The idiosyncratic curriculum from the Professor of Interdisciplinary Creativity will teach you how to draw and write your story Hello students, meet Professor Skeletor. Be on time, don't miss class, and turn off your phones. No time for introductions, we start drawing right away. The goal is more rock, less talk, and we communicate only through images. For more than five years the cartoonist Lynda Barry has been an associate professor in the University of Wisconsin–Madison art department and at the Wisconsin Institute for Discovery, teaching students from all majors, both graduate and undergraduate, how to make comics, how to be creative, how to not think. There is no academic lecture in this classroom. Doodling is enthusiastically encouraged. Making Comics is the follow-up to Barry's bestselling Syllabus, and this time she shares all her comics-making exercises. In a new hand-drawn syllabus detailing her creative curriculum, Barry has students drawing themselves as monsters and superheroes, convincing students who think they can't draw that they can, and, most important, encouraging them to understand that a daily journal can be anything so long as it is hand drawn. Barry teaches all students and believes everyone and anyone can be creative. At the core of Making Comics is her certainty that creativity is vital to processing the world around us. Best known for her long-running comic strip Ernie Pook's Comeek, illustrated fiction (Cruddy, The Good Times Are Killing Me), and graphic novels (One! Hundred! Demons!), the art of Lynda Barry (b. 1956) has branched out to incorporate plays, paintings, radio commentary, and lectures. With a combination of simple, raw drawings and mature, eloquent text, Barry's oeuvre blurs the boundaries between fiction and memoir, comics and literary fiction, and fantasy and reality. Her recent volumes What It Is (2008) and Picture This (2010) fuse autobiography, teaching guide, sketchbook, and cartooning

into coherent visions. In Lynda Barry: Girlhood through the Looking Glass, author Susan E. Kirtley examines the artist's career and contributions to the field of comic art and beyond. The study specifically concentrates on Barry's recurring focus on figures of young girls, in a variety of mediums and genres. Barry follows the image of the girl through several lenses-from text-based novels to the hybrid blending of text and image in comic art, to art shows and coloring books. In tracing Barry's aesthetic and intellectual development, Kirtley reveals Barry's work to be groundbreaking in its understanding of femininity and feminism. Contributions by Frederick Luis Aldama, Melissa Burgess, Susan Kirtley, Rachel Luria, Ursula Murray Husted, Mark O'Connor, Allan Pero, Davida Pines, Tara Prescott-Johnson, Jane Tolmie, Rachel Trousdale, Elaine Claire Villacorta, and Glenn Willmott Lynda Barry (b. 1956) is best known for her distinctive style and unique voice, first popularized in her underground weekly comic Ernie Pook's Comeek. Since then, she has published prolifically, including numerous comics, illustrated novels, and nonfiction books exploring the creative process. Barry's work is genre- and form-bending, often using collage to create what she calls "word with drawing" vignettes. Her art, imaginative and self-reflective, allows her to discuss gender, race, relationships, memory, and her personal, everyday lived experience. It is through this experience that Barry examines the creative process and offers to readers ways to record and examine their own lives. The essays in Contagious Imagination: The Work and Art of Lynda Barry, edited by Jane Tolmie, study the pedagogy of Barry's work and its application academically and practically. Examining Barry's career and work from the point of view of research-creation, Contagious Imagination applies Barry's unique mixture of teaching, art, learning, and creativity to the very form of the volume, exploring Barry's imaginative praxis and offering readers their own. With a foreword by Frederick Luis Aldama and an afterword by Glenn Willmott, this volume explores the impact of Barry's work in and out of the classroom. Divided into four sections—Teaching and Learning, which focuses on critical pedagogy; Comics and Autobiography, which targets various practices of rememorying; Cruddy, a self-explanatory category that offers two extraordinary critical interventions into Barry criticism around a challenging text; and Research-Creation, which offers two creative, synthetic artistic pieces that embody and enact Barry's own mixed academic and creative investments-this book offers numerous inroads into Barry's idiosyncratic imagination and what it can teach us