As a Christian social activist, George McClain found himself yearning for a sense of integration between his active life and his spiritual life. At one point, not knowing what spiritual direction really was, he enrolled in a training program for spiritual directors. In the inner dialogue between that course and his social activism, he recognized the importance of a focused spiritual life in augmenting one's social witness. McClain surveyed other social activists and found that they too responded as he once had - making decisions in the arena of social witness in terms of what they should do, making personal decisions on the basis of what they discerned that God wanted them to do. This book is McClain's attempt to name this disjuncture in the lives of people of faith, to build on the growing intersection in people's lives of action for justice and the inner

journey in the Spirit, and to offer rituals groups can use to begin to be religious together. In this examination of the ethical significance of preaching, Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church. Moving beyond a narrow focus on moral decision-making or social-issues sermons, Campbell argues that a particular ethic--nonviolent resistance--is inherent in the practice of preaching and shapes the moral life of the church. In the face of the powers, the fundamental ethical task of preaching involves building up the church as a community of resistance. Employing three dimensions of character ethics--vision, practices, and virtues--Campbell demonstrates the concrete ways in which preachers may undertake this task. The Soul of Discernment provides concrete steps for groups of people who work together and need to make important decisions: church sessions, nonprofit hiring committees, etc. Liebert calls this process the Social Discernment Cycle, a process for seeking God's call in a particular situation. "It is called 'social' because it deals primarily with human communities in their social-structural, rather than interpersonal aspects," Liebert explains. "It is a cycle because one completed round of discernment prepares for the next. The Social Discernment Cycle is particularly apt for any discernment that involves a structure, system, or institution." This book helps groups work through this cycle to answer the question, "How is God leading us, individually or together, to act in this particular moment in our organization?" Series statement from cataloging data on t.p. verso. Includes bibliographical references (p. 325-402) and indexes. Do your teens hear the voice of God when they're making important decisions? The Power of Discernment empowers teens to discern the spiritual presence and action of God in their lives, showing them how to make healthy choices. The book helps teens use discernment to deal with peer pressure, friends, sexuality, change, and family well-being. It makes spiritual discernment understandable, practical, and useful for you and your teens. Spiritual discernment is good for more than just making monumental decisions according to God's will. It is an essential, day-to-day activity that allows thoughtful

Christians to separate the truth of God from error and to distinguish right from wrong in all kinds of settings and situations. It is also a skill—something that any person can develop and improve, especially with the guidance in this book. Written by a leading evangelical blogger, *The Discipline of Spiritual Discernment* is an uplifting, scripturally grounded work that explains the need for discernment, its challenges, and the steps that will cultivate it. Author Tim Challies does not do the discerning for readers; he simply shows them how to practically apply scriptural tools, principles, and wisdom so that their conclusions about everything—people, teachings, decisions, media, and organizations—will be consistent with God's Word. Winner of the 2018 TGC Book Award for Christian Living “And God saw that it was good...” Look out over the world today, it seems a far cry from God's original declaration. Pain, conflict, and uncertainty dominate the headlines. Our daily lives are noisy and chaotic—filled with too much information and too little wisdom. No wonder we often find it easier to retreat into safe spaces, hunker down in likeminded tribes, and just do our best to survive life. But what if God wants you to do more than simply survive? What if he wants you to thrive in this world, and be part of its redemption? What if you could rediscover the beauty and goodness God established in the beginning? By learning the lost art of discernment, you can. Discernment is more than simply avoiding bad things; discernment actually frees you to navigate the world with confidence and joy by teaching you how to recognize and choose good things. When you learn discernment and develop a taste for all that's good, you will encounter God in remarkable new ways. Come, discover the God who not only made all things, but who will also make all things good once again. *Is It of God?* Is a practical, biblically-saturated book written for those who want to know how to avoid deception and discern truth, error, and mixture in teaching, practices, and supernatural manifestations. With nearly fifty years of discerning experience in revivals, Holy Spirit movements, and spiritual warfare ministry as a pastor and professor, Dr. Paul King provides wise guidance on: Biblically-based foundations and principles for spiritual discernment How to maintain balance and avoid both ditches of charismania and charisphobia

