NATIONAL BESTSELLER The definitive full-scale portrait of J. Pierpont Morgan's tumultuous life, both in and out of the public eye History has remembered him as a complex and contradictory figure, part robber baron and part patron saint. J. Pierpont Morgan earned his reputation as "the Napoleon of Wall Street" by reorganizing the nation's railroads and creating industrial giants such as General Electric and U.S. Steel. At a time when the country had no Federal Reserve system, he appointed himself a one-man central bank. He had two wives, three yachts, four children, six houses, mistresses, and one of the finest art collections in America. In this extraordinary book, drawing extensively on new material, award-winning biographer Jean Strouse vividly portrays the financial colossus, the avid patron of the arts, and the entirely human character behind all the myths. Praise for Morgan "Magnificent . . . the fullest and most revealing look at this remarkable, complex man that we are likely to get."—The Wall Street Journal "A masterpiece . . . No one else has told the tale of Pierpont Morgan in the detail, depth, and understanding of Jean Strouse."—Robert Heilbroner, Los Angeles Times Book Review "It is hard to imagine a biographer coming any closer to perfection."—St. Louis Post-Dispatch "Strouse is in full command of Pierpont Morgan's personal life, his financial operations, his collecting, and his benefactions, and presents a rich, vivid picture of the background against which they took place. . . . A magnificent biography."—The New York Review of Books "With uncommon intelligence, maturity, and psychological insight, Morgan: American Financier is that rare masterpiece biography that enables us to penetrate the soul of a complex human being."—The Philadelphia Inquirer This aim of this open access book is to launch an international, cross-disciplinary conversation on fatherhood engagement. By integrating perspective from three sectors -- Health, Social Policy, and Work in Organizations -- the book offers a novel perspective on the benefits of engaged fatherhood for men, for families, and for gender equality. The chapters are crafted to engaged broad audiences, including policy makers and organizational leaders, healthcare practitioners and fellow scholars, as well as families and their loved ones. "Why has the valley of Kashmir, famed for its beauty and tranquility, become a major flashpoint, threatening the stability of a region of great strategic importance and challenging the integrity of the Indian state? This book examines the Kashmir conflict in its historical context, from the period when the valley was an independent kingdom right up to the struggles of the present day. Located on the borders of China, Central Asia and the Sub-Continent, the insurgency in the valley has also created serious tensions between India and Pakistan. Drawing upon research in India and Pakistan, as well as historical sources, this book traces the origins of the state in the 19th century and the controversial "sale" by the British of the predominantly

Muslim valley to a Hindu Maharaja in 1846. Through an exploration of the implications for Kashmir of independence in 1947, it gives a critical account of why, for Kashmir, self-determination may seem a more attractive option than affiliation to a larger multi-racial whole."--Bloomsbury Publishing. The kind of book that keeps you reading past midnight, holding on for dear life. There's a sense of menace on every page. An incredible debut by a brilliant new talent.' Rohan Wilson, author of *To Name Those Lost Van Diemen's Land, 1826*. When Bridget Crack arrives in the colony, she is just grateful to be on dry land. But finding the life of an indentured domestic servant intolerable, she pushes back and is punished for her insubordination--sent from one place to another, each significantly worse than the last. Too late, she realises the place she has ended up is the worst of all: the 'Interior,' where the hard cases are sent--a brutally hard life with a cruel master, miles from civilisation. She runs from there and finds herself imprisoned by the impenetrable Tasmanian wilderness. What she finds there--what finds her--is Matt Sheedy, a man on the run, who saves her from certain death. Her precarious existence among volatile and murderous bushrangers is a different kind of hell and, surrounded by roaring rivers and towering columns of rock, hunted by soldiers and at the mercy of killers, Bridget finds herself in an impossible situation. In the face of terrible darkness, what will she have to do to survive? A gripping and moving story of a woman's struggle for survival in a beautiful and brutal landscape, Bridget Crack is a unique and deeply accomplished novel by a rare talent. 