about ourselves. Collects the first iterations of Ernie Pook's Comeek, includes the author's earliest book, Girls and Boys, and features an introduction by Barry, complete with photographs. Contributions by Bart Beaty, Jenny Blenk, Ben Bolling, Peter E. Carlson, Johnathan Flowers, Antero Garcia, Dale Jacobs, Ebony Flowers Kalir, James Kelley, Susan E. Kirtley, Frederik Byrn Køhlert, John A. Lent, Leah Misemer, Johnny Parker II, Nick Sousanis, Aimee Valentine, and Benjamin J. Villarreal More and more educators are using comics in the classroom. As such, this edited volume sets out the stakes, definitions, and exemplars of recent comics pedagogy, from K-12 contexts to higher education instruction to ongoing communities of scholars working outside of the academy. Building upon interdisciplinary approaches to teaching comics and teaching with comics, this book brings together diverse voices to share key

theories and research on comics pedagogy. By gathering scholars, creators, and educators across various fields and in K-12 as well as university settings, editors Susan E. Kirtley, Antero Garcia, and Peter E. Carlson significantly expand scholarship. This valuable resource offers both critical pieces and engaging interviews with key comics professionals who reflect on their own teaching experience and on considerations of the benefits of creating comics in education. Included are interviews with acclaimed comics writers Lynda Barry, Brian Michael Bendis, Kelly Sue DeConnick, and David Walker, as well as essays spanning from studying the use of superhero comics in the classroom to the ways comics can enrich and empower young readers. The inclusion of creators, scholars, and teachers leads to perspectives that make this volume unlike any other currently available. These voices echo the diverse needs of the many stakeholders invested in using comics in education today. THE TRIALS AND TRIBULATIONS OF TROUBLED ADOLESCENTS FROM BARRY'S ACCLAIMED COMIC The Freddie Stories traces a year in the life of Freddie, the youngest member of the dysfunctional Mullen family. These four-panel entries-each representing an episode in the life of Freddie-bring to life adolescence, pimples and all. No matter what happens, it all seems to go wrong for Freddie—he's set up as an arsonist, mercilessly teased in school, and bossed around by classmates. With consummate skill, Lynda Barry writes about the cruelty of children at this most vulnerable age when the friends they make and the paths they choose can forever change their lives. In The Freddie Stories every word of dialogue, every piece of narration, and every dark line evokes adolescent angst. These short, moving stories are collected from Barry's beloved Ernie Pook's Comeek, which was serialized across North America for two decades. Re-packaged here with a brandnew afterword from Lynda Barry, The Freddie Stories is an adult tale about just how hard it is to be a teenager, and it's classic Barry work—poignant, insightful, and true. Lynda Barry captures all the glorious magic and excrutiating pain of junior high school in this Ernie Pook Comeek collection from the early 90s. The star of this collection is 14 year old Maybonne who relays the angst and insecurity of life through hand scrawled diary entries, class assignments, and letters, in cursive with doodle and bubble letters. Of course, there is the ever-annoying yet adorable little sister Marlys who never fails to read her big sister's diary. Barry deftly portrays the capricious nature of teen friendships, adolescent peer-pressure, and the kill or be killed nature of a middle school's social scene in her signature style. No one but Lynda Barry can so naturally zero in on the joyous urgency yet heartbreaking poignancy of childhood. In an authentic teen voice full of diffidence and melodrama, the bespectacled and freckled Maybonne relates all of life's indiginities on equal measure. Heartbreaking stories of a broken home, child molestation, an alcoholic absentee father and a bitter mom emerge between strips about home ec class, summer vacation, and babysitting, illustrating Barry's peerless ability to make the reader both cry and laugh. A reissue of the debut collection that catapulted Lynda Barry onto the national scene and established her at the forefront of her generation's cartoonists. Dissecting modern relationships with surgical skills, Girls and Boys is a book-length collection that provides fans with a fascinating glimpse of Barry's early style and her undeniably original talent. Line drawings. In this collection of

