are now highly successful actors and musicians in their own right so the talent was passed on to the next generation In the meantime Wolff has released twenty one albums to critical and popular acclaim written award winning scores to movies and television series and has managed to beat an untreatable cancer His compelling story begins with his fish out of water story in the segregated South then moves to politically turbulent Berkley California in the early sixties and then it takes him around the world as he earns his stripes as a world class Jazz musician On That Note is more than a memoir It is like a Jazz score with words taking the reader on the wild journey of Wolff s singular life It is a life driven by a passion for music and a passion for being alive Sometimes hilarious and sometimes harrowing Wolff s story instantly sweeps us up with it and charms us with a unique voice Many books claim to be page turners This one actually delivers *Toyota Corolla* John Harold Haynes,P.
