En aquest estudi s'analitza la forma en que els manuals d'història en el franquisme en la transició democràtica i en la més recent actualitat han tractat i tracten el període comprès entre 1931 i 1975. La investigació analitza la forma i el grau que els programes i manuals escolars d'història d'educació secundària han contribuït a l'enfortiment de les conviccions democràtiques dels joves i a la generació d'una reconciliació viable amb el complex i dramàtic passat espanyol respecte dels seus moments més difícils i controvertits: la Guerra Civil i el període franquista.

**The Presented Past** B. L. Molyneux, P. G. Stone, 2003-09-02

The Presented Past is concerned with the differences between the comparatively static well understood way in which the past is presented in schools museums and at historic sites compared to the approaches currently being explored in contemporary archaeology. It challenges the all too frequent representation of the past as something finished understood and objective rather than something that is constructed and therefore open to co-existing interpretations and constant re-interpretation. Central to the book is the belief that the presentation of the past in school curricula and in museum and site interpretations will benefit from a greater use of non documentary sources derived from archaeological study and oral histories. The book suggests that a view of the past incorporating a larger body of evidence and a wider variety of understanding will help to invigorate the way history is taught. The Presented Past will be of interest to teachers archaeologists cultural resource managers in fact anyone who is concerned with how the past is presented.