20 comic strips, Lynda Barry wrestles with some of her 100 demons in her signature quirky, irrepressible voice. Winner of the 2017 Eisner Award in the Best Academic/Scholarly Work category 2017 Prose Awards Honorable Mention, Media & Cultural Studies Over the last 75 years, superheroes have been portrayed most often as male, heterosexual, white, and able-bodied. Today, a time when many of these characters are billion-dollar global commodities, there are more female superheroes, more queer superheroes, more superheroes of color, and more disabled superheroes--but not many more. Superwomen investigates how and why female superhero characters have become more numerous but are still not-at-all close to parity with their male counterparts; how and why they have become a flashpoint for struggles over gender, sexuality, race, and disability; what has changed over time and why in terms of how these characters have been written, drawn, marketed, purchased, read, and reacted to; and how and why representations of superheroes matter, particularly to historically underrepresented and stereotyped groups. Specifically, the book explores the production, representations, and receptions of prominent transmedia female superheroes from their creation to the present: Wonder Woman; Batgirl and Oracle; Ms. Marvel and Captain Marvel; Buffy the Vampire Slayer; Star Wars' Padmé Amidala, Leia Organa, Jaina Solo, and Rey; and X-Men's Jean Grey, Storm, Kitty Pryde, Rogue, and Mystique. It analyzes their changing portrayals in comics, novels, television shows, and films, as well as how cultural narratives of gender have been negotiated through female superheroes by creators, consumers, and parent companies over the last several decades. Welcome to the world of Marlys and Maybonne "Lynda Barry's comics were my YA, before YA really even existed. She's been writing teen stories with an incredibly clear voice since the early 80s. [The Greatest Of Marlys] is raw, ugly, hilarious, and poignant." -- Raina Telgemeier, Smile & Drama Eight-year-old Marlys Mullen is Lynda Barry's most famous character from her long-running and landmark comic strip Ernie Pook's Comeek, and for good reason! Given her very own collection of strips, Marlys shines in all her freckled and pig-tailed groovy glory. The trailer park where she and her family live is the grand stage for her dramas big and small. Joining Marlys are her teenaged sister Maybonne, her younger brother Freddie, their mother, and an offbeat array of family members, neighbors, and classmates. Marlys's enthusiasm for life knows no bounds. Her childhood is one where the neighborhood kids stay out all night playing kickball; the desire to be popular is unending; bullies are unrepentant; and parents make few appearances. The Greatest Of Marlys spotlights Barry's masterful skill of chronicling childhood through adolescence in all of its wonder, awkwardness, humor, and pain. Comic strips from "Ernie Pook's Comique" on the humorous but often perilous joys of childhood. Barry continues the hilarious and touching exploration of childhood that she began in The Fun House. Her neighborhood kids are back with new adventures on the dangerous journey to adulthood. A reissue of Lynda Barry's classic second cartoon collection: humorous and poignant reflections on modern love and life. Like Girls and Boys, Big Ideas features many of her greatest cartoons, including her menacing "Poodle with a Mohawk". Line drawings throughout. Provides lessons on the art of cartooning along with information on terminology, tools, techniques, and theory. THE TRIALS AND TRIBULATIONS

Writing exercises and creativity advice from Barry's pioneering, life-changing workshop The award-winning author Lynda Barry is the creative force behind the genre-defying and bestselling work What It Is. She believes that anyone can be a writer and has set out to prove it. For the past decade, Barry has run a highly popular writing workshop for nonwriters called Writing the Unthinkable, which was featured in The New York Times Magazine. Syllabus: Notes from an Accidental Professor is the first book to make her innovative lesson plans and writing exercises available to the public for home or classroom use. Barry teaches a method of writing that focuses on the relationship between the hand, the brain, and spontaneous images, both written and visual. It has been embraced by people across North America-prison inmates, postal workers, university students, high-school teachers, and hairdressers-for opening pathways to creativity. Syllabus takes the course plan for Barry's workshop and runs wild with it in her densely detailed signature style. Collaged texts, ballpoint-pen doodles, and watercolor washes adorn Syllabus's yellow lined pages, which offer advice on finding a creative voice and using memories to inspire the writing process. Throughout it all, Barry's voice (as an author and as a teacher-mentor) rings clear, inspiring, and honest. "You'll wonder how anything can be so sad and so funny at the same time."