Creating Christ James S. Valliant, C. W. Fahy, 2016-09-07 Exhaustively annotated and illustrated this explosive work of history unearths clues that finally demonstrate the truth about one of the world's great religions that it was born out of the conflict between the Romans and messianic Jews who fought a bitter war with each other during the 1st Century. The Romans employed a tactic they routinely used to conquer and absorb other nations: they grafted their imperial rule onto the religion of the conquered. After 30 years of research, authors James S. Valliant and C. W. Fahy present irrefutable archeological and textual evidence that proves Christianity was created by Roman Caesars in this book that breaks new ground in Christian scholarship and is destined to change the way the world looks at ancient religions forever. Inherited from a long past era of tyranny, war, and deliberate religious fraud, could Christianity have been created for an entirely different purpose than we have been led to believe? Praised by scholars like Dead Sea Scrolls translator Robert Eisenman, James the Brother of Jesus, this exhaustive synthesis of historical detective work integrates all of the ancient sources about the earliest Christians and reveals new archeological evidence for the first time. And despite the fable presented in current bestsellers like Bill O'Reilly's *Killing Jesus*, the evidence presented in *Creating Christ* is irrefutable: Christianity was invented by Roman Emperors. I have rarely encountered a book so original, exciting, accessible, and informed on subjects that are of obvious importance to the world and to which I have myself devoted such a large part of my scholarly career studying. In this book, they have rendered a startling new understanding of Christianity with a controversial theory of its Roman provenance that is accessible to the layman in a very powerful way. In the process, they present new and comprehensive archeological and iconographic evidence, as well as utilizing the widest and most cutting-edge work of other recent scholars, including myself. This is a work of outstanding and original scholarship. Its arguments are a brilliant, profound, and thorough integration of the relevant evidence. When they are done, the conclusion is inescapable and obviously profound. Robert Eisenman, Author of *James the Brother of Jesus* and *The New Testament Code*: A fascinating and provocative investigative history of ideas boldly exploring a problem that previous scholarship has not clearly or credibly addressed: how and why the Flavian dynasty wove Christianity into the very fabric of Western civilization. Mark Riebling, author of *Church of Spies: The Pope's Secret War Against Hitler*.

Creating Christ James S. Valliant, Warren Fahy, 2018-11-15 Exhaustively annotated and illustrated. *Creating Christ* is an explosive work of history unearthing clues that finally reveal the truth about one of the world's great religions: Christianity was born out of the cataclysmic conflict between the Roman Empire and messianic Jews that culminated in two bitter wars fought during the 1st and 2nd Centuries. The Romans not only reduced the legendary Jerusalem Temple to a Wailing Wall; they grafted their imperial rule onto the religion of the vanquished, as well as they had done with other conquered cultures. Inherited from an era of tyranny, war, and deliberate religious fraud, the New Testament was created for a long-forgotten purpose: the pacification of messianic rebels. After 30 years of research, authors James S. Valliant and Warren Fahy present irrefutable archaeological and textual evidence that proves Christianity was created by the Roman state, with arguments that break new ground in Christian scholarship while providing a clear and definitive voice to a growing new understanding of Christian origins, one that is destined to change the way the world looks at religion forever. Praised by scholars like Dead Sea Scrolls translator Robert Eisenman, the author of *James the Brother of Jesus*, *Creating Christ* is a comprehensive synthesis of historical detective work that integrates all of the surviving ancient sources about the earliest Christians and reveals new archaeological evidence for the first time, and when taken together, that evidence is resoundingly conclusive: Christianity was invented by Roman emperors.

Caesar's messiah: the Roman conspiracy to invent Jesus Joseph Atwill, 2011 *Caesar's Messiah* a real-life Da Vinci Code presents the dramatic and controversial discovery that the conventional views of Christian origins may be wrong. Author Joseph Atwill makes the case that the Christian Gospels were actually written under the direction of first-century Roman emperors. The purpose of these texts was to establish a peaceful Jewish sect to counterbalance the militaristic Jewish forces that had just been defeated by the Roman Emperor Titus in 70 A.D. Atwill uncovered the secret key to this story in the writings of Josephus, the famed first-century Roman historian. Reading Josephus's chronicle *The War of the Jews*, the author found detail after detail that closely paralleled events recounted in the Gospels. Atwill skillfully demonstrates that the emperors used the Gospels to spark a new religious movement that would aid them in maintaining power and order. What's more, by including hidden literary clues, they took the story of the Emperor Titus's glorious military victory as recounted by Josephus and embedded that story in the Gospels in a sly and satirical way of glorifying the emperors through the ages.