Discerning vs. judging Discerning Spirit, flesh, and demonic manifestations Discerning psychic from Spirit Distinguishing non-biblical from unbiblical Identifying true and false revival Avoiding undiscerning discernment A biblical discernment response to John MacArthur's *Strange Fire* And much more! WATCH AUTHOR VIDEO HERE: Video Link:<http://www.bridgelogos.com/videos/is-it-of-god> Spiritual discernment is a key theme in the Scriptures. From the Garden when Adam and Eve turned away from the simplest terms of a relationship with God, to the Garden when John the Apostle wrote the book of Revelation to a distracted people anticipating eternity, discerning God has been the heart of the matter. In modern times, however, we have forgotten the basic premise of practicing a preference for God, out of which we then are invited to live for God. Instead, we have implanted strategic planning, head-to-head battling, and will-of-God knowing in its place. In *The Discerning Life*, Stephen A. Macchia seeks to upend the one-eyed and limited Christian understandings of spiritual discernment and invite readers and leaders to reconsider how they prioritize the care of their souls, the grace of their communities, and the mission of their lives, churches, and organizations. When we have a fuller understanding of how spiritual discernment matters to the whole of our lives, we will in turn encourage others to follow likewise and then lean fully into the mission, mandate, and message of the whole counsel of God. My name is Jaquelle, and I'm a teenager. I like football movies, sushi, and dark chocolate. But the biggest, most crucial, most significant thing about me is that my life's task is to follow Jesus. He is the One who changed my life. That's what this book is about. It's for teenagers eager to reject the status quo and low standards our culture sets for us. It's for those of us who don't want to spend the adolescent years slacking off, but rather standing out and digging deep into what Jesus says about following him. This book will help you see how the truth about God changes everything—our relationships, our time, our sin, our habits, and more—freeing us to live joyful, obedient, and Christ-exalting lives, even while we're young. The pages of this book represent the quest of a man intent on discerning the nature of structural evil in light of the biblical

evidence. His experience of living for a time in Latin American and witnessing extensive social and political oppression appears to have moved him profoundly. The end result is a book that is a model of the attempt to integrate scholarship with faith.'--Clinton E. Arnold, Catalyst

You are what you love. But you might not love what you think. In this book, award-winning author James K. A. Smith shows that who and what we worship fundamentally shape our hearts. And while we desire to shape culture, we are not often aware of how culture shapes us. We might not realize the ways our hearts are being taught to love rival gods instead of the One for whom we were made. Smith helps readers recognize the formative power of culture and the transformative possibilities of Christian practices. He explains that worship is the "imagination station" that incubates our loves and longings so that our cultural endeavors are indexed toward God and his kingdom. This is why the church and worshiping in a local community of believers should be the hub and heart of Christian formation and discipleship. Following the publication of his influential work *Desiring the Kingdom*, Smith received numerous requests from pastors and leaders for a more accessible version of that book's content. No mere abridgment, this new book draws on years of Smith's popular presentations on the ideas in *Desiring the Kingdom* to offer a fresh, bottom-up rearticulation. The author creatively uses film, literature, and music illustrations to engage readers and includes new material on marriage, family, youth ministry, and faith and work. He also suggests individual and communal practices for shaping the Christian life. In our fast-paced secular world, God and theology are second-class citizens. Money, politics, sports, and science seem better suited to the hard realities of our world. As the church steeple has been eclipsed by the skyscraper as the centerpiece of the urban landscape, so has the divine realm been set aside in favor of more immediate human experience. One sad consequence of this shift is the loss of spiritual and theological bearings, most clearly evident in our inability to understand or speak about such things. If the old way of viewing the universe no longer works, something else has to replace it. *The Powers That Be* reclaims the divine realm as central to human existence by offering new

ways of understanding our world in theological terms. Walter Wink reformulates ancient concepts, such as God and the devil, heaven and hell, angels and demons, principalities and powers, in light of our modern experience. He helps us see heaven and hell, sin and salvation, and the powers that shape our lives as tangible parts of our day-to-day experience, rather than as mysterious phantoms. Based on his reading of the Bible and analysis of the world around him, Wink creates a whole new language for talking about and to God. Equipped with this fresh world view, we can embark on a new relationship with God and our world into the next millennium. So much about our contemporary living can distract and disorient us, making it difficult to grow in the spiritual life, or even to cling to one's beliefs and practices with an inner conviction that fills the heart. Enter the true art of discernment: more than simply a tool for making decisions or a method for mastering God's will, discernment is a process by which we learn how to remain in Christ, taking on his stance toward life, allowing him to inspire and direct our everyday choices. Precisely because it is an art of communication between persons, discernment cannot be reduced to a psychological technique for running our spiritual lives; rather, it is rooted in relationship. Jesuit priest Marko Ivan Rupnik blends the wisdom of ancient church fathers collected in the volumes of the *Philokalia* with the keen insights of Renaissance giant, Ignatius of Loyola, liberally sprinkled with present day examples. The result is a book of spirituality both eminently practical and lyrically enticing.