-Lev Grossman, Time Inspired by a sixteenth-century Zen monk's painting of a hundred demons chasing each other across a long scroll, acclaimed cartoonist Lynda Barry confronts various demons from her life in seventeen full-color vignettes. In Barry's hand, demons are the life moments that haunt you, form you, and stay with you: your worst boyfriend; kickball games on a warm summer night; watching your baby brother dance; the smell of various houses in the neighborhood you grew up in; or the day you realize your childhood is long behind you and you are officially a teenager. As a cartoonist, Lynda Barry has the innate ability to zero in on the essence of truth, a magical quality that has made her book One! Hundred! Demons! an enduring classic of the early twenty-first century. In the book's intro, however, Barry throws the idea of truth out of the window by asking the reader to decide if fiction can have truth and if autobiography can have a fiction, a hybrid that Barry coins "autobiofictionalography." As readers get to know Barry's demons, they realize that the

actual truth no longer matters because the universality of Barry's comics, true or untrue, reigns supreme. As the sun sets on the 1970s, the spirit of the Love Generation still lingers among the aging hippies of one "intentional community" high in the Ozarks. But what's missing? Under impossibly close scrutiny, two families wrestle with long-repressed secrets... while deep within those Arkansas hills, something monstrous stirs, ready to feast on village whispers. National Book Award-winner Nate Powell returns with a haunting tale of intimacy, guilt, and collective amnesia. Collected from the strip Ernie Pook's Comeek, which was serialized in alternative weeklies across the continent, My Perfect Life captures the moment when Lynda Barry finds the perfect balance in longer-form storytelling between the bellyaching laughs and the brutal reality checks. Along with the 2022 release Come Over Come Over, this collection continues to spotlight the life of teenager Maybonne Mullen. She suffers through the utterly relatable insults of junior high and the excruciating embarrassment caused by her little sister, Marlys. Hovering in the background, however, is a broken home, parents struggling with addiction, a grandmother who takes her granddaughters from the diverse big city to a bewilderingly bland small town. Yet fitting into the new school and surroundings is, of course, paramount to a young teenager. Maybonne begins September full of life and excitement. As the school year progresses, she experiences bullying, her first boyfriend, family drama, drinking, and more. The book ends with Maybonne withdrawn and jaded as the reality of her world outweighs the magic. On a September night in 1971, a few days after getting busted for dropping two of the 127 hits of acid found in a friend's shoe, a sixteen-year-old who is grounded for a year curls up in the corner of her ratty bedroom, picks up a pen, and begins to write. Once upon a cruddy time on a cruddy street on the side of a cruddy hill in the cruddiest part of a crudded-out town in a cruddy state, country, world, solar system, universe. The cruddy girl named Roberta was writing the cruddy book of her cruddy life and the name of the book was called Cruddy. Now the truth can finally be revealed about the mysterious day long ago when the authorities found a child, calmly walking in the boiling desert, covered with blood. She could not give the authorities any information about why she was the only survivor and everyone else was lying around in hacked-up pieces. Roberta Rohbeson, 1971. Her overblown, drug-induced teenage rant against a world bounded by "the cruddy top bedroom of a cruddy rental house on a very cruddy mud road behind cruddy Black Cat Lumber" soon becomes a detailed account of another story. It is a story about which Roberta has kept silent for five years, until, under the influence of a pale hippie called the Turtle and a drug called Creeper, her tale giddily unspools... Roberta Rohbeson, 1967. The world of Roberta, age eleven, is terrifyingly unbounded, a one-way cross-country road trip fueled by revenge and by greed, a violent, hallucinatory, sometimes funny, more often horrific year of killings, betrayals, arson, and a sinister set of butcher knives, each with its own name. Welcome to Cruddy, Lynda Barry's masterful tale of the two intertwined narratives set five years -- an eternity -- apart, which form the backbone of Roberta's life. Cruddy is a wild ride indeed, a fairy tale-cum-low-budget horror movie populated by a cast of characters that will remain vivid in the reader's mind long after the final page: Roberta's father, a dangerous alcoholic and out-of-work meat cutter in

