It will not waste your time. give a positive response me, the e-book will extremely impression you other business to read. Just invest tiny times to read this on-line message **Natashas Dance A Cultural History Of Russia Orlando Figes** as well as evaluation them wherever you are now.

For those who need more historical background information on a country that what can be found in a simple travel guide, this comprehensive survey of Russia and the USSR provides a welcome insight into this enigmatic country, from its earliest days to the times of perestroika and glasnost. Historical maps. A-Z Gazetteer. Illustrations. This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US, Canada and around the world. Moss's accessible history includes full treatment of everyday life, the role of women, rural life, law, religion, literature and art. In addition, it provides many other features that have proven successful, including: a well-organized and clearly written text, references to varying historical perspectives, numerous illustrations and maps, fully updated bibliographies accompanying each chapter as well as a general bibliography, a glossary, and chronological and genealogical lists. Through the centuries, Russia has swung sharply between successful expansionism, catastrophic collapse, and spectacular recovery. This illuminating history traces these dramatic cycles of boom and bust from the late Neolithic age to Ivan the Terrible, and from the height of Communism to the truncated Russia of today. Philip Longworth explores the dynamics of Russia's past through time and space, from the nameless adventurers who first penetrated this vast, inhospitable terrain to a cast of dynamic characters that includes Ivan the Terrible, Catherine the Great, and Stalin. His narrative takes in the magnificent, historic cities of Kiev, Moscow, and St. Petersburg; it stretches to Alaska in the east, to the Black Sea and the Ottoman Empire to the south, to the Baltic in the west and to Archangel and the Artic Ocean to the north. Who are the Russians and what is the source of their imperialistic culture? Why was Russia so driven to colonize and conquer? From Kievan Rus'---the first-ever Russian state, which collapsed with the invasion of the Mongols in the thirteenth century---to ruthless Muscovy, the Russian Empire of the eighteenth century and finally the Soviet period, this

