In the U.S. Senate, Trent Lott, the then-Republican Senate Majority Leader, expressed concern that the Chinese could deny U.S. ships passage. Now, a CIA informant in Panama with possible

information on the Chinese take-over has been killed and the agency has to again look at the potential Communist threat. It steps up its investigation by sending veteran CIA agent Jack Dallas to find out the truth. A former Navy diver, Dallas has to dive deep into the canal and the Hong Kong company that runs the canal ports. His investigation leads him to a prominent businessman in Shanghai, bankers in Monaco and Russian mobsters in Miami before finding out the stunning truth and racing to prevent a major catastrophe in the canal. The primary objective of the report was to provide reservoir managers with technical and economic information regarding the possible methods for controlling the levels of MTBE and BTEX in reservoir water supplies. This report comprehensively evaluates options to