search of his swindled inheritance; the frightening owners of the Knocking Hammer Bar and sometime slaughterhouse; and two charming but quite mad escapees from the Barbara V. Herrmann Home for Adolescent Rest. Written with a teenager's eye for freakish detail and a nervous ability to make the most horrible scenes seem hilarious, Roberta's two stories -- part Easy Rider and part bipolar Wizard of Oz -- painfully but inevitably converge in a surprising denouement in a nightmarish Dreamland in the Nevada desert. By turns terrifying, darkly funny, and resonant with humanity, propelled by all the narrative power of a superior thriller and burnished by the author's pitch-perfect ear for dialogue, Cruddy is a stunning achievement. A collection of comics about gender transition. Includes a dialogue between the author and Lynda Barry. Alfie does not seem too worried when a yak appears at his house on a bicycle, but when the vak says "Yuck!" to everything that Alfie offers him, Alfie thinks he's very rude! This charmingly illustrated story about a picky Yak helps young children learn to read with carefully leveled text. "One day, a porcupine comes to stay, but he is very rude and doesn't want to share anything with Sam!"--Back cover. This autobiographical comic drama by a noted cartoonist about growing up in an interracial neighborhood in the 1960s enjoyed a long Off Broadway run. Twelve year old best friends, one black and one white, stand by each other through upheaval and tragedy, in spite of each families disapproval. However, racial peer pressure eventually drives a wedge between the girls. Interspersed are songs of the period, some heard on the Victrola and others perform by the spirited cast. Lynda Barry's classic heartbreaking and heartwarming coming of age novella back in print Young Edna Arkins lives in a neighborhood that is rapidly changing, thanks to white flight from urban Seattle in the late 1960s. As the world changes around her, Edna is exposed to the callous racism of adults-sometimes subtle and other times blatant, but always stinging. By weaving the importance of music in adolescence with the forbidden friendship between Edna, who is white, and Bonna Willis, who is Black, Lynda Barry captures the earnest, awkward, yet always honest adolescent voice as perfectly in prose as she does in comics. "Deliciously drawn (with fragments of collage worked into each page), insightful and bubbling with delight in the process of artistic creation. A+" -Salon How do objects summon memories? What do real images feel like? For decades, these types of questions have permeated the pages of Lynda Barry's compositions, with words attracting pictures and conjuring places through a pen that first and foremost keeps on moving. What It Is demonstrates a tried-and-true creative method that is playful, powerful, and accessible to anyone with an inquisitive wish to write or to remember. Composed of completely new material, each page of Barry's first Drawn & Quarterly book is a full-color collage that is not only a gentle guide to this process but an invigorating example of exactly what it is: "The ordinary is extraordinary." The creative-drawing companion to the acclaimed and bestselling What It Is Lynda Barry single-handedly created a literary genre all her own, the graphic memoir/how-to, otherwise known as the bestselling, the acclaimed, but most important, the adored and the inspirational What It Is. The R. R. Donnelley and Eisner Award-winning book posed, explored, and answered the question: "Do you wish you could write?" Now with Picture This, Barry asks: "Do you wish you could draw?" It features the return of

Barry's most beloved character, Marlys, and introduces a new one, the Near-sighted Monkey. Like What It Is, Picture This is an inspirational, take-home extension of Barry's traveling, continually sold-out, and sought-after workshop, "Writing the Unthinkable." "Lynda Barry's Ernie Pook's Comeek... made the world look wild, ugly, joyful, and mysterious."?