We are living in such critical times today that it is imperative for believers to learn to use every tool given to us by the Holy Spirit. We are called to be kingdom influencers--to discern the times in which we live, to discern the moves of the Holy Spirit, and to discern angels and demons. With extensive expertise and personal experience, prophetic leader Jane Hamon takes a deep dive, biblically and practically, into one of the least known and most unused gifts of the Holy Spirit, covering the following topics: - discerning the presence of

God - discerning the times - discerning angels and demons - discerning the hearts of people around you - acting wisely with what you discern - walking in wisdom and balance - and more This book will help you operate in greater spiritual authority and walk in wisdom as you help build God's kingdom on earth. Specially selected from Ellen White's writings, these devotions will help you see the Holy Spirit more clearly as they open your eyes and heart to all He longs to do for you. - January--The Coming of the Spirit. Angels, Spirits, principalities, powers, gods, Satan, these, along with all other spiritual realities, are the unmentionables of our culture. The dominant materialistic worldview has absolutely no place for them. But materialism itself is terminally ill, and, let us hope, in process of replacement by a worldview capable of honoring the lasting values of modern science without succumbing to reductionism. Therefore, we find ourselves returning to the ancient traditions, searching for wisdom wherever it may be found. We do not capitulate to the past and its superstitions, but bring all the gifts our race has acquired along the way as aids in recovering the lost language of our souls. In Naming the Powers I developed the thesis that the New Testament's principalities and powers is a generic category referring to the determining forces of physical, psychic, and social existence. In the present volume we will be focusing on just seven of the Powers mentioned in Scripture. Their selection out of all the others dealt with in Naming the Powers is partly arbitrary: they happen to be ones about which I felt I had something to say. But they are also representative, and open the way to comprehending the rest. They are: Satan, demons, angels of churches, angels of nations, gods, elements, and angels of nature. "I want to do more than hear a word from God. I want to become that word. That is revelation's ultimate purpose—for the Word to become flesh." —James Goll

What is "prophetic revelation" from God? And what is

the believer's role in receiving and activating it? James Goll, author of the best seller *The Seer*, explains that although some believers are especially gifted as prophets, every follower of Jesus receives the gifts of revelation and discernment. And every believer needs to use them! In fact, without discernment and sensitivity to the Holy Spirit, we cannot progress in our use of any of the gifts and callings. With clear explanations, scriptural illustrations, and real-life contemporary stories, Goll demonstrates how we can receive revelation through the natural senses of sight, hearing, touch, smell, and taste—and how to open ourselves up to the comparable supernatural senses through which God wants to speak. He also removes uncertainty about how to discern revelation and test the spirits, so that every believer can fulfill their ultimate purpose: extending Jesus' powerful kingdom on earth. *The Discerner* is both a wonderful introduction to the prophetic lifestyle and a challenging call for those already immersed in prophetic revelation. What caused a former Dallas Seminary professor to believe that the miraculous gifts of the Holy Spirit are being given today? What convinced someone skeptical about miracles that God still speaks and heals? A dramatic change took place in Jack Deere's life when he took a fresh look at the Scriptures. He discovered that his cherished arguments against miraculous gifts were based more on prejudice and a lack of personal experience than on the Bible. As soon as Deere became a seeker instead of a skeptic, the Holy Spirit revealed himself in new and surprising ways. In *Surprised by the Power of the Spirit*, Jack Deere provides a strong biblical defense for the Spirit's speaking and healing ministries today. He also describes several reliable cases of people who were miraculously healed or who heard God speak in an unmistakable way. Finally, he gives sound advice for using spiritual gifts in the church. Written in popular style—with the care of a scholar but the passion of personal experience—this book is a vital resource for people on both sides of the debate about miraculous gifts. "Blessed is the man who finds wisdom, the man who gains understanding, for she is more profitable than silver and yields better returns than gold" (Proverbs 3:13-14 NIV). We all know people that we would call wise, prudent, or discerning. What

