The American Revolution A History Gordon S Wood

Power and Liberty Gordon S. Wood, 2021 Written by one of early America's most eminent historians this book masterfully discusses the debates over constitutionalism that took place in the Revolutionary era *The American Revolution* Gordon S. Wood, 2002-03-05 NEW YORK TIMES BESTSELLER An elegant synthesis done by the leading scholar in the field which nicely integrates the work on the American Revolution over the last three decades but never loses contact with the older classic questions that we have been arguing about for over two hundred years Joseph J Ellis author of *Founding Brothers* A magnificent account of the revolution in arms and consciousness that gave birth to the American republic When Abraham Lincoln sought to define the significance of the United States he naturally looked back to the American Revolution He knew that the Revolution not only had legally created the United States but also had produced all of the great hopes and values of the American people Our noblest ideals and aspirations our commitments to freedom constitutionalism the well being of ordinary people and equality came out of the Revolutionary era Lincoln saw as well that the Revolution had convinced Americans that they were a special people with a special destiny to lead the world toward liberty The Revolution in short gave birth to whatever sense of nationhood and national purpose Americans have had No doubt the story is a dramatic one Thirteen insignificant colonies three thousand miles from the centers of Western civilization fought off British rule to become in fewer than three decades a huge sprawling rambunctious republic of nearly four million citizens But the history of the American Revolution like the history of the nation as a whole ought not to be viewed simply as a story of right and wrong from which moral lessons are to be drawn It is a complicated and at times ironic story that needs to be explained and understood not blindly celebrated or condemned How did this great revolution come about What was its character What were its consequences These are the questions this short history seeks to answer That it succeeds in such a profound and enthralling way is a tribute to Gordon Wood's mastery of his subject and of the historian's craft **The Radicalism of the American Revolution** Gordon S. Wood, 2011-08-24 In a grand and immensely readable synthesis of historical political cultural and economic analysis a prize winning historian describes the events that made the American Revolution Gordon S Wood depicts a revolution that was about much more than a break from England rather it transformed an almost feudal society into a democratic one whose emerging realities sometimes baffled and disappointed its founding fathers *The Idea of America* Gordon S. Wood, 2011-05-12 The preeminent historian of the American Revolution explains why it remains the most significant event in our history More than almost any other nation in the world the United States began as an idea For this reason Pulitzer Prize winning historian Gordon S Wood believes that the American Revolution is the most important event in our history bar none Since American identity is so fluid and not based on any universally shared heritage we have had to continually return to our nation's founding to understand who we are In *The Idea of America* Wood

reflects on the birth of American nationhood and explains why the revolution remains so essential. In a series of elegant and illuminating essays Wood explores the ideological origins of the revolution from ancient Rome to the European Enlightenment and the founders' attempts to forge an American democracy. As Wood reveals, while the founders hoped to create a virtuous republic of yeoman farmers and uninterested leaders, they instead gave birth to a sprawling, licentious and materialistic popular democracy. Wood also traces the origins of American exceptionalism to this period, revealing how the revolutionary generation, despite living in a distant, sparsely populated country, believed itself to be the most enlightened people on earth. The revolution gave Americans their messianic sense of purpose and perhaps our continued propensity to promote democracy around the world, because the founders believed their colonial rebellion had universal significance for oppressed peoples everywhere. Yet what may seem like audacity in retrospect reflected the fact that in the eighteenth century, republicanism was a truly radical ideology, as radical as Marxism would be in the nineteenth, and one that indeed inspired revolutionaries the world over. Today, there exists what Wood calls a terrifying gap between us and the founders, such that it requires almost an act of imagination to fully recapture their era. Because we now take our democracy for granted, it is nearly impossible for us to appreciate how deeply the founders feared their grand experiment in liberty could evolve into monarchy or dissolve into licentiousness. Gracefully written and filled with insight, *The Idea of America* helps us to recapture the fears and hopes of the revolutionary generation and its attempts to translate those ideals into a working democracy.

Lin Manuel Miranda's smash Broadway musical *Hamilton* has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to Alexander Hamilton, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more. Look for Gordon's new book *Friends Divided*.

