A red thread links the fate of two people together. Julia lost her parents and lives a hard life taking care of her two older sisters. Her sisters will be getting married and leaving home soon, but who is she going to marry? At a party, Julia is approached by Professor Gerard, a Dutch aristocrat and the head of the medical world. His impression of her is terrible when she teases him about the dress he made by tailoring the curtains. She never wants to see him again. But it's also the professor who gives her a hand when she loses her job and her house. Is he a tease, or is he kind? A practical guide to personal finance for women who want to manage their own assets presents real-life anecdotes and practical advice to create a user-friendly economic strategy for women of all ages and income levels "Today, only twenty percent of Americans are wed by age twenty-nine, compared to nearly sixty percent in 1960. The Population Reference Bureau calls it a 'dramatic reversal.' [This book presents a] portrait of contemporary American life and how we got here, through the lens of the single American woman, covering class, race, [and] sexual orientation, and filled with ... anecdotes from ... contemporary and historical figures"-- "Is there something wrong with me?" It's a common question asked by strong and capable women who are kicking ass in life, but struggling in LOVE. Are you successful in your career, but you find relationships difficult? Have you been told that you can be intimidating? Do you find yourself attracted to those who are unavailable? Are you easily annoyed or turned off by people who express interest in you? Do you feel like you've failed every time a relationship doesn't work out? Do you feel like maybe there is something wrong with you?... If so, listen up, ladies! This book is for you. Author and fellow career woman, Christine Chang, is here to set the record straight. There is nothing wrong with you but, there are some things you

can do right away to boss up your love life and meet your perfect power couple match. In *SHOW UP: Finding Love For Independent Women*, Christine shares her personal journey from shaky and sporadic relationships to deep, supportive and unbreakable love. Through her nightmarish relationship struggles and often embarrassing "a-ha's," she reveals the most important questions you need to ask yourself to slay the dating process and find the partner you deserve. Because even though love can be a mess, you should never settle for anything less! An inspiring, thought-provoking insight into the stories behind some of most successful business women in the world. *Successful Women In Business* tells the real-life stories of women entrepreneurs who have mastered the fields of technology, fashion, retail, real estate and more. Through perseverance, determination and a refusal to accept second best, the women showcased in this book have overcome seemingly insurmountable obstacles to become an inspiration to countless women all over the world. In the time of the #MeToo and #TimesUp movement, international bestselling author and leading global expert on mental strength Amy Morin turns her focus to feminism, explaining what it means—and what it takes—to be a mentally strong woman. The emergence of the #MeToo and #TimesUp movements have awakened society and encouraged women to find their voice and claim their power. But to do this, women must learn to improve their own mental strength. Contending with a host of difficult issues—from sexual assault on college campuses, to equal pay and pay gaps, to mastering different negotiation styles—demands psychological toughness. In this crucial book, prominent psychotherapist and licensed clinical social worker Amy Morin gives women the techniques to build mental muscle—and just as important, she teaches them what not to do. What does it mean to be a mentally strong woman? Delving into critical issues like sexism, social media, social comparison, and social pressure, Amy addresses this question and offers thoughtful, intelligent advice, practical

tips, and specific strategies and combines them with personal experiences, stories from former patients, and both well-known and untold examples from women from across industries and pop culture. Throughout, she explores the areas women—and society at large—must focus on to become (and remain) mentally strong. Amy reveals that healthy, mentally tough women don't insist on perfection; they don't compare themselves to other people; they don't see vulnerability as a weakness; they don't let self-doubt stop them from reaching their goals. Wise, grounded, and essential, *13 Things Mentally Strong Women Don't Do* can help every woman flourish—and ultimately improve our society as well. The fighting female archetype—a self-reliant woman of great physical prowess—has become increasingly common in action films and on television. However, the progressive female identities of these narratives cannot always resist the persistent and problematic framing of male-female relationships as a battle of the sexes or other source of antagonism. Combining cultural analysis with close readings of key popular American film and television texts since the 1980s, this study argues that certain fighting female themes question regressive conventions in male-female relationships. Those themes reveal potentially progressive ideologies regarding female agency in mass culture that reassure audiences of the desirability of empowered women while also imagining egalitarian intimacies that further empower women. Overall, the fighting female narratives addressed here afford contradictory viewing pleasures that reveal both new expectations for and remaining anxieties about the "strong, independent woman" ideal that emerged in American popular culture post-feminism. This book will help women avoid the pitfalls that can make her life hell; but more importantly, it will put her into a frame of mind that will allow her to enjoy life and never be taken for granted, used and abused. Women are being mentally coerced, emotionally abused, physically attacked, sexually assaulted and financially deceived; and not much is being

