Great North Road Peter F. Hamilton, 2013-01-01 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY New York Times bestselling author Peter F Hamilton's riveting new thriller combines the nail biting suspense of a serial killer investigation with clear eyed scientific and social extrapolation to create a future that seems not merely plausible but inevitable A century from now thanks to a technology allowing instantaneous travel across light years humanity has solved its energy shortages cleaned up the environment and created far flung colony worlds The keys to this empire belong to the powerful North family composed of successive generations of clones Yet these clones are not identical For one thing genetic errors have crept in with each generation For another the original three clone brothers have gone their separate ways and the branches of the family are now friendly rivals more than allies Or maybe not so friendly At least that's what the murder of a North clone in the English city of Newcastle suggests to Detective Sidney Hurst Sid is a solid investigator who'd like nothing better than to hand off this hot potato of a case The way he figures it whether he solves the crime or not he'll make enough enemies to ruin his career Yet Sid's case is about to take an unexpected turn because the circumstances of the murder bear an uncanny resemblance to a killing that took place years ago on the planet St Libra where a North clone and his entire household were slaughtered in cold blood The convicted slayer Angela Tramelon has always claimed her innocence And now it seems she may have been right Because only the St Libra killer could have committed the Newcastle crime Problem is Angela also claims that the murderer was an alien monster Now Sid must navigate through a Byzantine minefield of competing interests within the police department and the world's political and economic elite all the while hunting down a brutal killer poised to strike again And on St Libra Angela newly released from prison joins a mission to hunt down the elusive alien only to learn that the line between hunter and hunted is a thin one BONUS This edition includes an excerpt from Peter F Hamilton's *The Abyss Beyond Dreams* Praise for *Great North Road* A mesmerizing page turner Publishers Weekly starred review A gripping saga that blends wilderness survival police procedural political and social intrigue and dynastic sf into a mammoth tale featuring believable characters and exceptionally skilled storytelling Library Journal starred review A perfect introduction to Hamilton's gifts for character design dialogue and sheer big idea driven storytelling Booklist starred review Compelling and original an awesome novel with plenty of action SFRevu One very compelling and entertaining science fiction novel SF Site Simply brilliant an astonishing achievement Tor.com