The Radicalism of the American Revolution Gordon S. Wood, 1992. Senior co-administrator of the Norcoast Salmon Research Facility, Dr. Mackenzie Connor Mac, to her friends and colleagues, was a biologist who had wanted nothing more out of life than to study the spawning habits of salmon. But that was before she met Brymn, the first member of the Dhryn race ever to set foot on Earth. And it was before Base was attacked and Mac's friend and fellow scientist, Dr. Emily Mamani, was kidnapped by the mysterious race known as the Ro. From that moment on, everything changed for Mac, for Emily, for Brymn, for the human race, and for all the many member races of the Interspecies Union. Now, with the alien Dhryn following an instinct-driven migratory path through the inhabited spaceways, bringing about the annihilation of sentient races who have the misfortune to lie along the star trail, they are following time is running out, not only for the human race but for all life forms. And only Mac and her disparate band of researchers, drawn from many of the races that are members of the Interspecies Union, stand any chance of solving the deadly puzzle of the Dhryn and the equally enigmatic Ro.

BOOK JACKET The Radicalism of the American Revolution Gordon S. Wood, 1993-03-02. In a grand and immensely readable synthesis of historical, political, cultural, and economic analysis, a prize-winning historian describes the events that made the American Revolution. Gordon S. Wood depicts a

revolution that was about much more than a break from England rather it transformed an almost feudal society into a democratic one whose emerging realities sometimes baffled and disappointed its founding fathers

Revolutionary Characters Gordon S. Wood, 2006-05-18 In this brilliantly illuminating group portrait of the men who came to be known as the Founding Fathers the incomparable Gordon Wood has written a book that seriously asks What made these men great and shows us among many other things just how much character did in fact matter The life of each Washington Adams Jefferson Franklin Hamilton Madison Paine is presented individually as well as collectively but the thread that binds these portraits together is the idea of character as a lived reality They were members of the first generation in history that was self consciously self made men who understood that the arc of lives as of nations is one of moral progress

The American Revolution Gordon S. Wood, 2003-08-19 NEW YORK TIMES BESTSELLER An elegant synthesis done by the leading scholar in the field which nicely integrates the work on the American Revolution over the last three decades but never loses contact with the older classic questions that we have been arguing about for over two hundred years Joseph J Ellis author of Founding Brothers A magnificent account of the revolution in arms and consciousness that gave birth to the American republic When Abraham Lincoln sought to define the significance of the United States he naturally looked back to the American Revolution He knew that the Revolution not only had legally created the United States but also had produced all of the great hopes and values of the American people Our noblest ideals and aspirations our commitments to freedom constitutionalism the well being of ordinary people and equality came out of the Revolutionary era Lincoln saw as well that the Revolution had convinced Americans that they were a special people with a special destiny to lead the world toward liberty The Revolution in short gave birth to whatever sense of nationhood and national purpose Americans have had No doubt the story is a dramatic one Thirteen insignificant colonies three thousand miles from the centers of Western civilization fought off British rule to become in fewer than three decades a huge sprawling rambunctious republic of nearly four million citizens But the history of the American Revolution like the history of the nation as a whole ought not to be viewed simply as a story of right and wrong from which moral lessons are to be drawn It is a complicated and at times ironic story that needs to be explained and understood not blindly celebrated or condemned How did this great revolution come about What was its character What were its consequences These are the questions this short history seeks to answer That it succeeds in such a profound and enthralling way is a tribute to Gordon Wood s mastery of his subject and of the historian s craft

Representation in the American Revolution Gordon S. Wood, 2008 From one of America s most celebrated historians the Pulitzer Prize winner Gordon S Wood comes an early work whose relevance is undiminished Originally published in 1969 now revised and with a new preface Representation in the American Revolution examines the ways in which a government is created and how in the face of great difficulties as well as great possibilities its citizens are represented Written immediately after the completion of Wood s Bancroft Award winning The Creation of the American Republic this book elaborates on issues

also explored in that landmark work *The Subject is One* that lies at the heart of any discussion of democracy. Establishing a proper method of representation was a goal and measure of the American Revolution or as Thomas Jefferson said in 1776 the whole object of the present controversy. A fine example of political and constitutional history, this timeless little book will serve as an excellent introduction to issues of representation for students in the fields of political science as well as history and law.