-The New Yorker Maybonne Mullen is "riding on a bummer" according to her little sister Marlys. As much as teenage Maybonne prays and tries she just can't connect to the magic of living. How can she when there's so much upheaval at home and school, not to mention the world at large? And yet Marlys always seems able to tap into it. In It's So Magic, the Mullen family dynamics are in flux. Uncle John makes a brief return to town to the delight of the girls. Freddy is finally reunited with his sisters. Marlys falls in love for the first time. And after they finally settle into a routine at their grandmother's the Mullen siblings' mother might be ready to take them back in. With war in the background and precarious parental support, the siblings long for peace, finding it in the small things like grocery store turkey drawing contests and fishing trips. Narrated by Maybonne, Marlys, and Freddy, It's So Magic captures Lynda Barry's unparalleled ability to depict the magic of youth experiencing firsts in a world that contains as much humour as it does hardship. "Barry deftly portrays the capricious nature of teen friendships, adolescent peer-pressure, and the kill or be killed nature of a middle school's social scene in her signature style. In an authentic teen voice full of diffidence and melodrama, the bespectacled and freckled Maybonne relates all of life's indignities on equal measure. Heartbreaking stories of a broken home, child molestation, an alcoholic absentee father and a bitter mom emerge between strips about home ec class, summer vacation, and babysitting, illustrating Barry's peerless ability to make the reader both cry and laugh."-- A personal account of an Iraqi childhood Poppies of Iraq is Brigitte Findakly's nuanced tender chronicle of her relationship with her homeland Iraq, co-written and drawn by her husband, the acclaimed cartoonist Lewis Trondheim. In spare and elegant detail, they share memories of her middle class childhood touching on cultural practices, the education system, Saddam Hussein's state control, and her family's history as Orthodox Christians in the arab world. Poppies of Iraq is intimate and wideranging; the story of how one can become separated from one's homeland and still feel intimately connected yet ultimately estranged. Signs of an oppressive regime permeate a seemingly normal life: magazines arrive edited by customs; the color red is banned after the execution of General Kassim; Baathist militiamen are publicly hanged and school kids are bussed past them to bear witness. As conditions in Mosul worsen over her childhood, Brigitte's father is always hopeful that life in Iraq will return to being secular and prosperous. The family eventually feels compelled to move to Paris, however, where Brigitte finds herself not quite belonging to either culture. Trondheim brings to life Findakly's memories to create a poignant family portrait that covers loss, tragedy, love, and the loneliness of exile. Poppies of Iraq has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to Drawn & Quarterly since the early days, her translations include acclaimed titles such as the Aya series by Marguerite Abouet and Clément Oubrerie, Hostage by Guy Delisle, and Beautiful

Darkness by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and exhibitions for museums in North America and Europe. She lives in Montreal. AN AUSPICIOUS DEBUT EXAMINING THE CULTURE OF HAIR FROM THE RONA JAFFE FOUNDATION AWARD-WINNING CARTOONIST Hot Comb offers a poignant glimpse into Black women's lives and coming of age stories as seen across a crowded, ammonia-scented hair salon while ladies gossip and bond over the burn. The titular story "Hot Comb" is about a young girl's first perm—a doomed ploy to look cool and to stop seeming "too white" in the all-black neighborhood her family has just moved to. In "Virgin Hair" taunts of "tender-headed" sting as much as the perm itself. It's a scenario that repeats fifteen years later as an adult when, tired of the maintenance, Flowers shaves her head only to be hurled new put-downs. The story "My Lil Sister Lena" traces the stress resulting from being the only black player on a white softball team. Her hair is the team curio, an object to touched, a subject to be discussed and debated at the will of her teammates, leading Lena to develop an anxiety disorder of pulling her own hair out. Among the series of cultural touchpoints that make you both laugh and cry, Flowers recreates classic magazine ads idealizing women's needs for hair relaxers and product. "Change your hair form to fit your life form" and "Kinks and Koils Forever" call customers from the page. Realizations about race, class, and the imperfections of identity swirl through Flowers' stories and ads, which are by turns sweet, insightful, and heartbreaking. Flowers began drawing comics while earning her PhD, and her early mastery of sequential storytelling is nothing short of sublime. Hot Comb is a propitious display of talent from a new cartoonist who has already made her mark. From her first