Black Ants And Buddhists Thinking Critically And Teaching Differently In The Primary Grades

Black Ants and Buddhists Mary Cowhey,2006 What would a classroom look like if understanding and respecting differences in race culture beliefs and opinions were at its heart Welcome to Mary Cowhey s Peace Class in Northampton MA where first and second graders view the entire curriculum through the framework of understanding the world and trying to do their part to make it a better place Woven through the book is Mary s unflinching and humorous account of her own roots in a struggling large Irish Catholic family and her early career as a community activist Mary s teaching is infused with lessons of her heroes Gandhi Eleanor Roosevelt Helen Keller Martin Luther King and others Her students learn to make connections between their lives the books they read the community leaders they meet and the larger world If you were inspired to become a teacher because you wanted to change the world and instead find yourself limited by teach to the test pressures this is the book that will make you think hard about how you spend your time with students It offers no easy answers just a wealth of insight into the challenges of helping students think critically about the world and starting points for conversations about diversity and controversy in your classroom as well as in the larger community

Black Ants and Buddhists Mary Cowhey,2023-10-10 What would a classroom look like if understanding and respecting differences in race culture beliefs and opinions were at its heart If you were inspired to become a teacher because you wanted to develop young minds but now find yourself limited by teach to the test pressures and state standards Mary Cowhey s book *Black Ants and Buddhists Thinking Critically and Teaching Differently in the Primary Grades* will reignite the passion and remind you that educators provide more than test prep Starting her career as a community activist Cowhey shares her roots and how they influenced her Peace Class where she asks her students to think critically learn through activism and discussion and view the entire curriculum through the framework of understanding the world and what they can do to make it a better place Woven through the book is Mary s unflinching and humorous account of her own roots as well as lessons from her heroes Gandhi Eleanor Roosevelt Helen Keller Martin Luther King Jr and others Her students learn to make connections between their lives the books they read the community leaders they meet and the larger world *Black Ants and Buddhists* offers no easy answers but it does include starting points for conversations about diversity and controversy in your classroom as well as in the larger community Students and teachers investigate problems and issues together in a multicultural antiracist classroom

Mastering the Core Teachings of the Buddha Daniel Ingram, 2020-01-20 The very idea that the teachings can be mastered will arouse controversy within Buddhist circles Even so Ingram insists that enlightenment is an attainable goal once our fanciful notions of it are stripped away and we have learned to use meditation as a method for examining reality rather than an opportunity to wallow in self-absorbed mind noise Ingram sets out concisely the difference between concentration based and insight vipassana meditation he provides example practices and most importantly he

presents detailed maps of the states of mind we are likely to encounter and the stages we must negotiate as we move through clearly defined cycles of insight Its easy to feel overawed at first by Ingram s assurance and ease in the higher levels of consciousness but consistently he writes as a down to earth and compassionate guide and to the practitioner willing to commit themselves this is a glittering gift of a book In this new edition of the bestselling book the author rearranges revises and expands upon the original material as well as adding new sections that bring further clarity to his ideas **Teaching Math at a Distance, Grades K-12** Theresa Wills,2020-10-12 Make Rich Math Instruction Come to Life Online In an age when distance learning has become part of the new normal educators know that rich remote math teaching involves more than direct instruction online videos and endless practice problems on virtual worksheets Using both personal experience and those of teachers in real K 12 online classrooms distance learning mathematics veteran Theresa Wills translates all we know about research based equitable rigorous face to face mathematics instruction into an online venue This powerful guide equips math teachers to Build students agency identity and strong math communities Promote mathematical thinking collaboration and discourse Incorporate rich mathematics tasks and assign meaningful homework and practice Facilitate engaging online math instruction using virtual manipulatives and other concrete learning tools Recognize and address equity and inclusion challenges associated with distance learning Assess mathematics learning from a distance With examples across the grades links to tutorials and templates and space to reflect and plan Teaching Math at a Distance offers the support clarity and inspiration needed to guide teachers through teaching math remotely without sacrificing deep learning and academic growth To Teach William Ayers,Ryan Alexander-Tanner,2015-04-17 This graphic novel brings to life William Ayers s bestselling memoir To teach the journey of a teacher third edition From Ayers s early days teaching kindergarten readers follow this renowned educational theorist on his voyage of discovery and surprise Cover p 4

Linguistic Strategies in Daoist Zhuangzi and Chan Buddhism Youru Wang,2003-12-08 As the first systematic attempt to probe the linguistic strategies of Daoist Zhuangzi and Chan Buddhism this book investigates three areas deconstructive strategy liminology of language and indirect communication It bases these investigations on the critical examination of original texts placing them strictly within soteriological contexts Whilst focusing on language use the study also reveals some important truths about these two traditions and challenges many conventional understandings of them Responding to recent critiques of Daoist and Chan Buddhist thought it brings these two traditions into a constructive dialogue with contemporary philosophical reflection It discovers Zhuangzian and Chan perspectives and sheds light on issues such as the relationship between philosophy and non philosophy de reification of words relativising the limit of language structure of indirect communication and use of paradox tautology and poetic language Secrets of the Blue Cliff Record Thomas Cleary,2002-12-10 The Blue Cliff Record is a classic text of Zen Buddhism designed to assist in the activation of dormant human potential The core of this extraordinary work is a collection of one hundred traditional citations and stories

selected for their ability to bring about insight and enlightenment These vignettes are known as gongan in Chinese and koan in Japanese Secrets of the Blue Cliff Record is a fresh translation featuring newly translated commentary from two of the greatest Zen masters of early modern Japan Hakuin Ekaku 1685 1768 of the Rinzai sect of Zen and Tenkei Denson 1648 1735 of the Soto sect of Zen This translation and commentary on The Blue Cliff Record sheds new light on the meaning of this central Zen text
