Psychology, Canadian Edition Mar 29 2021 This bestselling textbook portrays the latest developments in psychology in a charismatic style that will inspire a lifelong love of science. As top researchers, committed educators, and writers who hit the bestsellers lists, this extraordinary author team keeps students captivated page after page, story after story, with Ingrid Johnsrude bringing in Canadian research and examples. The new edition takes a closer look at the role psychology plays in our society, with new material in Chapter 2 that looks at the truth about psychological science, the rate of replication in published studies, and how critical thinking is foundational in science and life. Chapter 1 presents a new look at the history of the science with unexpected stories and new insights into its surprising origins. Each chapter has been fully updated with Canadian-based research and examples to portray a field that is constantly evolving and illuminating the world today. Combined with LaunchPad, including the LearningCurve adaptive quizzing system, the new Fifth Edition is a powerful way to introduce students to the science of psychology.
Introduction to Information Systems Sep 15 2022 WHATS IN IT FOR ME? Information technology lives all around us - in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and

wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. This text takes students where IT lives-in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future careers. The new edition provides concise and accessible coverage of core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human resources, and Operations, so students can discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online tool that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by author Kelly Rainer.
Psychology Around Us Apr 03 2024 This exciting new textbook for introductory psychology helps to open students' minds to the idea that psychology is all around us. Authors RON COMER and LIZ GOULD encourage students to examine what they know about human behaviour and how they know it; and open them up to

an appreciation of psychology outside of the classroom. Psychology Around Us helps students see the big picture by stressing the interconnected nature of psychological science. Almost every chapter within this first edition helps open students' minds to comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. This text highlights human development, brain function, abnormal psychology, and the individual differences in each area as cut-across themes to demonstrate these connections. Also included are two-page art spreads to demonstrate exactly What Happens In The Brain When we engage in everyday activities such as eat pizza, study psychology, or listen to music. The art featured in these spreads have been created especially for Psychology Around Us by an award-winning artist with input from faculty on how it will contribute to teaching and learning. Features: Cut Across Connections - Almost every chapter helps students comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. What Happens in the Brain When...These two-page art spreads demonstrate exactly what happens in the brain when we engage in everyday activities such as eating pizza, studying psychology, or listening to music. Chapter

Opening Vignettes - Every chapter begins with a vignette that shows the power of psychology in understanding a whole range of human behaviour. This theme is reinforced throughout the chapter, celebrating the extraordinary processes that make the everyday possible. Special topics on psychology around us - Each chapter highlights interesting news stories, current controversies in psychology, and relevant research findings that demonstrate psychology around us. The Practically Speaking box emphasizes the practical application of everyday psychology. Helpful study tools - Key Terms; Marginal Definitions; Marginal Notes; Chapter Summaries. **Crime and Criminology** Feb 26 2021 The fourth edition of Crime and Criminology is a concise, comprehensive overview of criminological theory. By relating classical and contemporary theories to current criminological concerns through case studies and examples - such as racial profiling, sex trafficking, domestic violence, and cybercrime - the fourth edition is an up-to-date and remarkably accessible introduction to the study of theory in Canadian criminology. **Dying and Death in Canada, Third Edition** Dec 19 2022 "Dying and Death in Canada offers a comprehensive discussion of dying, death, and bereavement from a Canadian perspective. The third edition has been thoroughly updated and several new topics have

been added, including assisted suicide and active euthanasia, end of life care, emerging trends in funerary practices, and changing conceptualizations and interventions in the grieving process. A glossary has also been added along with end-of-chapter review questions and an appendix listing recent and seminal movies, television programs, documentary films, and other visual media sources dealing with dying and death. The new edition includes 22 black and white photos, 4 figures, and 3 tables."-- *Parliamentary Procedure and Practice* Oct 05 2021 *Fundamentals of Canadian Nursing* Aug 27 2023 Note: If you are purchasing an electronic version, MyNursingLab does not come automatically packaged with it. To purchase MyNursingLab, please visit www.mynursinglab.com or you can purchase a package of the physical text and MyNursingLab by searching for ISBN 10: 0133249786 / ISBN 13: 9780133249781. Helping undergraduate students evolve into nursing professionals prepared to meet the demands of their vocation, Fundamentals of Canadian Nursing equips students with a broad and solid foundation. The third Canadian edition addresses the key concepts that nurses must know to practice knowledgeably, accurately, legally, ethically, and with sensitivity and compassion in the dynamic Canadian health care system. Fundamentals of Canadian Nursing focuses on 3 important tenets: process, such

