groundwork for a sophisticated understanding of the various manifestations of Latino identity She examines texts by prominent Chicano a Dominican American Puerto Rican and Cuban American writers including Julia Alvarez Cristina Garc a Achy Obejas Piri Thomas and Ana Castillo and concludes that a pre existing group does not exist The author instead argues that much recent Latino a literature presents a vision of tentative forged solidarities in the service of particular and sometimes even local struggles She shows that even magical realism can figure as a threat to collectivity rather than as a signifier of it because magical connections to nature between characters and to Latin American origins can undermine efforts at solidarity and empowerment In the author s close reading of both fictional and cultural narratives she suggests the possibility that Latino identity may be even more elastic than the authors under question recognize [Puerto Rican Poetry](#) Robert Márquez,2007 Offering a comprehensive collection of Puerto Rican poetry in English this text includes the work of 64 poets as well as selections from Puerto Rico s tradition of popular verse forms coplas decimas bombas produced by anonymous writers [The Heavens Weep for Us](#) Thelma T.