'A compelling story and terrifically told. Leary's voice is supremely confident and perfectly balances a fine lyricism with tough, sinewy sentences that hit hard and true.' Lenny Bartulin, author of *Infamy Maggie White*, a downsized American executive stuck in Rome on her husband's expat assignment, is finding the *dolce vita* isn't all it's cracked up to be. She's taken a job offering painting instruction to well-heeled travelers and her boss--a rather unpleasant English lord--has turned up dead in his penthouse. Maggie's left with a palazzo full of suspicious guests, a valuable painting her boss might have stolen, and a policeman who's decided she's the prime suspect. Now Maggie must keep the tour up and running while she tracks the killer and works to clear her name. Originally published in 1954, *The Wilder Shores of Love* is the classic biography of four nineteenth-century European women who leave behind the industrialized west for Arabia in search of romance and fulfillment. Hailed by *The Daily Telegraph* as "enthraling to read," Lesley Blanch's first book tells the story of Isabel Burton, the wife and traveling companion of the explorer Richard Burton; Jane Digby, who exchanged European society for an adventure in loving; Aimée Dubucq de Rivery, a Frenchwoman captured by pirates who became a member of the Turkish sultan's harem; and Isabelle Eberhardt, a Swiss woman who dressed as a man and lived among the Arabs of Algeria. A man named Ren floats through the world of his dreams and imagination, fulfilling his desire to become a painter--of apples and hats, apple hats, apple-these and apple-thats. In his paintings, leaves are lips, baguettes are noses, the right side is never up, and the upside is never down. Award-winning author Klaas Verplancke meshes everyday objects and words together in ways that are guaranteed to make kids laugh and think. Ren Magritte (Belgian, 1898-1967), one of the world's most beloved artists, created whimsical, subversive paintings that helped launch the popularity of surrealism. His works combined words and images in novel, thought-provoking ways, and used humor and ordinary subjects to inspire viewers to question the world around them. "Susan Vreeland set a high standard with *Girl in Hyacinth Blue*.... The *Passion of Artemisia* is even better.... Vreeland's unsentimental prose turns the factual Artemisia into a fictional heroine you won't soon forget." --*People* A true-to-life novel of one of the few female post-Renaissance painters to achieve fame during her own era against great struggle. Artemisia Gentileschi led a remarkably "modern" life. Vreeland tells Artemisia's captivating story, beginning with her public humiliation in a rape trial at the age of eighteen, and continuing through her father's betrayal, her marriage of convenience, motherhood, and growing fame as an artist. Set against the glorious backdrops of Rome, Florence, Genoa, and Naples, inhabited by historical characters such as Galileo and Cosimo de' Medici II, and filled with rich details about life as a seventeenth-century painter, Vreeland creates an inspiring story about one woman's lifelong struggle to reconcile career and family, passion and genius. "Equal parts wry comedy and touching family drama, it's ultimately a heartbreaker that'll stay with you long after you're done." --Marie Claire "Glass of chilled rosé, check. Comfy chair, check. Box of tissues, check. You Me Everything is everything you need for a moving, funny, heartbreaking, and ultimately joyous read." --Susan Wiggs, #1 New York Times bestselling author of *Map of the Heart* Set in the French countryside on an idyllic summer vacation, a delicious, tender novel about finding joy and love even in the most unexpected places. Jess and her ten-year-old son William set off to spend the summer at Château de Roussignol, deep in the rich, sunlit hills of the Dordogne. There, Jess's ex-boyfriend--and William's father--Adam, runs a beautiful hotel in a restored castle. Lush gardens, a gorgeous pool, delectable French food, and a seemingly never-ending wine list--what's not to like? Jess is bowled over by what Adam has accomplished, but she's in France for a much more urgent reason: to make Adam fall in love with his own son. But Adam has other ideas, and another girlfriend--and he doesn't seem inclined to change the habits of a lifetime just because Jess and William have appeared on the scene. Jess isn't surprised, but William--who has quickly come to idolize his father--wants nothing more than to spend time with him. But Jess can't allow Adam to let their son down--because she is tormented by a secret of her own, one that nobody--especially William--must discover. By turns heartwrenching and hopeful, *You Me Everything* is a novel

