José Antonio Villarreal and Pocho Roberto Cantú,2022-09-12 This book blends biography history and literary criticism in its analysis of Pocho 1959 Jos Antonio Villarreal s evocative and semi autobiographical novel about Richard Rubio a Mexican American youth raised in a pastoral community in central California where people self identified according to race ethnicity or religious affiliation Richard is the son of an Indigenous Maya mother and a Mexican fair skin father who fought in the 1910 Mexican Revolution as a cavalryman placing Richard outside the town s imposed and regulated ethnic identities In spite of his varied ancestry his American birth and his probing intelligence Richard s Indigenous appearance casts him as a social outsider Pocho was written over a nine year period of vigorous creativity and with Villarreal s power of recall and imagination at their prime In writing his inaugural novel Villarreal drew inspiration from modern narratives paintings novels films and from ancient Greek tragedy to create a Mexican American version of its classical drama ancestor This book s critical approach to Villarreal s literary work is intelligibly written so as to be of access to a broad and all inclusive readership and institutions from college and university professors public libraries and the general reader to students of US Mexican American and world literatures