Representation in the American Revolution Gordon S. Wood, 1969. From one of America's most celebrated historians, the Pulitzer Prize winner Gordon S. Wood, comes an early work whose relevance is undiminished. Originally published in 1969, now revised and with a new preface, *Representation in the American Revolution* examines the ways in which a government is created and how, in the face of great difficulties as well as great possibilities, its citizens are represented. Written immediately after the completion of Wood's Bancroft Award-winning *The Creation of the American Republic*, this book elaborates on issues also explored in that landmark work. The subject is one that lies at the heart of any discussion of democracy. Establishing a proper method of representation was a goal and measure of the American Revolution or as Thomas Jefferson said in 1776 the whole object of the present controversy. A fine example of political and constitutional history, this timeless little book will serve as an excellent introduction to issues of representation for students in the fields of political science as well as history and law.

The Creation of the American Republic, 1776-1787 Gordon S. Wood, 2011-02-01. One of the half dozen most important books ever written about the American Revolution. *New York Times Book Review*: During the nearly two decades since its publication, this book has set the pace, furnished benchmarks, and afforded targets for many subsequent studies. If ever a work of history merited the appellation modern classic, this is surely one. *William and Mary Quarterly*: A brilliant and sweeping interpretation of political culture in the Revolutionary generation. *New England Quarterly*: This is an admirable, thoughtful, and penetrating study of one of the most important chapters in American history. Wesley Frank Craven Friends Divided Gordon S. Wood, 2017. A *New York Times Book Review* Notable Book of 2017. A *Wall Street Journal* Best Book of 2017. From the great historian of the American Revolution, *New York Times* bestselling and Pulitzer-winning Gordon Wood, comes a majestic dual biography of two of America's most enduringly fascinating figures whose partnership helped birth a nation and whose subsequent falling out did much to fix its course. Thomas Jefferson and John Adams could scarcely have come from more different worlds or been more different in temperament. Jefferson, the optimist with enough faith in the innate goodness of his fellow man to be democracy's champion, was an aristocratic Southern slaveowner, while Adams, the overachiever from New England's rising middling classes, painfully aware he was no aristocrat, was a skeptic about popular rule and a defender of a more elitist view of government. They worked closely in the crucible of revolution, crafting the Declaration of Independence and leading with Franklin the diplomatic effort that brought France into the fight. But ultimately their profound differences would lead to a fundamental crisis in their friendship and in the nation writ large as they became the figureheads of two entirely new forces: the first

American political parties It was a bitter breach lasting through the presidential administrations of both men and beyond But late in life something remarkable happened these two men were nudged into reconciliation What started as a grudging trickle of correspondence became a great flood and a friendship was rekindled over the course of hundreds of letters In their final years they were the last surviving founding fathers and cherished their role in this mighty young republic as it approached the half century mark in 1826 At last on the afternoon of July 4th 50 years to the day after the signing of the Declaration Adams let out a sigh and said At least Jefferson still lives He died soon thereafter In fact a few hours earlier on that same day far to the south in his home in Monticello Jefferson died as well Arguably no relationship in this country s history carries as much freight as that of John Adams of Massachusetts and Thomas Jefferson of Virginia Gordon Wood has more than done justice to these entwined lives and their meaning he has written a magnificent new addition to America s collective story