done to crush the cancer, until it is too late, after the event. It is imperative she takes full-responsibility for her own protection and not expect anyone to do it for her. Having a high-flying job and earning lots of money will not make you independent, if you cannot be yourself how, where and when you want to, because you are afraid of upsetting a coercive boss, work colleague, husband, partner, child or 'friend'. If someone arranges for your house to be burgled; harms your children; targets your cash; spreads a vicious rumour against you; denigrates you in public; causes you to lose your job; insults your religion, ethnic origin or sexual proclivity; then he/she would have beaten you...without touching you! You cannot be independent if you are forced to worry about any of these obstacles. "Like man, woman is a human being." When *The Second Sex* was first published in Paris in 1949—groundbreaking, risqué, brilliantly written and strikingly modern—it provoked both outrage and inspiration. The *Independent Woman* contains three key chapters of Beauvoir's masterwork, which illuminate the feminine condition and identify practical social reforms for gender equality. It captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today. This ground-breaking collection, the first sustained examination of the work of female practitioners within American independent cinema, reclaims the 'difference' of female indie filmmaking. An inspiring, thought-provoking insight into the stories behind a select group of successful business women. *Successful Women In Business* tells the real-life stories of women entrepreneurs who have mastered the fields of technology, education, retail, real estate and more. Through perseverance, determination and a refusal to accept second best, the women showcased in this book have overcome seemingly insurmountable obstacles to become an inspiration to countless women across the world. *Successful Women In Business* is sponsored by The Successful Investor God is still

writing your story What happens when life doesn't turn out the way you always imagined? How do you stay hopeful when disappointments, unfulfilled longings, and frustrating detours come knocking on your door? Kristen Clark and Bethany Beal have asked these same questions themselves. In *Not Part of the Plan*, they open up their lives in the most raw and relatable way, sharing their own journeys through unexpected seasons of infertility, singleness, loss, and heartbreak. But in the midst of it all, they've learned that true hope doesn't come from getting the life you always dreamed of but from trusting God with the life He has for you and believing that His plans truly are good. Sister, wherever you are on your journey, your life has purpose and meaning in Christ, and thriving is possible--right now. "If life has thrown you a curveball and your future feels hard and scary, *Not Part of the Plan* is the book for you. You'll laugh. You'll cry. But most of all, you'll appreciate the advice of these wise friends as they teach you how to walk through pain and uncertainty and lead you toward a hope-filled tomorrow."--Mary A. Kassian, author of *Girls Gone Wise in a World Gone Wild* "Bethany and Kristen address the struggles we face when life takes unwanted detours and show us through Scripture and experience that our ultimate hope is found in Christ. Even in life's disappointments, we can be completely confident in God's greater plan that is for our good and for His glory."--Gretchen Saffles, author of *The Well-Watered Woman*, founder of Well-Watered Women Have you ever wanted to have a work-life freedom and a flexible schedule to be able to take care of family demands? Martha Vicinus's subject is the middle-class English woman, the first of her sex who could afford to live on her own earnings 'outside heterosexual domesticity or church governance.' She wanted and needed to work. Meticulous, resonant, original, triumphant, *Independent Women* tells of the efforts and endurance of this Victorian woman; of her courage and the constraints that she rejected, accepted, and created. . . . The independent women are the 'foremothers' of any women today who seeks significant work, emotionally satisfying friendships, and a morally charged freedom."—from the Foreword by Catharine R. Stimpson "Feminist insight combines with vast research to produce a dramatic narrative. *Independent Women* chronicles the energetic lives and imaginative communal structures invented by women who 'pioneered new occupations, new living conditions, and new public roles.'"—Lee R. Edwards, Ms. "Vicinus is to be congratulated for her brave and unflinching portraits of twisted spinsters as well as stolid saints. That she stretches her net up into the '20s and covers the women's