about one woman's fierce determination to grab hold of the family she has and never let go, and a romantic story as heady as a crisp Sancerre on a summer day. This beautiful book presents the work of these two painters, exploring the artistic development of each, comparing their achievements and showing how both were influenced by their times and the milieus in which they worked. The Caucasus--a region of supreme natural beauty and fiercely proud warriors--has throughout history been characterized by violence and turmoil. During the Great Caucasus War of 1834-1859, the warring mountain tribes of Daghestan and Chechnya united under the charismatic leadership of the Muslim chieftain Imam Shamil, the "Lion of Daghestan", and held at bay the invading Russian army for nearly 25 years. Lesley Blanch vividly recounts the epic story of their heroic and bloody struggle for freedom and the life of a man still legendary in the Caucasus. "What happens when we believe in something that isn't there? What happens to the mind maps of places we don't live in anymore? What happens when we doubt our own history? We cling to the solidity of physical space. Our abstracted sense of being swells to its limits, presses against its boundary of skin, bumps up against the world, finds itself there. Washing Off the Raccoon Eyes explores the idea that we as humans are undefined, chaotic, that we come to know ourselves through the spaces we inhabit and the people we encounter. These are hungry poems looking feverishly outdoors, phenomenological poems that speak of late nights, feminist issues, mental illness and writing itself."-- Now back in print, this heartbreaking novel by Romain Gary has inspired two movies, including the Netflix feature *The Life Ahead* Momo has been one of the ever-changing ragbag of whores' children at Madame Rosa's boarding house in Paris ever since he can remember. But when the check that pays for his keep no longer arrives and as Madame Rosa becomes too ill to climb the stairs to their apartment, he determines to support her any way he can. This sensitive, slightly macabre love story between Momo and Madame Rosa has a supporting cast of transvestites, pimps, and witch doctors from Paris's immigrant slum, Belleville. Profoundly moving, *The Life Before Us* won France's premier literary prize, the Prix Goncourt. DigiCat Publishing presents to you this special edition of "In a German Pension" by Katherine Mansfield. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. "Enormously satisfying...I'm grateful to Cullen for the pleasures of such a splendid read." -Sara Gruen, New York Times bestselling author of *Water for Elephants*. In 1559, a young woman painter flees a scandal involving one of Michelangelo's students, and is taken to the Spanish court, where she becomes the young queen's confidante and lady-in-waiting. Through her keenly trained eye, readers watch a love triangle unfold involving the queen, the king, and his half brother--a dangerous gamble that risks the lives of the queen and all those who keep her secrets. "This crazy, gorgeous family novel" written at the end of the Great Depression "is one of the great literary achievements of the twentieth century" (Jonathan Franzen, *The New York Times*). First published in 1940, *The Man Who Loved Children* was rediscovered in 1965 thanks to the poet Randall Jarrell's eloquent introduction (included in this ebook edition), which compares Christina Stead to Leo Tolstoy. Today, it stands as a masterpiece of dysfunctional family life. In a country crippled by the Great Depression, Sam and Henny Pollit have too much--too much contempt for one another, too many children, too much strain under endless obligation. Flush with ego and chilling charisma, Sam torments and manipulates his children in an esoteric world of his own imagining. Henny looks on desperately, all too aware of the madness at the root of her husband's behavior. And Louie, the damaged, precocious adolescent girl at the center of their clashes, is the "ugly duckling" whose struggle will transfix contemporary readers. Named one of the best novels of the twentieth century by *Newsweek*, Stead's semiautobiographical work reads like a Depression-era *The Glass Castle*. In the *New York Times*, Jonathan Franzen wrote of this classic, "I carry it in my head the way I carry childhood memories; the scenes are of such precise horror and comedy that I feel I didn't read the book so much as live it." From the internationally bestselling author of the "fascinating epic" (Associated Press) *Between Love and Honor* comes a rich, sweeping tale based on the captivating true story of the Mata Hari of Russia, featuring a beautiful aristocrat fighting for survival during the deadly upheaval