***sea is so often chosen for the setting of psychological thrillers - there is nowhere to escape to. Joseph Conrad returned to the ocean waves for 'The Shadow Line', which tells the story of a young captain trying to control and lead a ship for the first time - and the struggles that come with it! He is thrown into one crisis after another: provisions running low, his crew fighting malaria, and somebody hiding the medicine. Amid rumours of the previous captain's ghost haunting the ship, Conrad skillfully builds a claustrophobic, cloying atmosphere. Can the young captain hold his nerve and save the ship and the crew? This thrilling book is perfect for fans of 'Moby Dick' by Herman Melville and Ernest Hemingway's 'The Old Man and the Sea'. Joseph Conrad (1857-1924) was a Polish-born author who left Poland in his teens to avoid enlistment in the Russian Army. He learned English aboard British ships and started writing in the language after settling in England. His most famous novel is 'Heart of Darkness' (1899), which was inspired by his experiences on the open sea. He also wrote the classic novels 'Lord Jim' and 'Nostromo'. Among countless film and TV adaptations of his work were 'Apocalypse Now', a Vietnam War movie based on 'Heart of Darkness', and 'The Secret Agent', starring Bob Hoskins and Patricia Arquette. ***Joseph Conrad - The Shadow Line Feb 25 2023 Written in 1915, The Shadow-Line is based upon events and experiences from twenty-seven years earlier to which Conrad returned obsessively in his fiction. A young sea captain's first command brings with it a succession of crises: his sea is becalmed, the crew laid low by fever, and his deranged first mate is convinced that the ship is haunted by the malignant spirit of a previous captain. This is indeed a work full of "sudden passions," in which Conrad is able to show how the full intensity of existence can be experienced by the man who, in the words of the older Captain Giles, is prepared to "stand up to his bad luck, to his mistakes, to his conscience." A subtle and penetrating analysis of the nature of manhood, The Shadow-Line investigates varieties of masculinity and desire in a subtext that counters the tale's seemingly conventional surface. Includes a biography of the author.***

*Typhoon and the Shadow Line* Feb 01 2021 *Typhoon: Many chronicles have been written about life at sea, but few, if any, can compare with Joseph Conrad's masterpiece. It is the story of one unremarkable steamship captain, pitted against a storm of incredible fury. Captain Macwhirr has a reputation as a solid, steadfast man, who "having just enough imagination to carry him through each successive day, and no more" cannot fully believe any storm would be a match for his powerful ship. *The Shadow Line Jan 27 2023 The Shadow Line turned into one of the closing pieces of lengthy prose that Joseph Conrad ever produced. At 30,000 words, it is an extended piece, however as to whether or not it's miles sincerely an extended quick story or a quick novel is up for debate. The trendy consensus is that, although the narrative is a ways much less complex than that of the typical Conrad novel, its thematic troubles are extra complicated than those who the everyday brief tale can usually manage. The Shadow Line turned into at the start posted in serial shape in Metropolitan Magazine and English Review in 1916, earlier than appearing in book shape a yr. later. Like so much of Conrad's fiction, the narrative became stimulated through his personal stories at sea. By the time he wrote The Shadow Line, the unique example recalled inside the story became nearly three a long time at the back of him. In the palms of Conrad's fertile creativeness, something factual account can also have taken vicinity has been become a test of a young captain's mettle as he's besieged by way of a team undone via a fever and a first mate who has long past mad from the delusion that the deliver is haunted through the evil spirit of its former skipper. Such a fixed-up has all of the earmarks of a rousing story of obsession*

***Conrad's Shadow Nov 12 2021 Western thought has often dismissed shadows as fictional, but what if fictions reveal original truths? Drawing on an anti-Platonic tradition in critical theory, Lawtoo adopts ethical, anthropological, and philosophical lenses to offer new readings of Joseph Conrad's novels and the postcolonial and cinematic works that respond to his oeuvre. He argues that Conrad's fascination with doubles urges readers to reflect on the two sides of mimesis: one side is dark and pathological, and involves the escalation of violence, contagious epidemics, and catastrophic storms; the other side is luminous and therapeutic, and promotes communal survival, postcolonial reconciliation, and plastic adaptations to changing environments. Once joined, the two sides reveal Conrad as an author whose Janus-faced fictions are powerfully relevant to our contemporary world of global violence and environmental crisis.***

**The Shadow-Line Jul 21 2022 The Shadow-Line is a novel by Joseph Conrad that is based at sea. The novella has often been cited as a metaphor of the First World War, given its timing and references to a long struggle, the importance of camaraderie, etc. This viewpoint may also be reinforced by the knowledge that Conrad's elder son, Borys, was wounded in the First World War. Others however see the novel as having a strong supernatural influence, referring to various plot-lines in the novella such as the 'ghost' of the previous captain potentially cursing the ship, and the madness of first mate Mr Burns.**

***Joseph Conrad - The Shadow-Line Mar 17 2022 Born in 1857 in Poland, Joseph Conrad became a British citizen just before he turned 30. In the intervening years he lost both parents, becoming an orphan at 11, being thereafter raised by an uncle, who let the boy go to Marseille at age 16, where he began to work on merchant ships - which at times included stints of gun running and the intrigue of political conspiracy. At age 36 his life turned from one of ships to one of literary pursuit. Conrad brought to English literature both a fresh layer of style and a deeper examination of the human psyche in a wealth of works. He wrote many novels, which are correctly regarded today as some of the finest in English literature. Among their canon are Lord Jim, Nostromo, The Shadow Line, and of course Heart Of Darkness.***
