body Every cell in your body turns over while at the same time your body is destroying old cells There s alot of power in knowing that every day a billion of your cells die but every day a billion new cells are produced because YOU get to determine the health of those new cells based on the choices you make about the way you live If you continue to make the same mistakes the new cells will not be vital cells and you ll be more prone to disease But if you start now restoring your health by making the simple changes we recommend your body will respond and those cells will be regenerated in the healthiest way possible The Wellness Method focuses on resolving the underlying causes of health issues rather than treating symptoms Our approach emphasizes treatment of the person NOT the disease The Wellness Method is a partnership between doctor and patient The Wellness Method is a complement to conventional medicine where the two systems of health can work together We recognize that one approach cannot serve everyone s needs all of the time therefore we want to share with you each of our 8 Principles in detail so that you can implement them in your life and witness the changes for yourself Let s get you started living your best life
