Reformations Carlos M. N. Eire, 2016-06-28 This fast paced survey of Western civilization s transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg s printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind Reformations is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history Single Lens Brian J. Stuart,Barbara A. Stuart,2022-04-08 In 1517 Augustinian monk Martin Luther wrote the infamous Ninety Five Theses that eventually led to a split from the Catholic Church The movement became popularly identified as the Protestant Reformation but Church reform actually began well before the schism In *The Church and the Age of Reformations 1350-1650* historian Joseph T Stuart and theologian Barbara A Stuart highlight the watershed events of a confusing period in history providing a broader and deeper historical context of the era including the Council of Trent the rise of humanism and the impact of the printing press The Stuarts also profile important figures of these tumultuous centuries including Thomas More Teresa of vila Ignatius of Loyola

and Francis de Sales and show that the saints demonstrated the virtues of true reform charity unity patience and tradition You will learn Reform efforts in the Catholic Church were underway before Luther s Ninety Five Theses The Church did not sell the forgiveness of sins with indulgences Millions of people did not die in the Spanish Inquisition there were less than 5 000 deaths during a 350 year period Inquisitions led to legal advances such as grand juries the need for multiple witnesses and defendant protections that are still in place today The so called Catholic Reformation was conducted in four stages and exhibited respect for Church authority human free will and the saints and focused on the new universal reach of the Church around the globe due to missionary work A map and chronology are included Books in the Reclaiming Catholic History series edited by Mike Aquilina and written by leading authors and historians bring Church history to life debunking the myths one era at a time