sets these individuals apart is their ability to walk in the guidance of God. Do you feel like you daily receive direction from God? You can! From the Scriptures, author Roberts Liardon sets you on the path to pursuing a life marked by wisdom. With this knowledge and insight, you can: Find out how to be led by the Spirit of God Develop a plan of action for successful decision-making Defeat the spiritual forces of evil in your life Discover the immense power in daily prayer and Bible-reading Sharpen your discernment, and you will be more than a conqueror! A Lay Cistercian reflects how to burn away the old self-using the fire of discernment. I enjoy watching the television series entitled "Forged in Fire" as much as possible. It pits four blacksmiths who forge knives and swords to compete against each other. They must design, forge, create a handle and have their handiwork tested. The winner gets a cash prize. When watching this program, I am reminded of discernment, in that it takes a refiners fire to heat, shape, quench and take out any imperfections in the metal. Discernment in the spiritual life, as it applies to join a Lay Cistercian group, means we place ourselves at the disposal of God and his will. With humility and obedience, He shapes us into our true selves using the fire of His love. This takes work and also beating the metal (our false self) into a new shape (our new self) on the anvil of transformation. Spirituality is not easy. It takes constant attention to sustain the Faith. To be a Lay Cistercian, it takes Cistercian practices and charisms to forge our wills to make all things new. Discernment, properly understood is not just a period where you test your resolve to do what you say you will do, but it is also the realization that you must take up your cross daily to move from self to God. Here are some ideas that will help you with contemplative spirituality. Listen to the prayer of the apostle Paul for his beloved church in Philippi: "this I pray, that your love may abound yet more and more in knowledge and all discernment; so that ye may approve the things that are excellent; that ye may be sincere and void of offence unto the day of Christ" (Phil. 1.9-10). What was it that inspired him to offer such a prayer for the dear saints in Philippi? Do we today desperately need the same prayer? We talk about love and fellowship, and yet we encounter many problems and failures. What is the missing

link to a glorious church? Can it be the lack of "full knowledge and all perception that ye may prove [or, distinguish] the things that differ" (literal translation)? Certainly spiritual discernment is the pressing need of today. How can we obtain this full knowledge of God? Where do we get spiritual discernment that we may know the things which differ or are more excellent? These are the matters which brother Watchman Nee tried to address during his latter years of ministry. This present volume, entitled Spiritual Discernment is composed of three parts: Abound in Knowledge, Abound in Discernment, and Approve the Excellent. The Publishers were able to acquire these Notes in Chinese recently, and they have now been translated into English for sharing with the English-speaking saints. May these Notes help many in meeting the pressing need of today. "We wrestle not against flesh and blood, but against principalities, against powers...against spiritual wickedness in high places." —Ephesians 6:12 This small but important book by Hendrik Berkhof ushered in a wave of studies on "the powers" spoken of in the New Testament, profoundly influencing William Stringfellow, Jacques Ellul, Marva Dawn, Walter Wink, and many others. John Howard Yoder brought it to an English-speaking audience for the first time in this translation, and drew from it in his own famous work, The Politics of Jesus. Partner with angelic activity and release God's breakthrough answers through prayer! Rebecca Greenwood believes that the key to effective warfare prayer is discerning what spiritual forces are at work around you. When you can sense the movement of God's Spirit and identify the enemy's tactics, you can pray with power... The enemy is a liar. This we all know. The enemy comes like a thief in the night to steal, kill, and destroy everything that is good in our lives. Here is the thing though, sometimes a thief will disguise himself like a friend so that he can get the layout of your house before he breaks in. We are children of God, and there is a power and a treasure that Lord has given to us that threatens the kingdom of darkness. This is why the enemy will do everything he can to take you out. If spiritual attacks, nightmares, and demons just seem to keep finding you wherever you go - perhaps you have already felt the drain on your spirit - it is exhausting. However,

there is something you should know. God gave us the authority and the ability to overthrow what the enemy has intended for evil, and turn it over for good. You have within you the power to see the enemy coming from a mile away. All you need, is to know how. In the pages of this book, you will find the tools you need to discern where the enemy is coming from, how he got in, and how to kick him out. Here is your guide to the realm of the spirit, and your battle plan for stopping him in his tracks once and for all! In this brilliant culmination of his seminal Powers Trilogy, now reissued in a twenty-fifth anniversary edition, Walter Wink explores the problem of evil today and how it relates to the New Testament concept of principalities and powers. He asks the question, "How can we oppose evil without creating new evils and being made evil ourselves?" Winner of the Pax Christi Award, the Academy of Parish Clergy Book of the Year, and the Midwest Book Achievement Award for Best Religious Book. Incorporating prophetic impartation, powerful prayers, and activations, this resource will empower you to stop wrestling with the devil, and start demolishing his works in your life Suppose you could ask God any question and get an answer. What would