of the Russian Revolution. Born into Russian aristocracy, wealth, and security, Moura never had any reason to worry. But in the upheaval of the Bolshevik Revolution, her entire world crumbles. As her family and friends are being persecuted by Vladimir Lenin's ruthless police, she falls into a passionate affair with British secret agent Sir Robert Bruce Lockhart. But when he's abruptly and mysteriously deported from Russia, Moura is left alone and vulnerable. Now, she must find new paths for her survival, even if it means shedding her past and taking on new identities. Some will praise her tenderness and undying loyalty. Others will denounce her lies. But all will agree on one point: Moura embodies Life. Life at all cost. Set against the volatile landscape of 20th-century Russia, *The Woman of a Thousand Names* brings history to vivid life in a captivating tale about an extraordinary woman caught in the waves of change--with only her wits to save her. Discusses acids, bases, and alkalis and how they are used. Robert Louis Stevenson devoted his life to his wife Fanny: he crossed continents in search of her; scandalized his family by marrying her; built a life in the Pacific with her; survived tuberculosis because of her; and was encouraged and inspired in his writing by her. An American woman eleven years his senior, she remains in her own right one of the most independent and free-spirited women

of her generation. Incomplete. 'A declaration of rights is indispensable in order to halt the ravages of despotism.' So wrote the revolutionary Antoine Barnave in support of the Declaration of the Rights of Man and of the Citizen (1789). Sometimes playful or poetic, always provocative, Vaneigem reviews the history of bills of rights before offering his own call, with commentary, for 57 rights yet to be won in a world where the 'freedoms accorded to Man' are no longer merely 'the freedoms accorded by man to the economy'. "The author brings to life the stories of the greatest women adventurers in history. Crossing five continents, these indomitable women faced unimaginable dangers, from deserts and jungles to mountains and icebergs, often armed with little in the way of specialist equipment other than an umbrella and a "good, thick skirt". Spanning a century, this book mixes triumph and tragedy as it follows these heroines' extraordinary adventures. Archival photographs and extracts from diaries, journals, letters, and other writings thrillingly bring to life the unquenchable spirit of adventure of these courageous women."--Global Books in Print. No one can describe a wine like Karen MacNeil. Comprehensive, entertaining, authoritative, and endlessly interesting, *The Wine Bible* is a lively course from an expert teacher, grounding the reader deeply in the fundamentals—vine-yards and varietals, climate and terroir, the nine attributes of a wine's greatness—while layering on tips, informative asides, anecdotes, definitions, photographs, maps, labels, and recommended bottles. Discover how to taste with focus and build a wine-tasting memory. The reason behind Champagne's bubbles. Italy, the place the ancient Greeks called the land of wine. An oak barrel's effect on flavor. Sherry, the world's most misunderstood and underappreciated wine. How to match wine with food—and mood. Plus everything else you need to know to buy, store, serve, and enjoy the world's most captivating beverage. Artemisia Gentileschi, a significant female artist of the late 1600s, is brought to life as Lapiere captures the flavor of Baroque Italy as well as the emotional life of this fascinating woman. A major exhibition of the artist's paintings opens in February 2002 at the Metropolitan Museum of Art in New York City. of color photos. Artemisia Gentileschi was the greatest female artists of the Baroque age. In *Artemisia Gentileschi*, critic and historian Jonathan Jones discovers how Artemisia overcame a turbulent past to become one of the foremost painters of her day. As a young woman Artemisia was raped by her tutor, and then had to endure a seven-month-long trial during which she was brutally examined by the authorities. Gentileschi was shamed in a culture where honour was everything. Yet she went on to become one of the most sought-after artists of the seventeenth century. Yet she went on to become one of the most sought-after artists of the seventeenth century. Gentileschi's art communicated a powerful personal vision. Like Frida Kahlo, Louise Bourgeois or Tracey Emin, she put her life into her art. 