comics published in the Evergeen State College school paper to her influential weekly comic strip, Ernie Pook's Comeek; from her bestselling creative how-to memoir comic books, What It Is and Picture This, to her novels, graphic memoirs, plays, and awards in between, Lynda Barry has been part of the North American alternative comics scene for thirty years. Everything collects all of the seminal Ernie Pook's Comeek and includes her earliest books such as Boys & Girls and Big Ideas. It also features an introduction penned by Barry, complete with photographs. Reflective of the early 1980s before the appearance of Barry's well-known characters Marlys and Arna, the comics in Everything Volume 1 cover the more adult subjects of bad love, bad perms, being single, Prince, and miserable break-ups—resulting in one of the most oft-quoted Barry sayings: "Love is an exploding cigar which we all willingly smoke." Though Barry's early drawing style is most often described as "scratchy"-her affinity for large swaths of text and narration; fondness for exclamation marks; angular shapes cursive penmanship: and her uncanny ability to zero in the very essence of life all within a few panels is as present as ever in this collection. Doucet's third book, her longest and most, ambitious story collected for the first time in, one beautifully produced softcover edition., Details the events in Doucet's life during a six, month period in 1991 when she packed her bags and, moved to New York to join her new boyfriend in his,upper west side apartment. Doucet effectively, portrays how the initial excitement of their, new beginning gives way to his over bearing, jealousy. Includes 'My First Time' and 'Julie in, Junior College'. A graphic nonfiction story of

the five extraordinary cartoonists who decided to rebel in the aftermath of the Spanish Civil War and WWII. In 1957, Editorial Bruguera was one of Spain's largest publishing houses, putting out hugely popular weekly magazines and comics for young and old ? while retaining all rights and creative control of their artists' work. Spanish comics superstar Paco Roca investigates the true story of five cartoonists who, spurred by poor working conditions, arbitrary editorial edicts, and nationwide dictatorial rule, went on a quest for creative freedom. Little did they know that the corporation had begun actively trying to thwart their distribution and publishing efforts, turning their battle into a real-life David and Goliath tale. The Winter of the Cartoonist provides historical context and short profiles of these artists as they serve as everyday heroes for all of those who have chased a dream, no matter how high the obstacles that stand in front of them. The outrageous humor of cult favorite and syndicated cartoonist Lynda Barry--one of the world's "shrewdest chroniclers of sex, love and romance" (Mother Jones). Digger-mad Brad is not cut out for a pirate's life. Instead he dreams of life on a construction site. When the Salty Dog sets sail, can be prove to Captain Jack that pirates do drive diggers after all? This charmingly illustrated story about Brad and his pirate family helps young children learn to read with carefully leveled text. This collection continues to spotlight the life of teenager Maybonne Mullen. She suffers through the utterly relatable insults of junior high and the excruciating embarrassment caused by her little sister, Marlys. Hovering in the background, however, is a broken home, parents struggling with addiction, a grandmother who takes her granddaughters from the diverse big city to a bewilderingly bland small town. When Susan MacLeod accompanied her 90-year-old mother through a labyrinthine long-term care system, it was a nine-year journey navigating a government within a heart in a system without compassion. Her family, much like the system, erected walls rather than opening arms. She found herself involuntarily placed at the pivot point between her frail, elderly mother's need for love and companionship, the system's inability to deliver, and her brother's indifference. She had also spent three years as a government spokesperson enthusiastically defending the very system she now experienced as brutally cold. MacLeod's tone is defined by a gentle, self-effacing humour touched by exasperation for the absurdities and the newfound wisdom around expectations. Dying for Attention is the latest memoir in the graphic medicine field, shelved alongside My Begging Chart by Keiler Roberts and Tangles by Sarah Leavitt. MacLeod includes helpful tips for communicating with nursing homes, as well as background research, to provide a larger context for this under-discussed experience.