Creating Christianity - A Weapon Of Ancient Rome Henry Davis, 2018-10-06 A profound and controversial investigation of a complex theme the war that led to the fall of Jerusalem and the creation of the Christian religion The religious and political battle between the people of Judea and the Jewish and Roman aristocracies is presented in an unconventional narrative which investigates ancient evidence quotes from the work of respected authorities on the subject and states controversial opinions openly Its main conclusion is that the New Testament the new law was created by a powerful senatorial family called the Calpurnius Pisos who had the full support of their relatives the Herodian royal family the family of Herod the Great and the Flavian emperors with the Piso family hiding their name within the Koine Greek scriptures The result is a book that is both provocative and compelling Using valuable feedback from Cambridge and Oxford University professors Henry Davis explains why the supposed Jewish Historian Flavius Josephus never existed how the Book of Revelation presents the name of the Piso family member who oversaw the creation of the Christian scripture and the reason the number 666 was changed to 616 Davis also explains the facts behind the personal and political reasons that led to the Roman and Jewish royal families creating a new religion and how the Piso family used the literary techniques of the aristocracy to insert their names into the scriptures I found his selection of evidence to be both interesting and compelling *Creating Christianity A Weapon Of Ancient Rome* is a thoughtful work of historical non fiction by author Henry Davis Anyone with a knowledge of the history of the Roman Empire knows that its conversion from a pagan belief system to widespread Christianity was a significant political and military move for the Empire as much as it was a religious decision and this book focuses on the specific details and clues as to how that really came about Davis searches for the real identity of the Christian Messiah and argues for a potentially Roman author of the modern New Testament one who had a view to creating a new religion for his own reasons as much as those of Rome Readers Favorite

Piso Christ Roman Piso, 2010-07-22 Evidence shows the New Testament texts were not written by simple non royal subjects but instead were created by extremely well educated royal Romans In *Piso Christ* author Roman Piso with Jay Gallus presents a new perspective to show that the creation of Christianity has different origins than previously taught Through this collection of essays and articles Piso shows that only a few individuals invented and built the Christian religion and these same individuals authored the New Testament of the Christian Bible *Piso Christ* addresses the issues of how these few people wielded that much power and how they were able to succeed In this new book Piso contends that the royalty wanted to protect their centuries old institution of slavery upon which the empire functioned lived fed and gained wealth The royal people understood that knowledge was power and therefore did what they could to keep the masses ignorant and superstitious Through research *Piso Christ* shows that the god concept did not originate in what is represented in the Bible It demonstrates how millions of people are being misled into accepting the concept of a god and how they live in fear of an unnatural belief

The Myth of Persecution Candida Moss, 2013-03-05 In *The Myth of Persecution* Candida Moss a leading expert on early Christianity reveals how the early church exaggerated invented and forged stories of Christian martyrs and how the dangerous legacy of a martyrdom complex is employed today to silence dissent and galvanize a new generation of culture warriors According to cherished church tradition and popular belief before the Emperor Constantine made Christianity legal in the fourth century early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction As the story goes vast numbers of believers were thrown to the lions tortured or burned alive because they refused to renounce Christ These saints Christianity's inspirational heroes are still venerated today Moss however exposes that the Age of Martyrs is a fiction there was no sustained 300 year long effort by the Romans to persecute Christians Instead these stories were pious exaggerations highly stylized rewritings of Jewish Greek and Roman noble death traditions and even forgeries designed to marginalize heretics inspire the faithful and fund churches The traditional story of persecution is still taught in Sunday school classes celebrated in sermons and employed by church leaders politicians and media pundits who insist that Christians were and always will be persecuted by a hostile secular world While violence against Christians does occur in select parts of the world today the rhetoric of persecution is both misleading and rooted in an inaccurate history of the early church Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get Christians and rather embrace the consolation moral instruction and spiritual guidance that these martyrdom stories provide

Operation Messiah Thijs Voskuilen, Rose Mary Sheldon, 2008 Saul of Tarsus is one of the best known and most beloved figures of Christianity This man later known as St Paul set the tone for Christianity including an emphasis on celibacy the theory of divine grace and salvation and the elimination of circumcision It was Paul who wrote a large part of the New Testament and who called it euangelion the gospel There is another side of Paul however that has been little studied and that is his connection to the Roman military establishment and its intelligence arm While other scholars and writers have suggested the idea that Paul was cooperating with the Romans this is the first book length study to document it in detail By looking at the traditional story through a new lens some of the thorniest questions and contradictions in Paul's life can be unravelled How did he come to work for the Temple authorities who collaborated with the Romans How was he able to escape from legal situations in which others would have been killed Why were so many Jews trying to have Paul killed and to which sect did they belong These and other mysteries will be solved as the authors follow Paul's career and his connections to Roman intelligence