'Lives of the Artists' is a new series of brief artists biographies from Laurence King Publishing. The series takes as its inspiration Giorgio Vasari's five-hundred-year-old masterwork, updating it with modern takes on the lives of key artists past and present. Focusing on the life of the artist rather than examining their work, each book also includes key images illustrating the artist's life. From the bestselling author of *GIRL IN HYACINTH BLUE*, "A vivid exploration of one of the most beloved Renoir paintings in the world, done with a flourish worthy of Renoir himself" (USA Today) With her richly textured novels, Susan Vreeland has offered pioneering portraits of artists' lives. As she did in *Girl in Hyacinth Blue*, Vreeland focuses on a single painting, Auguste Renoir's instantly recognizable masterpiece, which depicts a gathering of Renoir's real friends enjoying a summer Sunday on a café terrace along the Seine. Narrated by Renoir and seven of the models, the novel illuminates the gusto, hedonism, and art of the era. With a gorgeous palette of vibrant, captivating characters, Vreeland paints their lives, loves, losses, and triumphs so vividly that "the painting literally comes alive" (The Boston Globe). An important reassessment of the later career and life of a beloved baroque artist Hailed as one of the most influential and expressive painters of the seventeenth century, Artemisia Gentileschi (1593–ca. 1656) has figured prominently in the art historical discourse of the past two decades. This attention to Artemisia, after many years of scholarly neglect, is partially due to interest in the dramatic details of her early life, including the widely publicized rape trial of her painting tutor, Agostino Tassi, and her admission to Florence's esteemed Accademia del Disegno. While the artist's early paintings have been extensively discussed, her later work has been largely dismissed. This beautifully illustrated and elegantly written book provides a revolutionary look at Artemisia's later career, refuting longstanding assumptions about the artist. The fact that she was semi-illiterate has erroneously led scholars to assume a lack of literary and cultural education on her part. Stressing the importance of orality in Baroque culture and in Artemisia's paintings, Locker argues for her important place in the cultural dialogue of the seventeenth century. The Instant New York Times Bestseller! A Good Morning America* Book Club Pick! Named a Best Book of the Year by NPR! Named a Notable Book of the Year by the Washington Post! "Historical fiction at its best!"* A remarkable novel about J. P. Morgan's personal librarian, Belle da Costa Greene, the Black American woman who was forced to hide her true identity and pass as white in order to leave a lasting legacy that enriched our nation, from New York Times bestselling authors Marie Benedict and Victoria Christopher Murray. In her twenties, Belle da Costa Greene is hired by J. P. Morgan to curate a collection of rare manuscripts, books, and artwork for his newly built Pierpont Morgan Library. Belle becomes a fixture in New York City society and one of the most powerful people in the art and book world, known for her impeccable taste and shrewd negotiating for critical works as she helps create a world-class collection. But Belle has a secret, one she must

protect at all costs. She was born not Belle da Costa Greene but Belle Marion Greener. She is the daughter of Richard Greener, the first Black graduate of Harvard and a well-known advocate for equality. Belle's complexion isn't dark because of her alleged Portuguese heritage that lets her pass as white—her complexion is dark because she is African American. The Personal Librarian tells the story of an extraordinary woman, famous for her intellect, style, and wit, and shares the lengths she must go to—for the protection of her family and her legacy—to preserve her carefully crafted white identity in the racist world in which she lives. Their commission to write a biography of the enigmatic painter J.M.W. Turner leads Walter Hartright and his sister-in-law Marian across Victorian London. Honor Harrington has been called to command Eighth Fleet against the Republic of Haven, but when she discovers the Star Kingdom is badly outnumbered by the Republic's fleet, the cost of victory will be agonizingly high. A wartime love—across enemy lines. “The strong writing, with its attention to detail, wonderful descriptions and authentic dialogue, holds our attention.” —Historical Novel Society When widow Millie Sanger finds injured enemy pilot Lukas Schiller on her farm, the distant war is suddenly at her doorstep. Compassionate Millie knows he'll be killed if discovered, and makes the dangerous decision to offer him shelter from the storm. On opposite sides of the inescapable conflict, the two strangers forge an unexpected and passionate bond. But as the snow thaws, the relentless fury of World War II forces them apart, leaving only the