groundbreaking study analyses the growth and dissolution of each vast empire as it gives way to the next. Refreshing in its insight and drawing on a vast range of scholarship, this book also explicitly addresses the question of what the future holds for Russia and her neighbors, and asks whether her sphere of influence is growing. Russia, or the Russian Federation as it is officially known, is the world's largest country and covers almost a sixth of the global landmass. The country is often associated with harsh climates and autocratic government. The shadow of communism and the Cold War continues to influence global attitudes towards Russia. This clear and focused text provides an introduction to imperial Russian and Soviet history from the crowning of Mikhail Romanov in 1613 to Vladimir Putin's new term. Through a consistent chronological narrative, Kees Boterbloem considers the political, military, economic, social, religious, and cultural developments and crucial turning points that led Russia from an exotic backwater to superpower stature in the twentieth century. The author assesses the tremendous price paid by those who made Russia and the Soviet Union into such a hegemonic power, both locally and globally. He considers the complex and varied interactions between Russians and non-Russians and investigates the reasons for the remarkable longevity of this last of the colonial powers, whose dependencies were not granted independence until 1991. He explores the ongoing legacies of this fraught decolonization process on the Russian Federation itself and on the other states that succeeded the Soviet Union. The only text designed and written specifically for a one-semester course on this four-hundred-year period, it will appeal to all readers interested in learning more about the history of the people who have inhabited one-sixth of the earth's landmass for centuries. Serves as a guide to the history and culture of Russia. This book details the social, economic, and political changes and crises that the people of Russia have had to endure. It includes a chronology, bibliography, and suggested readings. It also covers the conquest and rule of Russia by the Mongol Golden Horde as well as the reign of terror. Reprint of the original, first published in 1877. This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day. Includes essays by both prominent and emerging scholars from Russia, Great Britain, the US, and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs, through the Yeltsin Era, and future prospects for post-Soviet Russia Offers an extensive review of the medieval period, religion, culture, and the experiences of ordinary people Offers a balanced review of both traditional and cutting-edge topics, demonstrating the range and dynamism of the field The "national question" and how to impose control over its diverse ethnic identities has long posed a problem for the Russian state. This major survey of Russia as a multi-ethnic empire spans the imperial years from the sixteenth century to 1917, with major consideration of the Soviet phase. It asks how Russians incorporated new territories, how they were resisted, what the character of a multi-ethnic empire was and how, finally, these issues related to nationalism. The history of Russia is an epic of unending struggle. Here, from award-winning historian Ian Grey, is its dramatic story - from the establishment of the first ruling dynasty by a Viking prince to the invasions of Attila the Hun and Genghis Khan to the rise of the tsars, whose domination of their country stretched nearly four centuries until the violent overthrow of Nicholas II in 1918. The HISTORY OF RUSSIA AND THE SOVIET UNION is a general survey of Russian history from earliest times to the present. The authors present a balanced coverage of political, diplomatic, economic, social, intellectual, and cultural history.. This revised edition of a detailed one-volume history on Russia includes a new chapter on the Gorbachev years, from the initiation of glasnost and perestroika to the failed coup of August 1991, and an updated bibliography. A survey of Russia's development from a valley culture in the ninth century through the Czechoslovakian crisis of 1968. The unabridged text of *Istoriia Rossii s drevneishikh vremen* (History of Russia From Earliest Times), first published in St. Petersburg, 1851-1879, in 29 volumes, translated in 50 volumes from the Moscow edition of 1959-1966. Each volume is edited and translated by a scholar expert in the time and topic of the volume. Introductory essays and annotation. -- Publisher. Bernard Pares, in his classic, *A History of Russia*, takes the reader a long way towards a knowledge and understanding that few single volume histories have been able to give. From the russia of pre-history down through the Tsars (the famous and infamous), through two World Wars, Stalin and finally the dawn of modern times, Pares takes us on a voyage of discovery. "This volume offers a lively introduction to Russia's dramatic history and the striking changes that characterize its story. Distinguished authors Barbara Alpern Engel and Janet Martin show how Russia's peoples met the constant challenges posed by geography, climate, availability of natural resources, and devastating foreign invasions, and rose to become the world's second largest land empire. The book describes the circumstances that led to the world's first communist society in 1917, and traces the global consequences of Russia's long confrontation with the United States, which took place virtually everywhere and for decades provided a model for societies seeking development independent of capitalism. This book also brings the story of Russia's arduous and costly climb to great power to a personal level through the stories of individual women and men-leading figures who played pivotal roles as well as less prominent individuals from a range of social backgrounds whose voices illuminate the human consequences of sweeping historical change. As was and is true of Russia itself, this story encompasses a wide variety of ethnicities, peoples who became part of the Russian empire and suffered or benefited from its leaders' efforts to meld a multiethnic polity into a coherent political entity. The book examines how Russia served as a conduit for people, ideas, and commodities flowing between east and west, north and south, and absorbed and adapted influences from both Europe and Asia and how it came to play an increasingly important role on a regional and, ultimately, global scale"-- "This is the essential backstory, the history book that you need if you want to understand modern Russia and its wars with Ukraine, with its neighbors, with America, and with the West." —Anne Applebaum, author of *Twilight of Democracy* and *Red Famine* Named a Most Anticipated Book of the Year by Publishers Weekly and Kirkus Reviews From "the great storyteller of Russian history" (Financial Times), a brilliant account of the national mythologies and imperial ideologies that have shaped Russia's past and politics—essential reading for understanding the country today The Story of Russia is a fresh approach to the thousand years of Russia's history, concerned as much with the ideas that have shaped how Russians think about their past as it is with the events and personalities comprising it. No other country has reimagined its own story so often, in a perpetual effort to stay in step with the shifts of ruling ideologies. From the founding of Kievan Rus in the first millennium to Putin's war against Ukraine, Orlando Figes explores the ideas that have guided Russia's actions throughout its long and troubled existence. Whether he's describing the crowning of Ivan the Terrible in a candlelit cathedral or the dramatic upheaval of the peasant revolution, he reveals the impulses, often unappreciated or misunderstood by foreigners, that have driven Russian history: the medieval myth of Mother Russia's holy mission to the world; the imperial tendency toward autocratic rule; the popular belief in a paternal tsar dispensing truth and justice; the cult of sacrifice rooted in the idea of the "Russian soul"; and always, the nationalist myth of Russia's unjust treatment by the West. How the Russians came to tell their story and to revise it so often as they went along is not only a vital aspect of their history; it is also our best means of understanding how the country thinks and acts today. Based on a lifetime of scholarship and enthrallingly written, *The Story of Russia* is quintessential Figes: sweeping, revelatory, and masterful. A Library Journal 2020 Title to Watch "Terrific - and an amazing achievement to cover so much ground in such a short and wonderfully readable book." -Peter Frankopan, bestselling author of *The Silk Roads* Russia's epic story told in an accessible, lively and short form, using the country's fascinating history to help us understand its actions today and what the future might hold A country with no natural borders, no single ethnic group, no true central identity, Russia has mythologized its past to unite its people, to justify its military decisions, and to signal strength to outsiders. Mark Galeotti takes us behind the myths to the heart of the Russian story, covering key moments such as: the formation of a nation through its early legends, including Ivan the Terrible and Catherine the Great the rise and fall of the Romanovs, the Russian Revolution, the Cold War, Chernobyl and the Soviet Union the arrival of an obscure politician named Vladimir Putin and his ambitions for Russia A Short History of Russia explores the history of this fascinating, extraordinary, desperate and exasperating country through two intertwined issues: the way successive influences from beyond its borders have shaped Russia, and the way Russians came to terms with this influence, writing and rewriting their past to understand their present and try to shape their future. In turn, this self-invented history has come to affect not just their constant nation-building project but also their relations with the world. Lavishly illustrated history. *A History of Russia: Peoples, Legends, Events, Forces* is a comprehensive narrative conceived and developed after the collapse of the former Soviet Union. Informed by the burgeoning historiography of the 1990s, the text balances political and economic explorations of everyday life, social roles, cultural dynamics, and gender issues. Many texts on this subject are written from a pre-Confederation point of view that may be unsuitable for today's classroom. This text provides strong coverage of 20th-century Russia and the U.S.S.R. without sacrificing its coverage of earlier historical periods. An authoritative history of Russia from early Rus' to the reign of Peter the Great. Drawing

on recently de-classified material, the contributors strip away the propaganda and preconceptions of the past to present an absorbing account of the rise and fall of a superpower from the 14th century to the 1990s. A leading international authority discusses all aspects of Russian history, from the struggle by the state to control society to the transformation of the nation into a multi-ethnic empire, Russia's relations with the West and the post-Soviet era. Original. Accessible to students, tourists and general readers alike, this book provides a broad overview of Russian history since the ninth century. Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the end of the Soviet Union in 1991. Since then, new material has come to light on the history of the Soviet era, providing new conceptions of Russia's pre-revolutionary past. The book traces not only the political history of Russia, but also developments in its literature, art and science. Bushkovitch describes well-known cultural figures, such as Chekhov, Tolstoy and Mendeleev, in their institutional and historical contexts. Though the 1917 revolution, the resulting Soviet system and the Cold War were a crucial part of Russian and world history, Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power. This collection of recent work on historical consciousness and practice in late Imperial Russia provides the foundations for a fundamental reconceptualization of Russian history. Chronicles the history of the Russian Empire from the Mongol Invasion, through the Bolshevik Revolution, to the aftereffects of the Cold War.
