Product 15-1021 Centered around practical, engaging themes, the Elementary Italian Student Activities Manual is designed to accompany the textbook Elementary Italian. The activities manual features

homework assignments and supplemental exercises suitable for first year students of Italian. The progression of the material is tried and tested, and begins with an introductory lesson on the alphabet and pronunciation, greetings and salutations, numbers, days of the week, and months of the year. It emphasizes the most important grammar points covered in the main text, such as verb tenses, pronouns, comparative and superlative adjectives, and prepositions. Student friendly and extensively class-tested, the Elementary Italian Student Activities Manual was written for college-level beginning Italian courses that meet three days a week over a fifteen week semester, but it can easily be adapted to a quarter system. The newly reformatted Young Peacemaker Set The Young Peacemaker Set includes a 200 page Teacher Manual designed in a workbook format, and the appendices can be photocopied for child or student use. Divided into three sections: Understanding, Responding and Preventing Conflict, each lesson has a goal, objectives, principle, and needs clearly outlined at the beginning, and is followed by teacher's notes on setting the stage and questions to ask. Reproducible student activity sheets for all twelve lessons are included on an enclosed CD for ease of duplication. Help illustrate the conflicts and talk about possible solutions--good and bad--and what's wrong with the "bad" solutions. A lesson summary reaffirms the lesson's main points. Recommended for

grades 3-7, but can be adapted for younger or older students. Ponto de Encontro is a language textbook that allows the instructor to choose to teach either Brazilian or European Portuguese. Réseau conceives of the teaching of French as a holistic endeavor, not only in terms of language skills — speaking, listening, reading, and writing — but also in terms of cultural knowledge in the broadest sense. Based on the belief that knowledge of a second language and culture necessarily brings about a greater understanding not only of the world in an increasingly global context, but also of the individual self, the content and activities in Réseau offer students the opportunity to reflect on the differences between their own and French and Francophone cultures and experiment with the new identities that so many researchers suggest language learning can encourage. Also available with MyLab French MyLab™ is the teaching and learning platform that empowers you to reach every student.