suffrage movement is a brilliant stroke, for one may see clearly how it was possible for women to mount such an enormous and successful political campaign."—Jane Marcus, Chicago Tribune Book World "Vicinus' beautifully written book abounds in rich historical detail and in subtle psychological insights in the character of its protagonists. The author understands the complexities of the interplay between economic and social conditions, cultural values, and the aims and aspirations of individual personalities who act in history. . . . A superb achievement."—Gerda Lerner, Reviews in American History "Martha Vicinus has with intelligence and energy paved and landscaped the road on which scholars and students of activist women all travel for many years."—Blanche Wiesen Cook, Women's Review of Books "Independent Women can be read by anyone with an interest in women's history. But for all contemporary women, unconsciously enjoying privileges and freedoms once bought so dearly, this book should be required reading."—Catharine E. Boyd, History Stories of women activists and social conditions of women in East Timor. Discusses the importance of women taking charge of their financial well-being. After coming of age at the legendary Grossinger's resort hotel in the Catskills, Tania Grossinger defied the conventions of an era. When women were routinely consigned to focusing exclusively on husband and family, she chose her own path, and broke ground for the generations that came after her. She started in public relations for The \$64,000 Question, the TV show that was the focus of the infamous "quiz show scandals"; she was the publicist for Betty Friedan's groundbreaking bestseller, *The Feminine Mystique*; and, for seven years, served as the director of broadcast promotion for *Playboy Magazine* and the *Playboy Club*. And that was only the beginning. After escaping a brief her marriage, she embarked on the next chapter of her life. Along the way she crossed paths with such iconic figures as Ayn Rand, Jackie Robinson, Joan Rivers, Timothy Leary, and Johnny Carson. Tania would also become embroiled in a real-life mystery: the unsolved disappearance of Claudia Kirschhoch, a fellow travel writer who vanished without a trace from their beachside hotel on the western tip of Jamaica. Of her first memoir, *Growing Up at Grossinger's*, the *Jewish Daily Forward* said Tania's "childhood was...Like a version of Kay Thomson's *Plaza Hotel-dwelling Eloise* by way of 'Dirty Dancing.'" Now, written as an open letter to an imaginary daughter, Tania reflects on growing beyond—in a smart, funny, and revealing account of ignoring expectations and

becoming a truly independent woman. The independent sector has produced many of the most distinctive films to have appeared in the US in recent decades. From 'Sex, Lies and Videotape' in the 1980s to 'The Blair Witch Project' and New Queer Cinema in the 1990s and the ultra-low budget digital video features of the 2000s, indie films have thrived, creating a body of work that stands out from the dominant Hollywood mainstream. But what exactly is 'independent' cinema? This, the first book to examine the question in detail, argues that independence can be defined partly in industry terms but also according to formal and aesthetic strategies and by distinctive attitudes towards social and political issues, suggesting that independence is a dynamic rather than a fixed quality. Chapters focus on distribution and relationships with Hollywood studios; narrative ('Clerks' and 'Slacker' to 'Pulp Fiction', 'Magnolia' and 'Memento') and other formal dimensions (from 'Blair Witch's' 'authenticity' to expressive and stylized camerawork and editing in work from Harmony Korine to the Coen brothers); approaches to genre and alternative socio-political visions. It is often a spur-of-the-moment decision that becomes a turning point in life. In 19th century London Kitty yields to temptation and commits a crime. Fearful of punishment she flees to Australia, taking her mother with her. She marries to find security for them. When she has a chance for love and happiness she must make a difficult decision. Men: do you want to succeed in relationship? What are the secrets? Do you want to understand women better? This book provides direct advice on subjects ranging from Romance to Reading a Woman's Mind to Dealing with her Bitch. The book is about taking leadership in improving things in the relationship. The 10 Habits of Highly Successful Women is a collection of essays revealing the secret career habits and hard-won wisdom of a diverse group of accomplished women, selected by Rachel Sklar and Glynnis MacNicol, co-founders of TheLi.st, the well-known network dedicated to elevating professional women. Perhaps no group has

experienced more upheaval in the last few decades than working women. In this series, each woman explores the one key habit or lesson that has made the difference in forging her career and attaining professional success. Whether it's CNN personality Sally Kohn's exploration of emotional correctness or What Not To Wear's Stacy London on the wear and tear of our aspirational "Culture of Extraordinary;" why millennial Nisha Chittal won't tell you her age and what Cindy Gallop learned about sex while dating men half hers; how lessons from waitressing led Jenna Wortham to the New York Times or how Paula Froelich perfected the art of the "controlled burn" to start over after the end of a dream career--these essays uncover the challenges and delights of chasing, and finding, success in work and life as a professional woman.