as critical thinking, clinical reasoning, decision making; concepts like health promotion, disease prevention, and caring; and skills, such as health assessment, hygiene, and safety. Additionally, the textbook highlights basic nursing care across the lifespan in a variety of settings. Written in clear and accessible language, beginning nurses learn about best practices with real-world applications from the experts. Representing a pan-Canadian experience, the lead editors enlisted two authors, each from different provinces to reflect different geographical experiences, for many chapters. Special features facilitate learning and highlight the 5 major themes that form the framework for this edition—Primary Health Care, Critical Thinking, Clinical Reasoning, Nursing Process, and Lifespan Considerations. Important Notice: The digital edition of this book is missing some of the images found in the physical edition.

Foundations of Operations Management, Fourth

Canadian Edition May 12

2022 As with previous Canadian editions, Ritzman continues to focus on meeting the need in many educational settings for a shorter book that has strong coverage of critical concepts and retains a rich set of pedagogical features.

Fundamentals of Operations Management places an emphasis on three critical themes for operations management; effective process management, the importance of cross-functional integration, and the role of operations in the creation of customer value. This unifying theme for service and manufacturing organizations builds bridges between each chapter and opens up the topics in operations to all students, regardless of their academic background or career paths.

The Canadian Regime Mar 22

2023 Now in its sixth edition,

The Canadian Regime

continues to provide the most

accessible introduction to the

institutions, processes, and

principles of the Canadian

political system. The book's

focus on the inner logic of

parliamentary government

explains the rationale for

Canada's relatively complex

political system, which the

authors encourage readers to

think of as an organic entity,

where change in one area

inevitably ripples through the

rest of the system. The new

edition includes the results of

Canada's 2015 federal election

and looks ahead to consider

changes resulting from the

Liberal victory. It has been

thoroughly updated and revised

and introduces several new

topics, such as the impact of

the previous Conservative

government on the conventions

and practices of parliamentary

government and the important

influence of social media on

politics. Two new co-authors,

Gerald Baier and Thomas M.J.

Bateman, join Patrick

Malcolmson and Richard Myers

to bring new expertise in the

areas of federalism, judicial

politics, Charter jurisprudence,

political parties, and the

ongoing health care debate.

New Media Dec 31 2023 Now

in its fourth Canadian edition,

New Media: An Introduction

surveys the social, political,

and economic impacts of new

media, from the early days of

the telegraph to the latest

mobile and network

technologies. Drawing on the

most recent research in the

field, the text explores

crucial topics such as social

networking and participatory

cultures, gaming and mobile

technologies, creative

industries, and internet law,

policy, and governance.

Featuring an in-depth

treatment of new media

theories, engaging case studies, and Canadian examples throughout, New Media offers students a comprehensive introduction from a Canadian perspective. This fourth edition sees the combination of Chapter 6 (Games) and Chapter 7 (Creative Industries) to accommodate the inclusion of a brand-new chapter on truth and misinformation in the post-truth era, which covers topics such as fake news, the rise of deepfakes, and the ways in which the field of journalism has had to adapt to a new age of technology. This new edition will be the most up-to-date new media text on the market, including the latest discussion on current issues and topics, including media archaeology, surveillance, e-waste, labour practices, the politics of data, biases in algorithmic media, and the gig economy. Now with more headings to help readers navigate topics easily, New Media is the best text available for introductory students learning about the Canadian media landscape.
