*The Law of Companies* Thomas B. Courtney, 2017-01-11 The fourth edition of the leading company law textbook provides the most authoritative and comprehensive commentary on Irish company law following the commencement of the Companies Act 2014 The Companies Act 2014 makes the most far reaching and fundamental changes to Irish company law in two generations putting forward a radically different approach whereby the private company limited by shares will become the new model company The structure of the fourth edition of this highly regarded title mirrors this new Act The Act comprises over 1 448 Parts and represents the modern statement of the law applicable to the formation of companies administration and management to their winding up and dissolution incorporating the rights and duties of their officers members and creditors The Act commences on 1 June 2015 and introduces significant changes for companies operating in Ireland This work has been expanded and revised to account for these legislative changes and important case law As chairperson of the Company Law Review Group whose recommendations greatly informed the new Act and as a leading practitioner of company law Tom Courtney has a unique insight to the new legislation its purpose and interpretation The fourth edition is virtually a complete re write and at approximately 2 900 pages it is some 400 pages longer than the last edition Fully updated to take account of the dozens of judgments from the Irish and UK courts that have been delivered since the previous edition as well as the new statutory provisions the fourth edition of *The Law of Companies* is a must have for all practitioners students and users of Irish company law

Finding, Freezing and Attaching Assets Jacob C. Jørgensen, 2016-03-21 Because of the rise in cross border disputes and due to the ease with which assets can be moved around the world with the help of online banking and fiduciary service providers parties are increasingly finding themselves suing or being sued outside their home jurisdictions This book is about how to find out whether a defendant has any assets before initiating costly litigation arbitration or insolvency proceedings and if so how to freeze such assets with the aim of eventually enforcing a judgment or award Nineteen country chapters by lawyers with decades of hands on experience in helping their clients find freeze and attach defendants assets provide practical guidance to legal professionals representing parties in cross border commercial lawsuits international arbitration proceedings simple debt collection matters enforcement proceedings divorce proceedings inheritance matters and other legal matters where the assets in dispute are thought to be located abroad Each contribution offers an overview of the pre trial asset tracing techniques and rules regulating freezing orders and enforcement methods in the jurisdiction covered describing not just what the law says but how the law actually works The jurisdictions covered include several of the offshore havens that are frequently used to hide assets in The authors attend to such issues and topics as the following investigating whether a potential counterparty owns vessels aircrafts motor vehicles real estate or intellectual property rights locating offshore trusts discovering assets transferred to a family member or corporate entity exposing sham investments designed to generate a fictitious loss of assets and invoking remedies available to a party facing asset shielding manoeuvres This book will quickly become an indispensable tool for international litigators arbitration lawyers and lawyers involved in cross border insolvency and debt recovery proceedings as well as for academics and scholars involved in legal research projects or law reform programs Renowned litigator Robert Shapiro says in his Foreword The authors provide the reader with practical guidance into the complex area of cross border asset tracing and do so in a very down to earth way without the academic hyperbole that generally burdens modern legal textbooks

*Pensions, Contracts and Trusts: Legal Issues on Decision Making* David Pollard, 2020-05-10 This is a topical area for the courts which have moved to imply various limitations or tests on decision makers powers and when they can be challenged This is made more difficult for lay users and lawyers alike in that implied restrictions are by definition not apparent from the words of the relevant contract itself These limits are applied by the courts not just to fiduciaries such as trustees or directors but also to non fiduciaries eg banks and employers Recent case law includes Pitt v Holt SC trustee decisions 2013 Braganza SC contractual discretions 2015 Eclair SC directors powers proper purposes 2015 IBM UK Holdings v Dalgleish CA employer powers under pension plans 2017 British Airways CA pension plan proper purposes 2018 The book reviews the relevant doctrines of Interpretation rules Proper purposes Due consideration of relevant factors Full perversity no reasonable decision maker

Construction Law Julian Bailey, 2016-10-04 Now in its second edition Construction Law is the standard work of reference for busy construction law practitioners and it will support lawyers in their contentious and non contentious practices worldwide Published in three volumes it is the most comprehensive text on this subject and provides a unique and invaluable comparative multi jurisdictional approach This book has been described by Lord Justice Jackson as a tour de force and by His Honour Humphrey Lloyd QC as seminal and definitive This new edition builds on that strong foundation and has been fully updated to include extensive references to very latest case law as well as changes to statutes and regulations The laws of Hong Kong and Singapore are also now covered in detail in addition to those of England and Australia Practitioners as well as interested academics and post graduate students will all find this book to be an invaluable guide to the many facets of construction law