History of Christianity Paul Johnson,2012-03-27 First published in 1976 Paul Johnson s exceptional study of Christianity has been loved and widely hailed for its intensive research writing and magnitude a tour de force one of the most ambitious surveys of the history of Christianity ever attempted and perhaps the most radical New York Review of Books In a highly readable companion to books on faith and history the scholar and author Johnson has illuminated the Christian world and its fascinating history in a way that no other has Johnson takes off in the year AD 49 with his namesake the apostle Paul Thus beginning an ambitious quest to paint the centuries since the founding of a little known Jesus Sect A History of Christianity explores to a great degree the evolution of the Western world With an unbiased and overall optimistic tone Johnson traces the fantastic scope of the consequent sects of Christianity and the people who followed them Information drawn from extensive and varied sources from around the world makes this history as credible as it is reliable Invaluable understanding of the framework of modern Christianity and its trials and tribulations throughout history has never before been contained in such a captivating work

The Mythmaker Hyam Maccoby,1986 The author presents new arguments which support the view that Paul not Jesus was the founder of Christianity He argues that Jesus and also his immediate disciples James and Peter were life long adherents of Pharisaic Judaism Paul however was not as he claimed a native born Jew of Pharisee upbringing but came in fact from a Gentile background He maintains that it was Paul alone who created a new religion by his vision of Jesus as a Divine Saviour who died to save humanity This concept which went far beyond the messianic claims of Jesus was an amalgamation of ideas derived from Hellenistic religion especially from Gnosticism and the mystery cults Paul played a devious and adventurous political game with Jesus followers of the so called Jerusalem Church who eventually disowned him The conclusions of this historical and psychological study will come as a shock to many readers but it is nevertheless a book which cannot be ignored by anyone concerned with the foundations of our culture and society Book jacket

Regulating Sex in the Roman Empire David Wheeler-Reed,2017-11-28 A New Testament scholar challenges the belief that American family values are based on Judeo Christian norms by drawing unexpected comparisons between ancient Christian theories and modern discourses Challenging the long held assumption that American values be they Christian or secular are based on Judeo Christian norms this provocative study compares ancient Christian discourses on marriage and sexuality with contemporary ones maintaining that modern family values owe more to Roman Imperial beliefs than to the bible Engaging with Foucault s ideas Wheeler Reed examines how conservative organizations and the Supreme Court have misunderstood Christian beliefs on marriage and the family Taking on modern cultural debates on marriage and sexuality with implications for historians political thinkers and jurists this book undermines the conservative ideology of the family starting from the position that early Christianity in its emphasis on celibacy and denunciation of marriage was in opposition to procreation the ideological norm in the Greco Roman world

How Jesus Became God Bart D. Ehrman,2014-03-25 New York Times bestselling author and Bible expert Bart Ehrman reveals how Jesus s divinity became dogma in the first few centuries of the early church The claim at the heart of the Christian faith is that Jesus of Nazareth was and is God But this is not what the original disciples believed during Jesus s lifetime and it is not what Jesus claimed about himself How Jesus Became God tells the story of an idea that shaped Christianity and of the evolution of a belief that looked very different in the fourth century than it did in the first A master explainer of Christian history texts and traditions Ehrman reveals how an apocalyptic prophet from the backwaters of rural Galilee crucified for crimes against the state came to be thought of as equal with the one God Almighty Creator of all things But how did he move from being a Jewish prophet to being God In a book that took eight years to research and write Ehrman sketches Jesus s transformation from a human prophet to the Son of God exalted to divine status at his resurrection Only when some of Jesus s followers had visions of him after his death alive again did anyone come to think that he the prophet from Galilee had become God And what they meant by that was not at all what people mean today Written for secular historians of religion and believers alike How Jesus Became God will engage anyone interested in the historical developments that led to the affirmation at the heart of Christianity Jesus was and is God

Jesus Never Existed Kenneth Humphreys,2005

Jesus, King of Edessa Ralph Ellis,2012 Jesus was a king of Edessa 600 pages of gnosis Colour Images This is the book that the Catholic Church has been dreading for the last 1700 years This is the book that will end Christianity as we know it And this is not advertising hyperbole this really is the end of the Christian fairytale We now know who Jesus was Visit his city see the ruins of his citadel gaze upon his statue handle his coins In reality Jesus was a son of King Abgarus of Edessa a king with a small realm a large treasury and even bigger ambitions Thus Jesus true history undermines much of the biblical fairystory that the gospel authors crafted and so Christianity will never be the same again The jacket image shows Jesus wearing his Crown of Thorns the ceremonial crown of the Edessan monarchy We suggest that readers start with Cleopatra to Christ and then King Jesus The wait before arriving at the last episode in the trilogy will be worthwhile for if a book could be valued on its eureka moments then this final book would be priceless The King Jesus Trilogy Latest version v12 1 2024 Book three of the King Jesus Trilogy in four parts Followed by The Grail Cypher