Empire of Liberty Gordon S. Wood,2009-10-28 The Oxford History of the United States is by far the most respected multi volume history of our nation The series includes three Pulitzer Prize winners two New York Times bestsellers and winners of the Bancroft and Parkman Prizes Now in the newest volume in the series one of America s most esteemed historians Gordon S Wood offers a brilliant account of the early American Republic ranging from 1789 and the beginning of the national government to the end of the War of 1812 As Wood reveals the period was marked by tumultuous change in all aspects of American life in politics society economy and culture The men who founded the new government had high hopes for the future but few of their hopes and dreams worked out quite as they expected They hated political parties but parties nonetheless emerged Some wanted the United States to become a great fiscal military state like those of Britain and France others wanted the country to remain a rural agricultural state very different from the European states Instead by 1815 the United States became something neither group anticipated Many leaders expected American culture to flourish and surpass that of Europe instead it became popularized and vulgarized The leaders also hope to see the end of slavery instead despite the release of many slaves and the end of slavery in the North slavery was stronger in 1815 than it had been in 1789 Many wanted to avoid entanglements with Europe but instead the country became involved in Europe s wars and ended up waging another war with the former mother country Still with a new generation emerging by 1815 most Americans were confident and optimistic about the future of their country Named a New York Times Notable Book Empire of Liberty offers a marvelous account of this pivotal era when America took its first unsteady steps as a new and rapidly expanding nation

The Americanization of Benjamin Franklin Gordon S. Wood,2005-05-31 I cannot remember ever reading a work of history and biography that is quite so fluent so perfectly composed and balanced The New York Sun Exceptionally rich perspective on one of the most accomplished complex and unpredictable Americans of his own time or any other The Washington Post Book World From the most respected chronicler of the early days of the Republic and winner of both the Pulitzer and Bancroft prizes comes a landmark work that rescues Benjamin Franklin from a mythology that has blinded generations of

Americans to the man he really was and makes sense of aspects of his life and career that would have otherwise remained mysterious. In place of the genial polymath self-improver and quintessential American, Gordon S. Wood reveals a figure much more ambiguous and complex and much more interesting. Charting the passage of Franklin's life and reputation from relative popular indifference at his death while the occasion for mass mourning in France was widely ignored in America to posthumous glory, *The Americanization of Benjamin Franklin* sheds invaluable light on the emergence of our country's idea of itself.

The Purpose of the Past Gordon S. Wood, 2008-03-13 An erudite scholar and an elegant writer, Gordon S. Wood has won both numerous awards and a broad readership since the 1969 publication of his widely acclaimed *The Creation of the American Republic*. With *The Purpose of the Past*, Wood has essentially created a history of American history, assessing the current state of history vis-à-vis the work of some of its most important scholars, doling out praise and scorn with equal measure. In this wise, passionate defense of history's ongoing necessity, Wood argues that we cannot make intelligent decisions about the future without understanding our past. Wood offers a master's insight into what history at its best can be and reflects on its evolving and essential role in our culture.

[Liberty Is Sweet](#) Woody Holton, 2021-10-19 A deeply researched and bracing retelling, Annette Gordon-Reed's Pulitzer Prize-winning history of the American Revolution shows how the Founders were influenced by overlooked Americans: women, Native Americans, African Americans, and religious dissenters. Using more than a thousand eyewitness records, *Liberty Is Sweet* is a spirited account. Gordon S. Wood's Pulitzer Prize-winning author of *The Radicalism of the American Revolution* explores countless connections between the Patriots of 1776 and other Americans whose passion for freedom often brought them into conflict with the Founding Fathers. It is all one story, prizewinning historian Woody Holton writes. Holton describes the origins and crucial battles of the Revolution from Lexington and Concord to the British surrender at Yorktown, always focusing on marginalized Americans: enslaved Africans and African Americans, Native Americans, women, and dissenters, and on overlooked factors such as weather, North America's unique geography, chance, misperception, attempts to manipulate public opinion, and most of all, disease. Thousands of enslaved Americans exploited the chaos of war to obtain their own freedom, while others were given away as enlistment bounties to whites. Women provided material support for the troops, sewing clothes for soldiers and in some cases taking part in the fighting. Both sides courted native people and mimicked their tactics. *Liberty Is Sweet* is a must-read book for understanding the founding of our nation.

Walter Isaacson, author of *Benjamin Franklin*, from its origins on the frontiers and in the Atlantic ports to the creation of the Constitution. Offering surprises at every turn, for example, Holton makes a convincing case that Britain never had a chance of winning the war; this majestic history revivifies a story we thought we already knew.