haunting memories of what they shared, and an understanding that their secret must never see light. As Millie's dangerous act of kindness sets them on paths they never could have expected, those closest to them become their greatest threats, and the consequences of compassion prove deadly . . . A Dangerous Act of Kindness is a beautiful, harrowing love story, perfect for fans of Rachel Horse and Santa Montefiore. “What a humdinger of an emotional read. . . ! When you think you've read all the stories you can about the Germans and the war, this is a very unique novel and a very unique set of circumstances.” —The BookTrail “The themes of guilt, betrayal, and loyalty are universal but they are played out here in the most poignant and bittersweet way. A definite five star read.” —Stand Out Scotland In 17th century Rome, where women are expected to be chaste and yet are viewed as prey by powerful men, the extraordinary painter Artemisia Gentileschi fends off constant sexual advances as she works to become one of the greatest painters of her generation. Frustrated by the hypocritical social mores of her day, Gentileschi releases her anguish through her paintings and, against all odds, becomes a groundbreaking artist. Meticulously rendered in ballpoint pen, this gripping graphic biography serves as an art history lesson and a coming-of-age story. Resonant in the #MeToo era, I Know What I Am highlights a fierce artist who stood up to a shameful social status quo. Based on the true story of Belle da Costa Greene, a woman who defied all odds to carve out a destiny of her own choosing, this is a richly imagined novel bursting with atmosphere, lush period detail, and many unforgettable characters. New York in the 1900s. A young girl fascinated by rare books defies all odds and becomes the director of one of the country's most prestigious private libraries. It belongs to the magnate J. P. Morgan, darling of the international aristocracy and one of the city's richest men. Flamboyant, brilliant, beautiful, Belle is among New York society's most sought after intellectuals. She also hides a secret. Although she looks white, she is African American, the daughter of a famous black activist who sees her desire to hide her origins as the consummate betrayal. Torn between history's ineluctable imperatives and the freedom to belong to the society of her choosing, Belle's drama, which plays out in a violently racist America, is one that resonates forcefully, and illuminatingly even today. The fruit of years of research and interviews, Alexandra Lapierre's magnificent novel recounts the struggles, victories, and heartbreaks of a woman who is free, astonishingly determined, daring, and fully, exuberantly alive. With lips slightly parted and eyes fixed on a point in the distance, a breathtaking marble portrait of Costanza Piccolomini appears alive. Carved by Gianlorenzo Bernini in 1636-37 for his own pleasure, the portrait of Costanza is one of his most captivating works, but until now little has been known about its subject. For centuries Costanza was identified only as Bernini's mistress, who later incited his rage by betraying him for his brother. Author Sarah McPhee corrects and expands this story in her remarkable biography of a sculpture and its subject. Bernini's Beloved sets the bust and Costanza's own life—her childhood and noble name, her marriage, affair, fall from grace, and recovery—against the backdrop of Baroque Rome. Beautifully illustrated and written, this fascinating story expands our understanding of the woman whose intelligence and passion served as inspiration for Bernini's celebrated sculpture, and who courageously forged a life for herself in the decades following its creation. In a re-creation of Baroque Italy, Artemisia Gentileschi, one of the Western world's first major women artists, is raped by her father's partner, and refuses to deny the crime, an attitude that ostracizes her from Rome and from her father. A gripping, kaleidoscopic account of a horrific industrial disaster that shook the world, from world-renowned humanitarian and internationally bestselling author Dominique Lapierre. It was December 3, 1984. In the ancient city of Bhopal, a cloud of toxic gas escaped from an American pesticide plant, killing and injuring thousands of people. When the noxious clouds cleared, the worst industrial disaster in history had taken place. Now, Dominique Lapierre brings the hundreds of characters, conflicts, and adventures together in an unforgettable tale of love and hope. Readers will meet the poetry-loving factory worker who unleashes the apocalypse, the young Indian bride who was to be married that terrible night, and the doctors who died that night saving others. “Based on a true story” --P.