The year was 1896, the woman was Alice Guy-Blaché, and the film was *The Cabbage Fairy*. It was less than a minute long. Guy-Blaché, the first female director, made hundreds of movies during her career. Thousands of women with passion and commitment to storytelling followed in her footsteps. Working in all aspects of the movie industry, they collaborated with others to create memorable images on the screen. This book pays tribute to the spirit, ambition, grit and talent of these filmmakers and artists. With more than 1200 women featured in the book, you will find names that everyone knows and loves—the movie legends. But you will also discover hundreds and hundreds of women whose names are unknown to you: actresses, directors, stuntwomen, screenwriters, composers, animators, editors, producers, cinematographers and on and on. Stunning photographs capture and document the women who worked their magic in the movie business. Perfect for anyone who enjoys the movies, this photo-treasury of women and film is not to be missed.

Future, Me And You And Everyone We Know) • Barbara Kopple (Harlan County USA, Wild Man Blues) • Maria Maggenti (The Incredibly True Adventures of Two Girls in Love) • Deepa Mehta (Fire, Earth, Water) • Trinh T. Minh-ha (Surname Viet, Given Name Nam, Night Passage) . . . and more! Through having and seeing a great many failed relationships, I have done many years of research and inner reflection and have come to see that the reason most people fail in relationships is that they were not taught how to be in a relationship. We are only taught how to have safe sex and not how to have a successful relationship. Through my research, I have found that there are five basic and natural progressive stages in relationships. All the successful relationships that I have witnessed or read about are so because of the successful navigation through these steps. I outline them in this book and give people an insight into navigating them, and hopefully, you too can have a successful relationship, if this is what you want. This is a study of Chinese Hui Muslim women's historic and unrelenting spiritual, educational, political and gendered drive for an institutional presence in Islamic worship and leadership: 'a mosque of one's own' as a unique feature of Chinese Muslim culture. The authors place the historical origin of women's segregated religious institutions in the Chinese Islamic diaspora's fight for survival, and in their crucial contribution to the cause of ethnic/religious minority identity and solidarity. Against the presentation of complex historical developments of women's own site of worship and learning, the authors open out to contemporary problems of sexual politics within the wider society of socialist China and beyond to the history of Islam in all its cultural diversity. Sex, lies, and broken promises are what she carried around in her purse. This was what she had, so it's what she gave to the men who crossed her path. As an independent woman who didn't need a man, Laurah had no clue what it really meant to be in a relationship, or what a man's true value was. The trifecta of an absentee father, combined with chaotic dating experiences, and being raised by a single mother, contributed to her toxic independent woman mindset. After multiple failed relationships and a cancelled wedding, she wondered: Can an "independent woman" truly have a successful union with a man or would she have to change? Join her on the journey of emotional truth and healing as she learns to love herself, and a man, for more than what's in his wallet. Outlines the basic steps of money management, from determining how much and where to invest to saving on taxes and planning for retirement. No matter what her level of economic savvy, every woman can learn how to determine her personal financial profile, set her own investment objectives, find the right full-service or discount broker, and meet her financial goals. This personable, hands-on approach to the market and other investment vehicles provides women with a chart.

Independent Women: From Film to Television explores the significance for feminism of the increasing representation of women on and behind the screen in television contexts around the world. "Independent" has functioned throughout film and television history as an important euphemism for "feminist". This volume investigates how this connection plays out in a contemporary environment that popular feminist discourse is constructing as a golden age of television for women. The original

essays in the volume offer insights into how post-network television is being valued as a new site of independent production for women. They also examine how these connotations of creative control influence perceptions of both female creators and their content as feminist. Together, they provide a compelling perspective on the feminist consequences of how independence and "indie" have intensified as cultural sensibilities that coincide and engage with the digital transformation of television during the first decades of the 21st century. The chapters in this book were originally published in a special issue of Feminist Media Studies. In *Confessions of an Independent Woman: Truth, Lies, & Relationships*, she stresses we must move on regardless, as dwelling on what might have been, or obsessing over problems is not a solution." Although she shares her own harrowing

experiences with us, the point of this empowering, informative, and highly motivational book is to reveal the lessons she learned, and to show other women how she emerged triumphant--and remind them that they can too. "Sharing our stories with other women demonstrates huge growth and proves we are bigger than how we are all-too-often portrayed," she says, while she encourages us to "gain self-worth, value, and respect." This is the process that helped Aprille achieve what she really wanted in the end: to live freely and happily. "Our lives are a testimony, and we should look at how we overcome our struggles and use them as valuable lessons to help others."