The Unknown American Revolution Gary B. Nash, 2006-05-30 In this audacious recasting of the American Revolution, distinguished historian Gary Nash offers a profound new way of thinking about the struggle to create this country, introducing readers to a coalition of patriots from all classes and races of American society. From millennialist preachers to

enslaved Africans disgruntled women to aggrieved Indians the people so vividly portrayed in this book did not all agree or succeed but during the exhilarating and messy years of this country's birth they laid down ideas that have become part of our inheritance and ideals toward which we still strive today

American Revolutions: A Continental History, 1750-1804
Alan Taylor, 2016-09-06 Excellent deserves high praise Mr Taylor conveys this sprawling continental history with economy clarity and vividness Brendan Simms Wall Street Journal The American Revolution is often portrayed as a high minded orderly event whose capstone the Constitution provided the nation its democratic framework Alan Taylor a two time Pulitzer Prize winner gives us a different creation story in this magisterial history The American Revolution builds like a ground fire overspreading Britain's colonies fueled by local conditions and resistant to control Emerging from the continental rivalries of European empires and their native allies the revolution pivoted on western expansion as well as seaboard resistance to British taxes When war erupted Patriot crowds harassed Loyalists and nonpartisans into compliance with their cause The war exploded in set battles like Saratoga and Yorktown and spread through continuing frontier violence The discord smoldering within the fragile new nation called forth a movement to concentrate power through a Federal Constitution Assuming the mantle of We the People the advocates of national power ratified the new frame of government But it was Jefferson's expansive empire of liberty that carried the revolution forward propelling white settlement and slavery west preparing the ground for a new conflagration

The Making of the Constitution Gordon S. Wood, 1987 CONTENTS Lecture 1

Imagined Histories Anthony Molho, Gordon S. Wood, 1998 This collection of essays by twenty one distinguished American historians reflects on a peculiarly American way of imagining the past At a time when history writing has changed dramatically the authors discuss the birth and evolution of historiography in this country from its origins in the late nineteenth century through its present more cosmopolitan character In the book's first part concerning recent historiography are chapters on exceptionalism gender economic history social theory race and immigration and multiculturalism Authors are Daniel Rodgers Linda Kerber Naomi Lamoreaux Dorothy Ross Thomas Holt and Philip Gleason The three American centuries are discussed in the second part with chapters by Gordon Wood George Fredrickson and James Patterson The third part is a chronological survey of non American histories including that of Western civilization ancient history the middle ages early modern and modern Europe Russia and Asia Contributors are Eugen Weber Richard Saller Gabrielle Spiegel Anthony Molho Philip Benedict Richard Kagan Keith Baker Joseph Zizak Volker Berghahn Charles Maier Martin Malia and Carol Gluck Together these scholars reveal the unique perspective American historians have brought to the past of their own nation as well as that of the world Formerly writing from a conviction that America had a singular destiny American historians have gradually come to share viewpoints of historians in other countries about which they write The result is the virtual disappearance of what was a distinctive American voice That voice is the subject of this book

The American Revolution A History Gordon S Wood Introduction

In today's digital age, the availability of The American Revolution A History Gordon S Wood books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The American Revolution A History Gordon S Wood books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The American Revolution A History Gordon S Wood books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The American Revolution A History Gordon S Wood versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The American Revolution A History Gordon S Wood books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing.

When it comes to accessing The American Revolution A History Gordon S Wood books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The American Revolution A History Gordon S Wood books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The American Revolution A History Gordon S Wood books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The American Revolution A History Gordon S Wood books and manuals for download and embark on your journey of knowledge?

FAQs About The American Revolution A History Gordon S Wood Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.

What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The American Revolution A History Gordon S Wood is one of the best book in our library for free trial. We provide copy of The American Revolution A History Gordon S Wood in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The American Revolution A History Gordon S Wood. Where to download The American Revolution A History Gordon S Wood online for free? Are you looking for The American Revolution A History Gordon S Wood PDF? This is definitely going to save you time and cash in something you should think about.