it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally bestselling Conversations with God series had another conversation. Conversations with God for Teens is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. Conversations with God for Teens reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. Conversations with God for Teens is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives. This handy, easy-to-use workbook is chock full of probing questions, real-life stories, and practical tips on how to apply the profound spiritual insights from the Ignatian tradition of patient, prayerful self-examination. Acclaimed interpreter of Saint Ignatius, author Father Gallagher provides clear explanations of the centuries-old Jesuit method of discerning God's will in one's life--and avoiding evil. A practical guide and journaling tool, it includes ample space on every page for notes, reflections, and journaling, all to help readers track their progress toward a closer, more loving union with God. God calls, and reveals mysteries each new day. However, as we are nearing the close of this earth's history, the distractions of this world become more intense that make it so hard to distinguish the truth from errors. Consider this: When you look at the earth, you see an expression of God's love. You see God's creativity, His Design, His Mind, and automatically, you see His Character. He spoke it, and manifested the earth. Before, there was nothing! Then, He spoke, and the earth was created. So, we are walking on His expression, manifested into a solid

thing we live on. What a beautiful sight! But not everyone is able to see and receive Him. When Adam and Eve disobeyed God, they almost lost everything they had, including access to the tree of life. One of those is the discerning power of God. This book, *The Gift of Discernment: How to Use God's Discerning Power and Experience a Happy Life*, is an expression of God's Love, through the Holy Spirit in us. See how this discerning power is still available for us today. "God's love is a mystery because we are seeing it with our human eyes and understanding. Unless you look at it with His mind and heart, it will remain incomprehensible and unknown. Without the discerning power of God, it's impossible to live life that's forever"

What you will get from reading this book: The power behind asking and the benefits of having the Holy Spirit. What attitude keeps us from seeking; and how to claim God's power; 10 ways to use God's discerning power and experience a happy life.

Excerpt From: Susan Sanchez. "The Gift of Discernment." Apple Books. Based on the time-tested spiritual exercises of Saint Ignatius of Loyola, the 16th-century founder of the Jesuits who developed a systemic way of considering and making choices, this revised edition helps those who want to make fruitful choices and manage decisions with faithfulness to God. We all make decisions constantly--some with careful reflection, some without much thought. But what if we understood these decisions, minor as well as major, as matters of faithful Christian living? In this helpful and encouraging book, Elizabeth Liebert introduces the practice of discernment and guides readers through the process of faithful decision making. Following the way of discernment means becoming increasingly able to notice where God is at work in the world and in one's own life--and becoming increasingly generous with one's own life in response. After briefly exploring the Christian tradition of discernment, Liebert then turns to practical steps and exercises that will help readers as they seek God's call in the midst of their decisions, allowing readers to internalize some of these practices and incorporate them into their daily lives. More than ever, Walter Wink believes, the Christian tradition of nonviolence is needed as an alternative to the dominant and death-dealing "powers" of our consumerist culture and fractured world. In this

small book Wink offers a precis of his whole thinking about this issue, including the relation of Jesus and his message to politics and nonviolence, the history of nonviolent efforts, and how nonviolence can win the day when others don't hesitate to resort to violence or terror to achieve their aims. Evaluations of John Howard Yoder's legacy have proliferated since his death in 1997. Although there is much disagreement, a broad consensus is forming that his theology was, on the one hand, focused on the social and political meaning of the New Testament accounts of Jesus Christ and, on the other hand, sociologically reductive, hermeneutically tendentious, and ecclesiologicaly ambiguous. This book proposes a revision of Yoder's theology that maintains its broadly sociological emphasis but corrects for its apparent problems. In specific, adjustments are made to his social theory to open it to spiritual reality, to hone its analytical approach, and to clarify its political import. His preferred framework for social criticism, the theology of the principalities and powers, is examined in the context of his wider work and its critics, and then synthesized with concepts from Pierre Bourdieu's influential reflexive sociology. The Bible teaches us that we are to be filled with God's Spirit and that God's presence and grace is manifested among his people as they serve, love, and minister to one another. Yet some of the gifts that God offers to his people aren't commonly seen in many churches today. Gifts of prophecy, healing, tongues, and other supernatural gifts of God seem to be absent, and many Christians are unsure how to cultivate an atmosphere where God's Spirit can work while remaining committed to the foundational truth of God's Word. How can Christians pursue and implement the miraculous gifts of the Spirit without falling into fanatical excess and splitting the church in the process? In *Practicing the Power*, pastor and author Sam Storms offers practical steps to understanding and exercising spiritual gifts in a way that remains grounded in the word and centered in the gospel. With examples drawn from his forty years of ministry as a pastor and teachers, Storms offers a guidebook that can help pastors, elders, and church members understand what changes are needed to see God move in supernatural power and to guard against excess and abuse of

the spiritual gifts. If you long to see God's Spirit move in your church and life, and aren't sure why that isn't happening or where to begin, this book is for you.
