asian history Readers with an interest in markets social history culture colonialism British India and historiographic methods will welcome his book

Caste in Question Dipankar Gupta,2004-12-08 This important volume provides an alternative perspective on caste It demonstrates that the traditional view of caste as a single hierarchy with Brahmins at the top and the untouchable castes at the bottom is no longer valid From politics to gender to economic interaction the contributors reveal how the erstwhile single pure hierarchical order is constantly being questioned and weakened The essays in this volume argue for a different conceptualisation of caste one that would take into account the need for caste assertion and dignity as well as notions of hierarchy The contributors show that while pride in one s caste identity is an important feature of the caste order this is not incompatible with contesting notions of hierarchy Caste is now better seen in terms first of discrete identities and then in terms of multiple and contesting hierarchies Using contemporary experiences this exciting volume reflects on received wisdom concerning theories of caste and provides an entirely fresh perspective
