Prepare for success on the NCLEX-RN® exam with the review book written for Canadian nursing students! Elsevier's Canadian Comprehensive Review for the NCLEX-RN® Examination, 2nd Edition provides everything you need to prepare for the NCLEX® exam — complete content review and more than 5,000 NCLEX examination-style questions in the book and online. Proving that not all NCLEX exam review books are the same, only this book includes the kinds of questions that consistently test the critical thinking skills needed to pass today's NCLEX exam. In addition, all answers include detailed rationales and test-taking strategies with tips on how to best approach each question. From Canadian editors Patricia Bradley and Karin Page-Cuttrara, and NCLEX review experts Linda Anne Silvestri and Angela Silvestri, this edition integrates Canadian approaches to nursing, making this the only comprehensive review text written from a fully Canadian perspective. It's THE book of choice for NCLEX preparation! More than 5,000 practice questions in the text and online offer ample testing practice. UNIQUE! Detailed test-taking strategy and rationale is included for each question, offering clues for analyzing and uncovering the correct answer option. UNIQUE! Priority Nursing Action boxes provide information about the steps you will take in clinical situations requiring clinical judgement and prioritization. UNIQUE! Pyramid Points icons indicate important information, identifying content that typically appears on the NCLEX-RN® examination. UNIQUE! Pyramid Alerts appear in red text and highlight important nursing concepts. UNIQUE! Priority Concepts — two in each chapter — discuss important content and nursing interventions. New graduate's perspective is offered on how to prepare for the NCLEX-RN, in addition to nonacademic preparation, the CAT format, and test-taking strategies. Mnemonics are included to help you remember important information. 75-question comprehensive exam covers all content areas in the book in the same percentages that they are covered on the actual NCLEX-RN test plan. Practice questions on delegation, prioritization, and triage/disaster management emphasize these areas on the NCLEX exam. Companion Evolve website provides 25 new Next Generation NCLEX® (NGN)-style questions plus all alternate item format questions including multiple response, prioritizing (ordered response), fill-in-the-blank, figure/illustration (hot spot), chart/exhibit, video, and audio questions. Question categories on Evolve are organized by cognitive level, client needs area, integrated process, and content area, allowing completely customizable exams or study sessions. UNIQUE! Audio review summaries on Evolve cover pharmacology, acid-base balance, and fluids and electrolytes. Public international law concerns the growing body of international legal principles, norms and rules outside the coverage of private and conflict law. This guide includes primary and secondary sources of information in both general and specialized areas of public international law, as well as national "official" materials where appropriate. The book is divided into two parts, Part I referring to the evidentiary status of public international law materials and Part II embracing their substantive aspects. Annotation copyrighted by Book News, Inc., Portland, OR Reprint of the original, first published in 1883. More than any other product on the market, the most successful Medical Assistants begin their careers with Kinn. Trusted for more than 60 years, Kinn's The Medical Assistant: An Applied Learning Approach, 14th Edition, teaches you real-world administrative and clinical skills essential for a career in the modern medical office – always with a focus on application through unfolding case scenarios, critical thinking questions, and interactive exercises. The reorganized 14th edition includes expanded content on medical office accounts, collections, banking, and practice management as well as a new chapter reviewing medical terminology, anatomy and physiology, and pathology. With an easy-to-read format and a full continuum of separately sold adaptive learning solutions, real-world simulations, EHR documentation experience, and HESI remediation and assessment — you'll learn the leading skills to prepare for certification and a successful career in the dynamic and growing Medical Assisting profession! Comprehensive coverage of all administrative and clinical procedures prepares you for a wide array of Medical Assisting jobs. Nearly 185 step-by-step illustrated procedures with rationales break down how to perform critical skills for practice. Applied approach to learning helps you use what you've learned in a real-world setting, including case scenarios and critical thinking exercises. Thorough EHR coverage with access to hands-on activities incorporates use of SimChart® for the Medical Office, software designed to ensure that you are practice-ready (sold separately). Key vocabulary terms and definitions are presented at the beginning of each chapter and highlighted in text discussions. Summary of Learning Objectives serves as a checkpoint and study tool. Patient education and legal and ethical features help relate content to practical use. Offering a systematic comparative approach to Western and Eastern medicine, this unique textbook enables students and practitioners of Chinese medicine to develop a core understanding of conventional medical language and treatments. Acupuncture practitioners increasingly find themselves working alongside Western healthcare professionals. Now in its second edition, this book is a guide to conventional medical diagnoses, symptoms and treatments, and using examples drawn from the author's experience and knowledge of TCM it encourages reflection on how these diagnoses may be interpreted from a more holistic medical perspective. It includes introductory sections on physiology, pathology and pharmacology, chapters devoted to the physiological systems of the body and the conventional approach to the treatment of diseases that can affect them, and information on dealing with patients in practice. Accompanying online material, including self-testing questions and answers and checklists for revision, is available for those wishing to use the text for systematic study. During its first 14 years of existence, the National Assessment of Educational Progress (NAEP) was located at the Education Commission of the States (ECS). This annotated bibliography of 575 references lists all major publications by or about NAEP published between 1969 and 1983. References are in a classified arrangement, by specific or special assessment. Documents not dealing with a specific assessment are grouped by: Methodological Publications; Special Analyses; and General and Miscellaneous. Materials by NAEP are separated from materials about NAEP done by external organizations. Subject, Personal Author, and Preparing Institution indexes are provided. The compilation is based on materials (documents and journal articles) archived in the database of the Educational Resources Information Center (ERIC), and therefore most documents cited can be obtained through the ERIC Document Reproduction Service (EDRS).
